**Ancestry has notified ProQuest that due to a technical issue on Ancestry's side, the session count data in customer COUNTER Database reports is incorrect for the time period of December 10, 2018 through January 22, 2019. These incorrect session counts overestimate the number of sessions during that time period for both Ancestry Library Edition and HeritageQuest Online.

***Morningstar went down Mar 29 - back up Apr 1

****RealQuest April jump due to custom searches performed to search for a list of properties based on specific search criteria, providing with multiple results in one search.
