

**GRAND OLD MAN.** Dashing hither and yon, in the harness up to his neck, and still going strong, Doctor Conrad Richter observed his eighty-second birthday anniversary today (Thursday). To know him is to love him, which means that virtually everyone in Newport Harbor knows and loves him. Six years ago he celebrated his fiftieth birthday in medicine with a dinner party and he had just fifty of his old friends at the affair, one of the outstanding events of the year. His wit is just as keen, his tongue as smooth as in the days when he pounded the gavel as mayor of Newport Beach.

One doubts if there are many men at his age practicing medicine as energetically as does Dr. Richter. A quarter of a century ago he came here to retire with a charming and beautiful helpmate, since gone to her reward. Then World War One came along and with it the worst "flu" epidemic of all. In this then small town of less than a thousand people, all the physicians were at war, so Doc Richter took off his coat and went to work. If memory treats me right, I do not believe he lost a case and with Don Kelly as chauffeur, he made dozens of calls day and night.

**On Council.** Naturally when an election came along for the council, what better man could be found. He served with such stalwarts as Lawrence Wilkinson, Joe Schnitzer, J. P. Greeley, George Wilson, the board that inaugurated the paving, water and sewer program that started the city on its way to growth. None there be who has contributed more to the well being, tended the sick, than Dr. Richter. As Goldsmith says: "He chided their wanderings, but relieved their pain." Most of those who serve the public and humanity, when their allotted period is past, have been forgotten for such service, but this veteran refuses to be shelved and is certainly entitled to the heartfelt gratitude of a heedless community. Those of you who feel that way, why not congratulate the Grand Old Man of Newport Beach?

**Vaux White.** Fourteen months is a long stretch to pay for an auto accident but Genial Vaux White is slowly pulling back to his old self. His knees still bother him but exercises similar to the system used in Infantile Paralysis cases, under the direction of a competent nurse, are taking the kinks out of those highly prized joints. At that it will be six months before he will be back to normal.

It is not generally known but the voluntary offer of the use to the upper floor of the Storey building by the Ration Board, was through the generosity of "Dad" Workman. Since the panels have moved to the Balboa Inn building Workman, still happy to be of service, has offered the rooms to the Red Cross. A good deed.

**Rickenbacker.** The announcement that the life of Captain Eddie Rickenbacker will be filmed, by consent of the War Department, seems like the natural motif for the saga of this national hero. His whole life has been such as to lend itself to a fiction that still is truth—truths stranger than fiction in his numerous escapades from death. Eddie Rickenbacker afloat on a life raft in the South Pacific is every boy's answer to prayer for adventure with a happy ending—is the adult's answer to the often repeated question within himself—does faith have anything to do with it? A film of "Eddie's" life should prove it does.

## Welch highly honored As President of State Commercial Executives

**Veteran Harbor Chamber Secretary Given  
High Honor in San Francisco by California  
Association of Chambers of Commerce Now  
in Session**

One of the greatest honors to come to a citizen of the harbor district, came over the wires today when word was received that Harry Welch, secretary-manager of the Newport Harbor Chamber of Commerce, had been elected president of the California Association of Chambers of Commerce Managers in session at San Francisco.

William Gallienne, equally as hard working a secretary at Huntington Beach, was chosen vice-president, while J. O. Smith of Beverly Hills was named secretary and Don McColly of Riverside, treasurer. Gallienne has been in charge of the commercial activities at Huntington Beach for many years, and is on many important civic and state committees.

Here in 1923 Welch came to Newport Beach in 1923 from Phoenix, Arizona, where he had been secretary of that organization for many years. He has served here almost continuously, except for a lapse of two years, when George MacLeod was secretary, 1926-28. It was Welch who had charge of the various activities having to do with harbor work and securing funds from the government. In point of service he is believed to be one of the oldest secretaries in the southwest. He has been in civic work for many years in all parts of the country.

The theme of the association this year is War and Mr. Welch

led a discussion Thursday on Consideration of the Year Ahead, said to be one of the best talks of the convention.

### War Work Theme

Ten subjects were on the convention agenda, all chosen to assist managers to augment war service and increase efficiency under wartime conditions. Mayor Angelo Rossi and Controller Harold J. Boyd of the City of San Francisco, and Ernest Ingold, president of the San Francisco Chamber of Commerce, made special addresses.

The conference got under way Tuesday afternoon with discussions on Membership in Wartime, led by Vernon Johnson, Bakersfield, and Organizational Financial Problems, led by Drew Bernard, Glendale.

Discussions on Running the Office During the War, led by J. Robert Surber, Berkeley, and Public Relations, led by Russell E. Pettit, San Jose, preceded the annual business session at which officers were elected, reports filed, and the 1944 convention city selected.

## Newport Equipped To Meet Fire Hazard

The city of Newport Beach is now more adequately equipped to meet the fire hazard which would develop from enemy attack than at any time in its history. In addition to the regular city apparatus consisting chiefly of four engine trucks there has been supplied by the O.C.D. four powered trailer fire pumps, one powered skid fire pump which has been mounted on a trailer, and a fire pump which has been mounted on the front of the city's new departmental road truck.

This auxiliary apparatus is not only ready to use, however, as the fire plugs connections for the skid fire pumps have not been received, supplementing this mechanical equipment a quantity of new fire extinguishers supplied by the O.C.D. will be available.

The O.C.D. also has supplied 368 four-gallon tank pumps. Two wardens have been given these pumps, and several have been placed in business establishments. Some are being used by the Auxiliary Fire Service. These pump tanks are easily carried, throw a thirty-foot stream, and are superior for the purpose of extinguishing ordinary combustibles to the expensive soda acid extinguishers no longer obtainable.

The O.C.D. has given the city a priority to purchase two hundred

### Mayor Hall's Son Now a Lieutenant

Mayor and Mrs. Elvan Hall are celebrating their son, Lt. Donald David Hall on his first visit home since his enlistment thirteen months ago.

Lt. Hall is enroute from Ft. Belvoir, Virginia, where he was promoted to second lieutenant in the Air Corps, and is expected to be home Friday night at Camp Campbell, in Kentucky.

### Dr. Richter 82 Years Young

Here is photo of Dr. Richter and Lew Wallace inspecting map of Newport Harbor presented to him by Chamber of Commerce several years ago, with Mr. Wallace as spokesman. Dr. Richter has been mayor and held other duties here and is believed to be oldest practicing physician in west. He observed his birthday anniversary Thursday of this week.

### Labor Goes to Bat on War Relief

Here is dramatic presentation of How Worker is entering the field to help agencies succoring boys on world battlefronts.

## EMPLOYEES ORGANIZE RELIEF DRIVE

**Labor Committee to Hold Meeting Monday  
Noon at South Coast Plant for Drive to Aid  
War Charities**

Taking their position with other workers in a national movement to raise nearly \$25,000,000 for war relief, Local No. 52 of the Industrial Union of Marine and Shipbuilding Workers will start a drive next Monday among employees of the South Coast Co. for funds to aid different groups of War Relief. The lunch hour will be used by speakers from the Red Cross, the USO and the Allied Relief, to tell the story to nearly 700 employees.

A number of Red Cross ladies in uniform will be on hand as well as prominent officials from Los Angeles and Orange County. Funds will be raised and apportioned to various different agencies, as follows: American Red Cross (U.S.O.), British War Relief (Russian War Relief) and United China Relief.

The fund will be administered by a committee comprising Homer Mattingly, chairman, and Norman Wilson, secretary, while Robert Boyd and Jerry Flannigan for the

committee will efficiently organize the drive in the U.S.A. in doing a spectacular job of raising funds for war relief charities, local, national and international.

American Federation of Labor and the Congress of Industrial Organizations are working on the task in harmony. By the time their first full year of fund-raising is completed, this Spring, their contributions to war relief will have gone above \$1,000,000, all from local unions. This is not the kind of matter Red Smith (D. Cal.) will want to smother in the Congressional Record. It would send West Coast flying to his typewriter.

But it is a story whose significance is deeper than the fact of being accomplished by the people of labor unity it is promising.

What is perhaps most noteworthy is that labor is taking a new share of public responsibility and authority as labor organizations acquire representation on boards that administer local drives.

### OUR BOYS IN SERVICE

Frank J. Beard Jr.

Lee Deakin

Frank J. Beard Jr. is on four days leave from his post at the home of his parents, Mr. and Mrs. J. B. Beard, 1414 N. 1st St., Newport Beach.

Lee Deakin is a member of the Newport Beach High School football team. He is currently in the service of the United States Army.

### Revised Edition of Beek's Book on Legislature Ready

The California Legislature is now in session and the revised edition of Beek's Book on the Legislature is ready for distribution. The book is a comprehensive guide to the legislative process in California.

The book is available for purchase at the Newport Beach Public Library. It is a valuable resource for anyone interested in the state's legislative process.

## Graphic Picture of how Guadalcanal was Held, Told by Local Soldier

**Paul Jackson, Former High School Student,  
Home on Furlough, Modestly Recites Meth-  
ods of Americans in Mowing Down Japs  
Who Fight Cruelly and Viciously**

Tall, lean, emaciated, modest Paul Jackson, marine, told, piecemeal, the devastating, unending vigil in basting the Japs for six months on Guadalcanal. The lad, a former Harbor High student, on furlough at his home on Balboa Island, believes the Jap is foolhardy, a blunderer and in the eyes of the marines, a bit off side in his fighting.

Jackson stated that he did not feel so good when they first landed from the Higgins boats on the island to capture Henderson field. The Japs did not offer much resistance on the beach, but remained in the background and then attacked in waves which were wiped out as fast as they came. No confident were they the Americans could not hold the air base that, after a night of battle, three Japs landed on the field next morning. The marines remained under cover until the flares had vacated their planes, then closed in. He said the planes were later turned over to the Intelligence division.

The enemy is as vicious and cruel as he has been painted. They were not used to the desert treatment accorded them and they treated their prisoners by killing them and throwing them to trees and leaving them to die. Food is scarce. On a question, evidently bearing on rationing of shoes and food, the soldier said that he only had one pair of shoes for the most of the six months, and that they got pretty thin before a new pair arrived. Being so close, most of the food was covered with a crumbly kind of lava, very hard on the teeth. In the beginning the boys only had two meals a day and when the Japs sunk some of the supply ships the grub got pretty low and for the most part consisted of a small can of soup or other food. Rather shrewdly he said "Living was better here at home."

He told of one amusing incident when an English-speaking Jap officer, yelled to his men to get out of the line for the Emperor of Japan, and a red headed Marine shouted back "Yes, we'll fill 'em up for Eleanor!"

160 inches of rain. Fighting was so intense and continuous that no time was given for baths for as many as thirty days and most of them came from the torrential rains. The islands have 160 inches a year. Jackson stated his battalion had been peppered by a machine gun nest, until one night one of the fellows stalked the sniper. He stabbed the gunner with his bayonet, but he couldn't pull it out, thus making it impossible to use his rifle. So he killed the other two Japs with his bare hands and came back to camp lugging the machine gun with him. On another occasion four of them were sighted by a Jap who opened fire. The boys dropped into a dip in the ground and how close Jackson came to death was when one bullet creased his helmet when he poked his head a bit too far over the edge of the ditch.

Thousands of Japs were killed. Their first attack on Henderson field filled up 1200 dead, and he believed the estimate of one of the Marines, was quite true and attested to the coolness and courage of the American boys.

When asked how it was possible to bury so many dead, he replied that huge holes were blown in the ground and the bodies were buried with bulldozers, which was the only way to take care of such masses of bodies.

## Red Cross aids Mother Over Sick Deakins Boy

News of the serious illness of Abilene, Texas, of young Duane Deakins was received last Tuesday morning by his parents, Mr. and Mrs. C. M. Deakins of Balboa, who immediately called his commanding officer and medical staff and received the temporary comforting bulletin that Duane was apparently improving, and that they would keep the family informed.

However, no further word was received, and Mrs. Deakins in desperation turned to the Red Cross, through her close friend, Mrs. Donald V. Collins, assistant chairman of home services for the Harbor branch of the American Red Cross, who wired the Red Cross field director at the camp at Abilene. At 11 o'clock Wednesday night the cryptic answer, "Seriously ill, advise mother come at once" was received and immediately relayed to Mrs. Deakins, and the difficult task of getting immediate transportation for the Texas camp was begun.

A phone call to the air lines at Fairbank gave Mrs. McCallum the information that no reservations were available in fact a four day waiting list was headed. An appeal to the priority board brought the same answer, but another call back to the air lines in Fairbank finally gave a reservation, which

someone had given up, and in view of the mission would be turned over to Mrs. Deakins.

The plane left at 8:15 Thursday morning with Mrs. Deakins aboard and when she arrives at Abilene at 5:25 Thursday afternoon, Red Cross accommodations will be awaiting to take her to her son with the fastest possible speed, and the prayers and good wishes of the Harbor district are with her.

Duane was inducted into the service several weeks ago and left for training in the Medical Corps at Abilene, the latter part of January. He was a student at the University of California at Berkeley, majoring in medicine, in his junior year, with high honors at the time of his induction.

Mr. Deakins is a well known painting contractor and Mrs. Deakins has been active in club work, being this year president of the Elks Club of Newport Beach.

### Victor Grace Home After Hospitalization

The many friends of Victor Grace, well known oil executive of Balboa, will be glad to hear that he is back home again, and recuperating satisfactorily after being rushed to the Huntington Memorial hospital following a heart attack last Thursday afternoon.

Mr. Grace was released from the hospital on Saturday and expects to be up and around again the first of the week.

## LOCAL LABOR FOLKS TO PROBE MEAT OUTLOOK

Efforts are on foot to probe why there is a scarcity of meat in the Harbor Area and why workers in various plants are unable to secure sufficient food to enable them to work.

This was the scene of a meeting held Wednesday night at American Legion Hall, Costa Mesa, by members of Local No. 52 of the Marine Shipbuilders Union. It also developed that a considerable amount of discontent was the result of lack of proper diet, mostly meat, and that from 2 to 5 percent of workers were incapacitated from that source.

Investigation of a Santa Ana city ordinance, which places a license of \$24.00 annually on all trucks hauling meat into the city, will be made. One packing firm is ready to fight the rule, as it is said it refuses to bring in meat or pay the tax. A statement on the meat situation was submitted as follows:

Under the provisions for meat quota established in November, 1942, distributions of meat were to have been 70 percent of all allocations made in January, 1943. Since the population since January, 1941, however, has increased, it is estimated that the distribution would be 70 percent of January 1941 deliveries. Some mid-west areas would receive up to 110 percent of the amount of the amount received in 1941, while Southern California would receive only about 35 percent per person of the amount received at that earlier date. However, because of limited profits in regular markets, deliveries are not actually up to the quota of 70 percent. The balance of the quotas are going into the Black Market.

Furthermore, while there is a ceiling on the amount which can be delivered, there is no ceiling on the kill and the workers in Southern California meat packing houses have never been so full of meat.

"The program of the CIO is to assist in the attempt being made to eliminate the Black Market and to provide workers with the share of available meat to which they are entitled and must have if the nation's war effort is not to be severely hampered by malnutrition. These two aims can be accomplished by (1) putting a ceiling on the kill and (2) making it mandatory that the packers deliver enough meat to a given area to insure that each person in that area receives his proportionate share of available meat. That is, put the ceiling under the distribution and say to the packer 'You must deliver so many pounds of meat to this area'.

"Meat rationing on the point system has been postponed again. The date on which it will probably be inaugurated is April 1. The reason for this delay, according to OPA officials, is that the point rationing system must first be tried on non-perishable foods so that no spoilage will result if the system is found to have correctable flaws."

Love comes to Jack Benny in his new Warner Bros. comedy, "George Washington Slept Here" which is currently at the Balboa Theater. The young lady with the leg appeal is Ann Sheridan, who is co-starred with Benny in the film.

## Your Income Tax Payments

### INCOME OF FARMERS

Farmers, such as those who raise stock, poultry, fruit and truck growers, poultry raisers and operators of plantations and ranches are liable for Federal income tax returns provided their income is sufficient to require the filing of returns. Primarily due to the reduction in the credit for personal exemption, many farmers will be liable for returns and to the tax for the first time for the year 1942.

Farmers may maintain their records and file their returns of income on either the cash receipts and disbursements basis or on the accrual basis of accounting. A cash basis method, however, is employed. If a cash basis is used, Form 1040F, "Schedule of Farm Income and Expenses," is required to be filled out and filed in conjunction with Form 1040. Use of Form 1040F is optional in the case of farmers who report income on the accrual basis. A farmer who reports income on the cash receipts and disbursement basis on which no inventories to determine profits are used must include in gross income for the taxable year (1) the amount of cash or the value of merchandise or other property received during the taxable year from the sale of livestock or produce which were raised regardless of when raised, (2) the profits from the sale of any livestock or other items which were purchased, and (3) gross income from all other sources.

Under the accrual basis in which inventories are used to determine the profits, farmers' gross profits are ascertained by adding to the inventory value of livestock and produce on hand at the end of the year the amount received from the sale of livestock and produce, and miscellaneous receipts of income during the year, and deducting from this sum the inventory value of livestock and produce on hand at the beginning of the year and the cost of livestock and produce purchased during the year. All livestock, whether purchased or sold, must be included in inventory at their proper value. Livestock acquired for draft, breeding or sale purposes, and not for sale may be included in the inventory instead of being treated as capital assets subject to depreciation, provided such practice is consistently followed.

If farm produce is exchanged for non-farm products or the like, the market value of the articles received in exchange is to be included in gross income. The value of farm products which are produced by a farmer and consumed by his family does not constitute taxable income. Rents received in crop shares are to be returned as income as of the year in which the

crop shares are reduced to money, the equivalent of money. Proceeds of insurance, such as had not fire insurance on growing crops are required to be included in gross income.

Amounts received as loans from the Community Credit Corporation may, at the option of the taxpayer, be considered as income and included in gross income for the taxable year in which received. The election once made is binding for all subsequent years unless the Commissioner approves a change to a different method of accounting. Amounts received under the Soil Conservation and Domestic Allotment Act, as amended, the Price Adjustment Act of 1938, Section 303 of the Agricultural Adjustment Act, as amended, and the Sugar Act of 1937 constitute taxable income to the recipients for Federal income tax purposes.

## Plan Board to Hold Hearing on Drilling for Oil

The city planning commission has called a meeting for next Wednesday evening at 7:30, City Hall, to hear protests on slant drilling for oil in West Newport. E. W. Elliott of Long Beach petitioned the council for a permit and that body turned the request over to the planning board, with a petition signed by 21 property owners in Sea Shore Colony protesting the drilling.

Mr. Elliott had stated that nobody objected to the drilling, which was followed by the petition of objectors.

## Inducted Soldiers' Discarded Clothes Given Thrift Shop

The hundreds of people who have received the services of the Thrift Shop located in the Estus building, Coast Blvd. and 22nd Street, will have an added treat in store for them next Wednesday when boxes of garments will be sold in small amounts.

The clothes, all cleaned and changed, are those discarded by soldiers and sailors when they are inducted into service. Many boys do not take the time to send them to a charitable organization. They are in good condition and are in good condition.

None of these garments will be placed on the racks and tables until next Wednesday, Feb. 17. Here is a fine chance to get bargains.

## Roy Shaver, Noted Sportsman-Editor, Passes, Aged 69

Funeral services for Roy F. B. Shaver, 69, of 233 West 42nd Street, veteran Los Angeles newspaper man and sports authority, was held last Saturday in the chapel of Edwards Bros. Colonial Mortuary, 1000 Venice Boulevard, Los Angeles.

Mr. Shaver, nationally known as an expert of fishing, boat building and the making of fishing rods, died Wednesday of pneumonia.

He was born at San Rafael, Calif., of pioneer parents. He was a sportsman and a charter member of the Tuna Club of Santa Catalina Island. He had lived in Southern California nearly 40 years.

Surviving him is his widow, Mrs. Winona Shaver.

Mr. Shaver was well known around Newport Beach and Balboa. He was a yachtsman, and at one time a yachting cruise mate of Zane Grey. He was also a member of the Isaac Walton League.

For the last eight years Mr. Shaver had been on the editorial staff of the Los Angeles Times, and prior to that with the Los Angeles Examiner and the Los Angeles Express.

He was an authority on deep sea fishing and an extensive writer for national magazines and sports publications.

## Noted Religious Leader Sent Here to Make Survey

Dr. F. W. Miller, secretary of the Board of Church Extension, of Philadelphia, was a visitor here this week, to make a survey of Newport Harbor and its possibilities as a church center. He was the guest of Rev. Edward Goodell of Christ Church by the Sea, who took his distinguished guest on a tour of the district.

Dr. Miller's reaction was most favorable and he believed, if the community handles itself right from a church standpoint, it would be a most strategic position as a center of service outside of Los Angeles, and could so adjust religious conditions as to unite all denominations into an aggressive working religious aggregation.

**BAGS 16 JAP PLANES**—Maj. David L. Hill, 27-year-old U. S. Air Corps flyer, of Hunt, Texas, has 16 Japanese planes to his credit and 20 more probable hits. He served on the aircraft carriers Saratoga, Ranger and Yorktown before signing up with the American Volunteer group in China where he was commanding officer of a fighter squadron. He holds the American Distinguished Flying Cross, the British Flying Cross and the Star of the Red Wing and Cloud Banner, Fifth

## Vogel Says Palm Springs Has Best War Work System

John Vogel, Balboa merchant, home for a few days from Palm Springs, gave a few pointers on how that interesting desert community is handling the war problem. He says the Office of Civilian Defense, under an emergency order, has established a 10-cent bus line over the entire district. There is no red tape and it is working successfully.

Winter residents from the east are leaving their autos at home, coming by train. They can rent cars, full of gas for \$6.50 per day. Most vehicles are now operated by lady drivers. Everybody cooperates in all enterprises and the result is that business is going forward as usual. He says food gardens are the order of the day and suggests that beachcombers can secure peat soil from Rolla McClellan in sufficient quantity to give them complete Victory gardens.

## Norton to Build More Homes in Santa Ana

Santa Ana Realty Developer Philip Norton of Seal Beach holds permits for the erection of seven more residences, augmenting the permits for five new homes he obtained a few weeks ago.

His new venture in building will be of the smaller houses, costing \$3600 each, and containing four rooms each. Glenn Bailey, Laguna Beach contractor, will build them for him at 1125, 1129, 1133, 1137, 1141, 1143, and 1149 South Lowell Street.

Norton's last contract was for three houses at Eighth and Bristol Streets and one on South Flower Street.

## Warner Bros. Star Aids March of Dimes Campaign

Captain Jack Young, a resident of Newport Harbor and a star of Warner Bros. Pictures made two appearances in five different communities, in one evening, to assist the various President's Birthday Parties in Newport Harbor, Long Beach, Los Angeles, Pasadena, Burbank and Glendale. The appearance here at the Regency was at 8:30 and he made the others after that time, even in the worst storm of the season.

## Sgt. Ed R. Stauss Reported Improving

Comforting news was relayed to Mrs. Emily H. Stauss, 106 29th Street, Newport Beach this week through the Red Cross Home Service, that her son, Tech Sgt. Edward R. Stauss, stationed at Kearns, Utah who has been seriously ill with pneumonia, is improving satisfactorily.

The wife, "Condition of Tech. Sgt. Edward R. Stauss no longer critical," received by Home Services of the Harbor Branch of the American Red Cross, was in response to an inquiry put through to the Red Cross Field Director at the Utah camp.

**WOMEN AT WAR**

Sophia

Mrs. Kimball and Mrs. Worthington, dressed soberly and wearing their best black gloves, walked along the stony country road back toward Sophia Hardy's farm, to pay their visit of condolence.

"How do you reckon she'll be leaving up?" Mrs. Kimball asked Mrs. Worthington. Both ladies wore their most solemn, funeral expressions.

"A mighty severe blow," Mrs. Worthington said. "Mighty severe. To lose your only son, the master of your declining years. And such a dreadful death, too, to go down with a ship. Mercy."

"The first of our boys from Hancock County to go, too," Mrs. Kimball said, mournfully. "I wouldn't blame Sophia Hardy for feeling right bitter."

They stood at the simple stone doorstep, with downcast eyes, feeling themselves into the proper commiserative mood.

"Come in!"

The voice was brisk and corded. They looked up in surprise. Sophia herself had come to the door. They followed her into the parlor, they exchanged glances, with eyebrows lifted. Sophia was not even in mourning. The parlor shades were not even drawn.

"It's nice of you to come," Sophia said. "Do sit down."

"We came," Mrs. Kimball said almost reprovingly, "to tell you our hearts are bleeding for you in your great loss."

"We know how lonely you must be out here," Mrs. Worthington said. "With nothing to take your mind off."

"She snifled," she reached in her purse for a handkerchief.

"Oh, I keep busy," Sophia said. "I've just finished applying for the Government insurance on Tom's life."

The visiting ladies could not resist a shocked glance at one another.

"I want to get it right away," Sophia said. "So I can put it into War Bonds. My boy hasn't finished fighting yet, not by a long shot."

The ladies were so occupied with feeling horrified, so titillated by the callous behavior in a bereaved mother—that neither of them noticed Sophia's hands. Under the folds of her clean print dress against the seat of her chair, the were tightly clenched.

(Story from an actual report in the files of the Treasury Department.)

Carry on for mothers like Sophia. Buy War Bonds till it hurts.

## HARBOR HIGH SPORTS

### Bee Threes Lead Bush League Teams

The Bee Threes retained their lead in the school Bush League by defeating Period II, 45 to 17 last Wednesday on Harbor's hardswood. The winning team this year is to receive tee shirts for their efforts.

Period V remained in second place, and the C's and Period VI are still in third place, and Period II slipped into fourth place when they were defeated by Period VI.

Coach Reed announced the winners of Bush League are to be given tee shirts with Bush League Champs written across the front.

Here are the league standings:

Bee Threes	Period V	C's	Period VI	Period II
6	5	4	3	2
0	1	2	2	3
1000	883	663	663	500

### Shaver Runs 10.8 In Decathlon 100

Three Harborites ran the decathlon 100-yd dash in less than 11 seconds last January 11, the fastest time being made by Calvin Shaver who ran this dash to the tune of 10 seconds and 8 tenths.

Sam Fogleman and Keith Enleart ran the 100-yd dash in 10.9.

Here are the results from the 100-yd dash:

10.9	11.2	11.2	11.2
Englehart	G. Check	S. Anderson	Epson

## Mrs. Jennie Estus Improving Nicely

Latest bulletins from St. Joseph's hospital report that Mrs. Jennie Estus, of 2203 1/2 Coast boulevard, Newport Beach, is improving satisfactorily, and it is hoped may soon be able to be brought home.

Mrs. Estus has been at the hospital for the past three weeks, following a slight stroke last week, and necessitating a longer stay at the hospital.

Mrs. Estus makes her home with her daughter, Helen, who owns and manages Helen's Beauty Shop in the Balboa Inn building, and is the mother of J. H. Estus, of the Estus Hardware Co., and Hugh Estus, service station operator.

## Former Newport Lad, Now Soldier, Weds in Tennessee

News was received today of the wedding in Clarksville, Tenn., of Sergeant Robert Shaver, now of Camp Campbell, to Miss Georgia Jean Longson of Garden Grove. Present most of his boyhood in Newport Beach and prior to his entrance into the army was employed at the South Coast Co.

His parents, Mr. and Mrs. L. W. Schauer, now residents of Garden Grove, formerly resided here, where Mr. Shaver was cashier of the old First National Bank. He is now cashier of the Garden Grove bank. Sergeant Schauer is their youngest son, another son, Leonard, Jr., also being in the military service. Their daughter, Margaret, is employed at the Army Air Base.

The marriage service was read by the Rev. Mr. Bradley in the Methodist parsonage in Clarksville. Attending the bride and groom were Mr. and Mrs. Marion F. Gossett, and Private James C. Decine of Garden Grove, also stationed at Camp Campbell. Mrs. Bradley, who made herself a most gracious hostess to the young people for their wedding, was also a witness to the ceremony.

Both bride and groom are graduates of Garden Grove High school where they were prominent in dramatics, athletics and student organizations.

## MARY MARGARET McBRIDE ROSE ALL-AMERICAN WINNER OF 1943.

Mary Margaret McBride, the noted authoress and radio columnist, in her garden with the Mary Margaret McBride rose which has been voted the All-American Winner of 1943 by the All-American Rose Council. Charles H. Perkins developed the rose to its present perfection after seven years of elaborate tests and hybridizing. The Rose Council tested it for two years in fourteen official gardens scattered throughout the nation before voting it the winner.

## Former Islander, in British Army Wounded in Battles

W. P. Durkee Jr., former resident of Balboa Island, is reported as wounded after battles on the foreign front, when he joined the British forces. His parents, Mr. and Mrs. W. P. Durkee have a home at 109 Olay and he has one sister, Barbara, who took up flying about a year ago.

Bill Henry, in his column in The Los Angeles Times, says: "Ever heart of William P. Durkee of Balboa Island." He is one of six Americans who joined up with the British army before we got into the war. Durkee and two others from Dartmouth and the other three from Harvard, and all became officers in the King's Royal Rifles. All fought at El Alamein and two chased the Axis into Tripolitania. All have been wounded, three of them seriously.

Mrs. J. Ruth Reed is entertaining her sister, Mrs. E. H. Katterhenry of Indianapolis, for an indefinite stay.

Mrs. H. L. Horrell of 21st Street, went to Concord, California last Friday to visit with her mother, Mrs. Klunnebeck and to help care for her step father, who is seriously ill.

## Motorists Warned Against Gremlins by Oil Company

Gremlins, those mischievous imps who have captured the imagination of the world, show have new and serious times laid at their door.

First blamed by R.A.F. flyers for the cause of mechanical difficulty in a world of aircraft, and now, landings of the gremlins now are accused of the loss of neglected motor cars.

Such is the news given out by John C. Sample, general sales manager of General Petroleum Corporation. He announces that the Gremlins have been adopted by his company for use in its 1943 advertising campaign, in which they will be pictured as causing the early demise of automobiles when owners fail to follow regular service requirements.

"In these times," says Sample, "when automobiles and trucks are so essential to the furtherance of the war effort and perpetuation of our economic life, it is necessary to guard against the wear and tear that is caused by the neglect of a car's oil and other critical parts, and to help the motorist to keep his car in the best of condition, the Gremlins are being used to warn him against the dangers of neglect."

John C. Sample, General Sales Manager of General Petroleum Corporation, is pictured as causing the early demise of automobiles when owners fail to follow regular service requirements.

Islander Wins Door Prize. The door prize won by Mr. Frank G. Gentry of 1104 Park Ave., Balboa Island, was contributed by Balboa business men.

Mrs. Clarence Boxman of Balboa Island is spending several days visiting with relatives in Los Angeles.

Sgt. Eugene La Perle, Jr., is home on a short furlough with Mrs. La Perle.

Just a glance proves News-Times Leadership!

TO CREATE tempting meals every day in spite of rationing takes a lot of "kitchengenuity." We'll help you as much as we can... as a special service Weber's presents a variety of economical cooking aids and delicious war-time menus.

Pumpkin pie? Not now if you intend using canned pumpkin. Make it a steamed squash or sweet potato pie. Save an egg, too, by beating 1 tablespoon cooked oatmeal into the custard mixture. Can't tell the difference.

Ever try heating canned peaches? They're a real flavor surprise! Serve with cream and a dash of nutmeg as the supreme touch. Grand with crisp, golden Weber's toast.

Know how to keep walnuts? Put nut meats into clean self-sealing jars, cap and screw bands tightly. Heat in oven at 225° for 45 minutes. If nut meats are to be kept just a short time place them in closed jars in the refrigerator.

## WHAT'S COOKIN' FOR THE HOME ARMY

Ration board is cracking down on many of our old recipes. Here are some new ones that will be very popular with the home army. Shorter time, bigger appetites, and tighter budgets were considered.

1/2 c. hot boiled rice 2 tbsp. fat  
2 onions, sliced  
2 small celery (can leave if desired)  
1 tbsp. flour 2 c. peas  
1 cup. salt 1 cup. vinegar  
2 c. tomatoes 1 cup. sugar  
1 1/2 c. cooked shrimp  
2 tbsp. chili powder 1 c. water

Cook onions and celery until brown in the fat. Add tomatoes, peas, vinegar, sugar and shrimp. Cook until shrimps are well heated. Heap rice on hot platter and surround with shrimp mixture. Serve with Weber's bread made into Melba toast. Serves 6.

2 tbsp. chopped green peppers  
2 tbsp. minced parsley  
1 cup. ground onion  
1 c. cooked rice

Over these ingredients pour 1/2 c. melted margarine, 1/4 c. milk, 2 well beaten eggs. Season with salt and pepper. Pack in oiled ring mold and place mold in pan of hot water. Bake at 350° for one hour or until mixture is set. Unmold and place on large platter. Fill with creamed peas or asparagus and arrange spaced peaches around edge. Serves 8.

1 large orange-peeled and cut in cubes  
1 pineapple-ground  
1 apple (ground) and sprinkled with lemon juice

Serve with french dressing on lettuce and water cress. Serves 4.

1 can sliced pineapple  
1 can peach halves  
Marshmallows

Drain fruit separately, reserving peach juice for this recipe and pineapple juice for breakfast. Arrange pineapple slices in baking dish and place peach half hollow side up on pineapple. Place marshmallows in center of each peach. Pour peach juice into dish. Bake at 350° for 20 minutes, basting occasionally. Serve with dash of nutmeg and Weber's toast.

## What Would Lincoln Have Us Do?

Friday, February 12, is Lincoln's birthday. On that day schools all over the country will observe a holiday in honor of a great man. Holidays always please students, but this year, on his birthday, they will appreciate, as never before, the significance of a democracy that takes time out to pay homage to a beloved American.

Not everyone will be having a holiday Friday; there is work that must be done, jobs that must be seen through at any price or sacrifice. There are factories, and stores, and banks that must stay open to promote the business of a nation at war. Not for one moment may the wheels of progress halt... and Lincoln, one of the wisest of all Americans, would be the first to advocate the necessity of work rather than revelry at this time.

We remember that Lincoln once fought for a great cause, too. He fought to bring the people together and to unite them into the mighty nation of hard fighting, liberty loving people we are today. Lincoln longed for the freedom of body and mind of all men, and the fact that we will be fighting for that freedom on his birthday should make it an occasion deserving of his approval. We won't forget that it is Lincoln's birthday—we will celebrate it by working.

## Announcing a Revised Edition of the Recent Book THE CALIFORNIA LEGISLATURE BY JOSEPH ALLAN BECK DO YOU KNOW

How you may influence legislation?  
What is the only alternative to legislative government?  
What resulted when a President attempted to influence our Legislature?  
Why legislative bodies stop their clocks?  
That your Legislature costs you only ten cents a year?  
How we may safeguard our heritage of freedom?

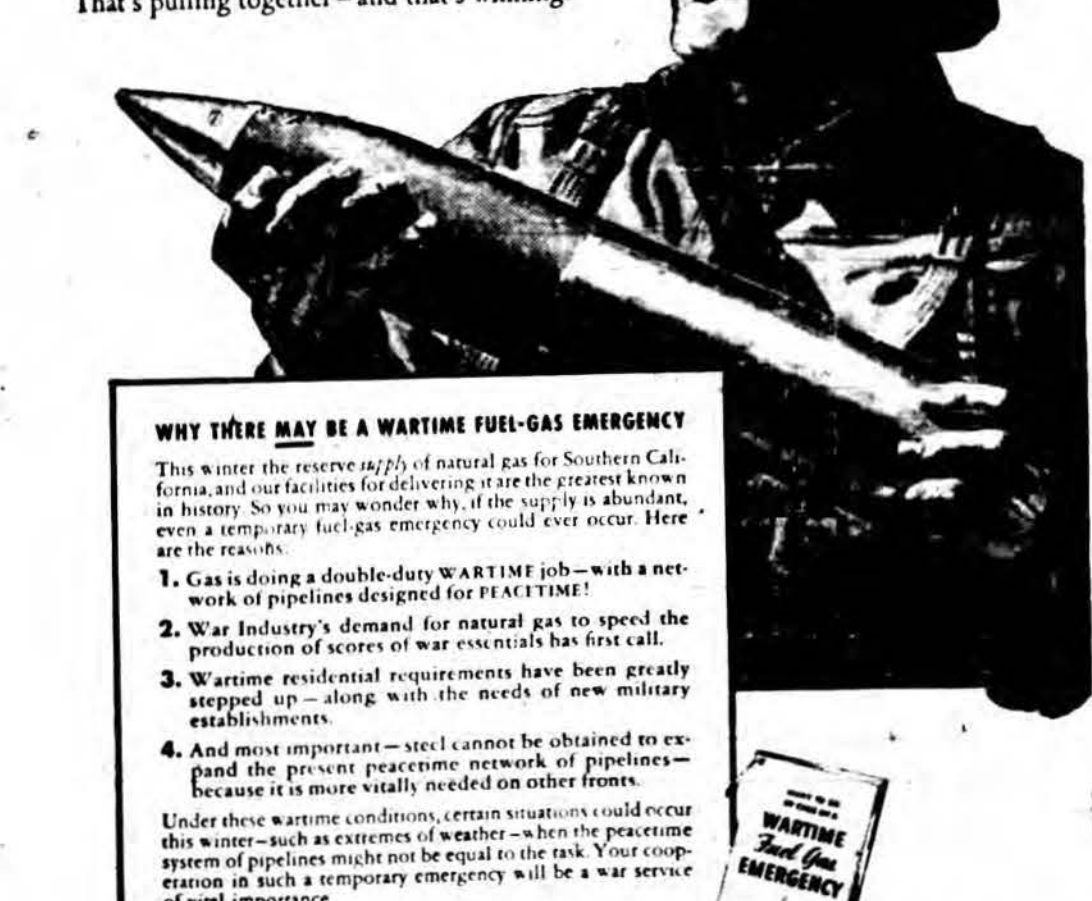

Secure a copy of this book which answers these and other pertinent questions in a clear and interesting style. Price, postpaid, \$1.25.

## GAS makes his shells and weapons

"That's why I'll be glad to cooperate if we're ever called upon to use less heating gas during an emergency this winter."

Yes, you know that natural gas has a rush job to do for Uncle Sam—not only in heat-treating shells, but in making ships, planes and tanks. And you know that war industry has first call—that there may come a time this winter, during a severe cold spell, for example, when you may be asked to use less gas for household heating. You're ready for such a day, all set to cooperate the minute you may be told of an emergency. That's pulling together—and that's winning!

WHY THERE MAY BE A WARTIME FUEL-GAS EMERGENCY  
This winter the reserve supply of natural gas for Southern California, and our facilities for delivering it are the greatest known in history. So you may wonder why, if the supply is abundant, even a temporary fuel-gas emergency could ever occur. Here are the reasons:

1. Gas is doing a double-duty WARTIME job—with a network of pipelines designed for PEACETIME!
2. War Industry's demand for natural gas to speed the production of scores of war essentials has first call.
3. Wartime residential requirements have been greatly stepped up—along with the needs of new military establishments.
4. And most important—steel cannot be obtained to expand the present peacetime network of pipelines—because it is more vitally needed on other fronts.

Under these wartime conditions, certain situations could occur this winter—such as extremes of weather—when the peacetime system of pipelines might not be equal to the task. Your cooperation in such a temporary emergency will be a war service of vital importance.

## Inspiring Session of Book Section of Ebell Club Held with Mrs. H. M. Welsh

The Book Section of the Ebell Club of Newport Beach met for its fourth session of the season Tuesday afternoon at the home of Mrs. Harry M. Welsh, 414 Avenida, Corona del Mar. Mrs. S. W. Blackboard assisted as co-hostess and Mrs. Donald Douglas presided in the absence of the president, Mrs. K. V. Ditts.

Members present for the meeting and tea were Mesdames Eugene Fenlon, W. H. Harper, L. W. Labell, F. E. Reinhold, E. E. Nordwell, Harry M. Welsh, Donald Douglas, Conrad Shook, H. E. Christler, Hal Will Smith, C. W. Jayred, Ralph Holden, A. B. Lefler, M. Niemeyer, and Harold Woldenberg.

Mrs. Christler reviewed "The Dark Woman" by Percival Christopher Wren. Mrs. Holden recommended "This Is My Best" a collection of stories by different authors, edited by Burnett. Also recommended reading by Mrs. Holden was "Only the Stars are Neutral" by Quentin Reynolds.

Mrs. Welsh recommended two books, "Carry Me Back" by Rebecca Yancy Williams, and "Rivers of Glory" by F. Van Wyck Mason.

Mrs. Reinhold reviewed "Lover of Life" by Harangi, a translation from the Hungarian of the life of the Flemish painter, Peter Paul Rubens.

Mrs. Hal Will Smith recom-

mended the Omnibus and its importance today, pointing out "Nightingale" by Gaspell, and "Get Thee Behind Me" by Spence, as especially worthwhile in the current issue. Mrs. Smith also reviewed "No Hiding Place" by William Seabrook.

Mrs. Woldenberg reviewed "Time of Peace" by Ben Ames Williams and Mrs. Douglas completed the evening with Harry Benefield's "Eddie and the Arch Angel" and the reading of a few clever excerpts from Ogden Nash's "Good Intentions."

The next meeting is scheduled for March 9, with Mrs. Reinhold, 111 East Bay Front, Balboa Island, Mrs. Shook and Mrs. Smith will be co-hostesses.

## A Baby Daughter for the Roland Valleleys

Mr. and Mrs. Roland F. Valleley of 508 S. Bay Front, Balboa Island, are announcing the arrival of a baby daughter at St. Joseph's Hospital, February 5, whom they have named, Victoria.

Roland Valleley who owns and manages the Valley Boat Service at Balboa, is the son of Mr. and Mrs. Frank J. Valleley of Balboa, pioneers of the Harbor District and Mrs. Valleley is the former Vivian Jordan of Eagle Rock.

## Schammel-Rowland Nuptials Announced

Mr. and Mrs. William R. Rowland of 123 Sapphire Street, Balboa Island, are announcing the engagement of their daughter, Marjorie, and William Francis Schammel, U.S.N.R.

The wedding is being planned for March 6, at the St. Vincent de Paul Church in San Francisco.

## Mrs. Bodman Fetes Newport Circle WSCS

The monthly meeting of Newport Circle of WSCS was held with Mrs. J. A. Bodman Wednesday afternoon, with the session opening with devotion led by Mrs. Bodman on "Lessons from Characters of the New Testament."

The business session revealed that two wooden quilts have been completed and donated to the Red Cross and the group will now make knee robes.

Reports were given by delegates who attended the Conference Meeting of WSCS in Hollywood recently and the meeting at the Spurgeon Memorial Church at Santa Ana, when Dr. Appenzeller, an evacuee from Korea spoke.

A letter from Miss Alice Hancock now in Atlantic, Iowa was read, telling that her mother, Mrs. Mary E. Hancock was enjoying her usual good health and sent her greetings to all of her old friends in the Harbor District.

The "Fifth Jar" was opened with a yield of \$10.12. The social hour was highlighted by a handkerchief shower by the group for the secretary, Mrs. R. H. Hill, who celebrated her birthday anniversary the previous day.

The afternoon was concluded with the serving of tea by the hostess, Mrs. Bodman, assisted by Mrs. D. W. Holtby to members present. Mesdames E. D. Goodell, A. S. Thompson, W. S. Hunsaker, L. F. Funkhouser, J. H. Mills, R. H. Hill, Mary Stanley, and Miss Elsie Newland.

Several of the group plan to visit the Spanish-American Institute for Boys on Friday, Lin's birthday, which is a special day at the school.

The next meeting is set for March 10 at the home of Mrs. Mary Stanley, Newport Beach.

## Tools for Victory Gardens Available

With so much emphasis being put on the importance of every family having a Victory garden, it is gratifying to know that all the necessary tools and equipment can be purchased right in the Harbor District.

A visit to the TeWinkle Hardware Co. in Costa Mesa will be more than worth while, for there one can find everything to make the work for "My Ladies Garden" simple just the right equipment for every process.

And, at R. W. McClellan and Sons, at 2617 West Central, Newport Beach, one can now get the proper soil for the gardens.

So, join the ranks of proud gardeners, and start that new garden today. It's both patriotic and fun!

## A. Kempers Celebrate Wedding Anniversary

Mr. and Mrs. Arthur A. Kemper of 1135 Coast Highway, Newport Beach, celebrated their twenty-second wedding anniversary Wednesday evening, February 10, by taking a large party of friends to the Florence Gardens for dinner and dancing.

Adding to the festivities was the presence of their young 191-year-old son, William Kemper, who is in the United States Naval Reserve, attending Fullerton Junior College until June 1, when he will be sent for special training.

## BALBOA ISLAND NEWS

By DOLLY FOWLER

## Post-Nuptial Shower for Mrs. R. Hoffman

Miss Bette Rogers and Dolly Fowler are planning a post nuptial shower next Saturday evening at the Ed Rogers home on Channel Island. The affair will honor Mrs. Robert T. Hoffman, the former Beverly Jane Roberts, daughter of Mr. and Mrs. Howard Roberts of Balboa Island, whose marriage to Aviation Cadet Hoffman was a surprise event at Las Vegas on January 30.

Mrs. H. E. Coe, the eldest daughter of Mr. and Mrs. Ed Rogers, is home for an indefinite visit. Her husband, of the Marine Corps is serving in the South Pacific.

Mr. and Mrs. J. W. Peyton, Jr.,

and children have moved from their home on Amethyst to a new home at 331 East Bay on Channel Island.

Zeller Robertson, formerly of Balboa Island, and son of Mr. and Mrs. O. Z. Robertson, will leave Friday for San Antonio, Texas, where he will begin his training for the Air Corps. Good luck, Zeller!

Mrs. Hugh Marshall expects a visit from her sister Mrs. Anna Blanchard and niece, Barbara Ann, this next week-end. Her eldest daughter, Jean, is also expected to return from school for the holidays.

Mr. and Mrs. Philmer Ellersbrook entertained dinner guests last Saturday at the home on Crystal Avenue. Guests present were Mr. and Mrs. T. N. Grigg and their children, and Dr. and Mrs. De Booy.

COMING EVENTS

FRIDAY, FEBRUARY 12—

Meeting of the D. D. F. Club, home of Mrs. Barrows.

Red Cross Work Rooms, open from 10:30 a. m. to 4:30 p. m., 111 Palm Avenue, Balboa, sewing.

## March of Dimes Dance Nets Over \$50

The March of Dimes Benefit Dance for Infantile Paralysis Relief, sponsored by the Friday Afternoon Club and the Costa Mesa P-T-A, at the Women's Club in Costa Mesa Wednesday evening, brought an attendance of nearly a hundred and netted over \$50, according to a report from Mrs. Otis Weatherford, chairman of the dance.

Bob Skiles and his five-piece orchestra provided excellent music for the party, and Mrs. Gunning Butler and her committee were in charge of refreshments. Assisting Mrs. Butler were Mesdames Hita Ellis, Clyde Otto, and Harry Burdick, and Misses Dick and June Sam. Mrs. Otto is president of the Costa Mesa P-T-A, and Mrs. Burdick, president of the Friday Afternoon Club.

Everyone voted the party a grand success, and the sponsors feel retrospective happy over the sizable amount which they will now be able to turn in to the relief fund.

## Ebell Club to Hear Talk on Philippines

Mrs. Victor Grace, vice-president and program chairman of the Ebell Club of Newport Beach has announced the program for the next meeting of the club, Thursday afternoon, February 18, as featuring Walter Robb, who will talk on "The Past, Present, and Future of the Philippines."

Mr. Robb was a resident of the Philippines for over 20 years, and has been a newspaper man for many years, so is well equipped to discuss the subject, and the important role this country is playing in the world conflict.

Hostesses for the meeting which is set for 2 o'clock, will be Mrs. C. B. Todd and Mrs. J. A. Gant, co-chairmen of the Garden Section and their committee.

## Mrs. Castle Leaves for Red Cross Training

Mrs. Richard Castle of Lido Isle left Thursday noon for Washington, D. C., where she will take an extensive course in Red Cross Recreation Work. Upon her return, Mrs. Castle will assume an official position as assistant to Miss Evelyn Franz, Red Cross Field Director at the Santa Ana Army Air Base.

Mrs. Castle has been active in Red Cross work, serving as one of the Grey Ladies at SAAAB, in addition to her work with the Harbor Assistance League.

Mr. Jens J. Jensen, owner of the Fix-It Shop of Costa Mesa, and brother of Mrs. Harold K. Grauel, underwent a major operation at the Queen of the Angels Hospital in Los Angeles last Wednesday. He is reported as recuperating nicely and expects to be home next week.

## Balboa Circle Hostesses for Large Meeting of Women's Society of Christian Service

Mrs. E. D. Goodell was hostess for the WSCS meeting Tuesday afternoon at her home at 3000 Ocean Front, with the Executive Board meeting first at 12:30 p. m., followed by the general meeting at 2 p. m.

The Executive Board with the president, Mrs. J. A. Bodman, presiding, voted to appropriate \$300 to the March of Dimes Paralysis Relief Drive, and to give a subscription to "World Outlook" to the Public Library, and made plans for the World Day of Prayer.

Mrs. E. D. Goodell, program chairman, outlined the plans for the coming year, after which Mrs. Bodman announced the names for the appointive offices and committee chairman: Mrs. Bodman, membership; Mrs. Glenn Chapman, spiritual life; Mrs. Harry Westover, status of women; Mrs. Jeanette Boddme, literature; and Miss Elsie Newland, publicity.

Mrs. Bodman opened the general meeting at two o'clock, with

Mrs. Boddme leading the devotion with her subject, "God's Word."

Of special interest was a letter from Dr. and Mrs. Harry Worley, from Foo Chow, China, written Sept. 1, 1942, and received Jan. 25, 1943. Dr. and Mrs. Worley spent a year in the Harbor District before they left for China in 1938, when Mrs. Worley was active in WSCS, and teacher for the Pilot Class.

Mrs. Westover reported on legislation regarding women, and listed the three women of the month as Sister Elizabeth Kenny, whom she met and interviewed personally, Eddie Backenacker's mother, and Mrs. Sullivan of Iowa, who recently lost five sons in the war.

In conjunction with all protestant churches and their members new studying-Latin America, Miss Elsie Newland conducted a map study, giving highlights, and Mrs. H. H. reviewed a chapter of the study book, followed by two symposiums, one by Mrs. Jay Dutter on family experiences, their people were early pioneers, and the other by Mrs. H. F. Ives, who reviewed an eventful trailor trip.

A committee composed of Mesdames S. Weatherford, John Sadleir, Leo MacGavren, and Letty Vaughn, from the Balboa Circle of WSCS, served as hostesses for the social hour with the following members present: Mesdames J. A. Bodman, Harry Westover, John Woodworth, W. C. McCombs, Stella Bowers, John Parsons, J. Ruth Reid, E. H. Katterhenry, George Moreland, H. L. Harris, Jeanette Boddme, Nine Bartholomew, W. S. Smith, Jr., L. T. Folson, H. O. Ensign, O. G. Barnard, W. S. Hunsaker, D. W. Holtby, H. F. Ives, George E. Lewis, J. Dutter, Cyrus Miller, Glenn Chapman, Mary Stanley, Ethel Stauch, Flora Beatty, and Miss Elsie Newland.

The next meeting is scheduled for March 9 with Mrs. E. D. Goodell, and members of the Balboa Island Circle as hostesses.

WHEN YOU FLY YOUR KITE!

This year there is an important new reason why every kite-flyer must follow the safety rules for flying kites: Power lines are vital to America's war production because they carry essential electricity to war factories...and carelessly handled kites can cause damage to power lines. Be sure to observe the following rules:

1. Fly your kite in an open field, away from power lines.
2. Never use wire, tinsel or metallic string.
3. Be sure the cord is perfectly dry.
4. If your kite catches in a power line, let go. Don't pull! Phone the company owning the line and a linesman will come to get your kite for you.

## Brick Dust Shaving Off the Dust

By SHOOK  
(Guest Columnist)

This is not an argument as to the writer's ability to read or write. The evidence seems to be that the erstwhile columnist who usually writes in this space wanted a vacation—or could it be plain laziness?

Blank space at the left is to relieve the readers of continual monotony — "bout the same effect on some as when we see headlines "Victory is Ours" or could call it Civilian Defense.

Time we started to hand bouquets to the fellows who are really doing something. Never met a finer bunch of service men than reside in this community, and have had occasion to get cross section of most branches of the Service. They have the problem of being with their families as much as possible besides this rough war business to face. An example—A Major in the Air Corps buys swell home, moves family in, week later transferred to another base (Military Secret Quote, General Sherman, unquote).

The writing of this masterpiece suggested a lot of dirt, prompted a thought of scrubbing the office floor; prepared bucket of soap and water, proceeded, then engrossed in the thought of how silly I look as a writer accidentally shoved the bucket over. Many words, then back to this D column.

By the way, the B. P. W. (not a Gov't agency, but doing a big job) want blood donors. If you have any red blood and most of you have, don't forget to contact Orville Tubbs, Health Chairman. President Irene Stanley Secretary Jean Driskel or any member of the B. P. W.

Follows a bit of suggested poetry—  
The fellow who usually writes  
This column,  
"Ninna" Gaines, you know the kind  
Puts almost everyone on the pan  
And sells the rest a line.

My tears do fall as I look at him.  
He takes me back, then as now  
To Old New York, the Bowery,  
And the dear old garbage scow.  
He talks like a writer in a mould  
His lines are very dead.  
So here and now I have something  
That simply must be said.

There's news in every wind swept  
tree  
Who is so blind that cannot sight it?  
Gossip sprays from every wave  
at sea,  
And always some darned fool to  
write it.

Famous last words: "Ninna"  
darling, you dropped the anchor  
sans line.

## County Bond Quota Set at \$711,000

Orange county's War Bond quota for February is \$711,000, it was announced today by Charles E. Driver of Los Angeles, vice chairman of the war savings committee for the 11 southern counties in California. Driver urged the army of volunteer workers to strive for maximum sales regardless of quotas, stating that War Bond quotas for Southern California this year represent only about one-fifth of the expected surplus income of individuals after deducting for taxes and necessary purchases. Using the accepted 4.4 percent as Southern California's share in national income to individuals for 1943 as estimated by the Treasury Department, the total for the area will be five and a half billion dollars Driver said. Allowing \$660,000,000 for taxes and more than three fourth billion dollars in the form of savings will remain at the end of the year, he said.

## BITTEN BY DOG

Mrs. C. W. Brown of 123 E. Bay Front, reported to police Thursday that her dog had bitten a Mrs. McMichael of Crystal Avenue. The injured woman was given medical treatment and the dog placed in quarantine.

## Slant Drilling Proposal Set For Hearing

When members of the city planning commission meet next Wednesday it will be for the express purpose of reconsidering the slant drilling application of D. W. Elliott, an issue which like the fabled phoenix bird, rises perennially from its ashes to claim the public attention.

Elliott, a Long Beach oil promoter, first appeared before the city council last June 15, at that time petitioning the council for the right to slant drill under the tidelands and submerged areas of the Seashore Colony area. By so doing he hoped to tap a rich pool which he believed to be located a half mile or so off shore.

Councilmen Allen and Gordon opposed Elliott's proposition on the grounds that it would set a dangerous precedent and that oil seepage might enter and pollute the bay. Although it appeared for a time that the dissenting councilmen might be voted down, the issue was ultimately laid in the laps of an investigating committee composed of City Engineer R. L. Patterson, W. A. Kirk and Councilman L. L. Isbell.

On July 15, 1942, the matter was first aired before the city planning commission and after lengthy discussion was turned back to the city council, which eventually referred it back to the planning commission.

The concession, as outlined in Elliott's petition, would provide for slant drilling under only that area of the city lying northwest of 53rd street and all surface indications of the well or wells would be located on the bluffs east of the Coast highway.

Next Wednesday's hearing will be held at the city hall, beginning 7:30 o'clock.

## DIRECTING NEW PROGRAM

Capt. Robert C. Livingston of Lido Isle has been named director of the Army's new 30-minute radio program, "Wings Over the World," which originates at Radio Station KECA and goes over the Blue Network each Wednesday night at 10 o'clock.

Capt. Livingston, who resides at 225 Koran with his mother, Mrs. Pearl Goode Prentiss, had as recent guests Capt. Marvin Setzer and Mrs. Setzer of Anchorage, Alaska, who were in the Southland on 15-day furlough. Other recent guests at the Livingston home have included Pvt. Nathan Scott, in charge of musical arrangements on the Army program and Mrs. Scott, both of Hollywood and Miss Barbara Haskell of Culver City.

## Balboa Boy Reported Critically Ill in Big Texas Army Camp

As the result of an all night vigil on the part of Mrs. Don McCallum, assistant home service chairman of the local Red Cross, Mr. C. M. Deakins of 307 Alvarado place, Balboa, is today winging his way across the United States to the bedside of her son, Duane Deakins, who is reported as critically ill of pneumonia in an Abilene, Texas, hospital.

Mr. and Mrs. Deakins first learned of their son's illness on Tuesday when a wire was received from the Army camp where he is training. Mrs. Deakins talked over long distance to the boy's doctor that evening at which time the physician told her that he would communicate with her if any change occurred.

When no further word was received by yesterday morning, Mrs. McCallum wired the Red Cross field director at the camp. The director wired back that Mrs. Deakins should come immediately. Mrs. McCallum then began the long vigil of trying to secure plane passage for her. The airways terminal at Burbank notified her they had a four day waiting list ahead. The priorities board was contacted and eventually the air line yielded a previous reservation.

Mrs. Deakins boarded the plane at 8:15 this morning and will arrive in Abilene, Texas at 5:25 this afternoon.

Duane, who was a member of the 1942 graduating class at Newport Harbor Union High school, was inducted several weeks ago. He was enrolled at the University of California at the time of entering the service.

## GRADE SCHOOL TO OBSERVE "VICTORY DAY" EACH WEEK

Beginning today each Thursday will be observed as "Victory Day" at Newport Beach grammar school, purpose of the plan being to encourage the sale of War Bonds and stamps. Each teacher will be in charge of the campaign in her classroom and it is anticipated that some friendly rivalry will result.

The school has already established a remarkable record with total War Bond purchase for the 1942 calendar year amounting to more than \$30,000, according to A. B. Rousseau, local chairman of bond sales. In addition the establishment recently sponsored a "Jeep drive" in the hope of raising enough money to purchase one of the 1000 cars for the Army.

So successful was the five day campaign that at its conclusion the pupils had purchased \$4000 in stamps, thus assuring the purchase of a whole quartet of jeeps.

## Red Cross Quarters to Be Established in Storey Bldg

Newport Harbor Red Cross, which has long maintained headquarters in the Balboa Inn building, this week moved to a new and more commodious office suite on the second floor of the Storey building at Main and E. Central avenue.

The new quarters, which were made available to the chapter through the courtesy of E. M. "Doc" Workman and John Vogel, have previously served as headquarters for the local rationing board. It is believed the new location will prove far superior to the old setup since a separate office may thus be maintained for each of several branches. Inasmuch as some functions of the Red Cross, such as home service, are highly confidential, this is particularly important.

The old headquarters will serve as a class room for nurses' aide training, the course having got underway on Tuesday with an enrollment of 11 members.

## WATCH RETURNED

Tony Plummer that ambitious young man who by day works as a letter carrier, out of the Balboa postoffice and at night serves as manager of Balboa theatre this week proved that he has the soul of a Good Samaritan as well.

Mrs. Wetta Heller 812 1-2 West Ocean Front reported to police that she had lost a valuable 17 jewel wrist watch set with 16 diamonds the loss apparently having occurred near the theatre. Before the minions of the law had even begun work on the case the postman theatre manager had found the timepiece and restored it to its owner.

## ESTABLISHED IN CLEVELAND

James D. Watkins, for many years local agent of the Southern California Edison company, has moved to Cleveland, Ohio, where he and Mrs. Watkins are located at 9227 Clifton boulevard. It was learned today that Mr. Watkins who is on 30-day leave from his local post, has been offered a better job in the Eastern city but his co-workers in the Balboa office are still entertaining the hope that he will decide not to take it and will return to the Harbor. His place here is being filled temporarily by Harold Stowe.

## EXAMINER HERE AGAIN

Beginning today and continuing each Thursday hereafter, local residents and those of Costa Mesa will again be afforded the opportunity of securing drivers licenses at the city hall, it was announced today by Police Chief R. R. Hodgkinson. The service, which is in charge of Examiner Don Squires of the California Highway Patrol, was suspended six weeks ago during the period of registration renewal.

## PEDESTRIAN INJURED

Charles William Binkley suffered minor injuries Thursday night when he was struck by a car operated by Tom Carson, 109 21st street, Newport. According to a report filed with police, Mr. Binkley was walking on the wrong side of the street when hit.

## DEATH OF MOTHER

Mrs. Donald O. Wells, 2064 Thurlin avenue, is mourning the death of her mother, Mrs. Alice M. Upplyte Martin, who passed away last Thursday at Cottage hospital in Fullerton. Mrs. Martin was 48 years of age and a resident of Tustin.

## Former Residents Reported as 'Safe' in Foochow, China

Dr. and Mrs. Harry Worley and their daughter, Claragene, all former residents of Balboa Island, are reportedly safe in Foochow China, according to word received here this week.

Dr. Worley, who is a brother of Roy M. Worley, 302 Seville avenue, Balboa left the Harbor area for China in 1937, his family remaining here until Claragene graduated from Newport Harbor Union High school in June of 1938.

A son Jimmy, who was a sophomore during his last year at Harbor high, completed his education in Shanghai and later entered the U. S. Consul's office there. With the fall of the city he was interned by the Japanese and held in a concentration camp until the first exchange of diplomats when he was permitted to return to the States. He is now teaching at Antioch college, in Ohio.

Mrs. Worley's communication, was dated Sept. 12 and required five months to reach its destination, told graphically of the bombing of Foochow in which she and her husband and daughter suffered considerable hardship but escaped without injury. While here Mrs. Worley was active in church work, being leader of the Standard Bearers and teacher of the Pilots class of Christ Church by the Sea. At the time of writing she was teaching music and English in the Foochow schools.

Bishop and Mrs. Harry Ward, a brother in law and sister of Dr. Worley and Roy Worley, are now confined to a Japanese concentration camp in Shanghai, Mrs. Worley stated.

## Campaign For Funds to Close This Week

Individuals or organizations wishing to contribute to the March of Dimes fund and thus further one of the most important campaigns of the present time today warned by Chairman Herbert Kenna that the drive is set to close early next week.

"This is positively the last call for donations as the contribution boxes will be picked up after the week end," Chairman Kenna said. Checks may be sent to the campaign treasurer, Harry Welch.

According to present indications this year's drive for infantile paralysis funds will yield a more generous sum of the Harbor than has been secured from any previous March of Dimes campaign.

## NEWPORT CHILD SMOTHERED

Tragedy struck last Friday morning at the Newport Beach home of Cadet and Mrs. Richard Hutchins, 516 W. Central avenue, who discovered upon arising that their two month old son, Roy, had smothered in his crib.

Help was summoned through the police department by Mrs. Ralph W. Noble, a neighbor, but treatment by the inhalator squad proved of no avail and the baby was pronounced dead by Dr. G. E. Tohlil. Funeral arrangements were in charge of Harold K. Graust chapel, the body being shipped to Marysville, Wn., for burial. In addition to his parents, the child is survived by his maternal grandparents, Mr. and Mrs. H. E. Treleven of Washington.

## State Organization Names Local Man For Presidency

Harry Welch, for the past 20 years secretary of the Newport Harbor Chamber of Commerce, was this morning elected president of the California Association of Chamber of Commerce Managers, word to this effect being received by wire from San Francisco shortly before preastime.

According to the brief communication, all offices in the statewide organization were filled by Southern California men. W. H. Gallienne, secretary of the Huntington Beach Chamber of Commerce, was named vice-president. J. O. Smith of the Beverly Hills Chamber, secretary and Don McColly of Riverside, treasurer.

Annual convention of the association is being held this week at the Mark Hopkins hotel in San Francisco. Mrs. Welch accompanied her husband to the Bay city and the two will remain there until Saturday.

## TRANSPORTATION PROBLEMS DISCUSSED AT MEETING

Application of the Pacific Electric company for abandonment of bus service and re-establishing of electric car service between Newport Beach and Los Angeles was discussed last Thursday afternoon at a meeting of the Newport Harbor Chamber of Commerce transportation committee.

It was agreed to request added service on the Santa Ana line which connects Balboa Newport and the county seat. J. D. Rindard representing the line promised to cooperate by adjusting his bus schedules to connect with incoming and outgoing electric cars, as well as to add additional buses if and when same could be secured or were required.

The P. E.'s application was not acted upon, it being the opinion that it would be better to wait until some action on the application was taken by the State Railroad Commission. Secretary Harry Welch was asked to ascertain from the commission when action would be taken and if a hearing would be held to receive public views.

Additions to the local taxi service were urged and the committee also offered to cooperate in the working out of transportation service for defense workers at Douglas and at Terminal Island.

H. F. Kenna, chairman of the Balboa Businessmen's group presided at the meeting, others present being Secretary Harry Welch, Mr. Rindard, Charles E. McNeil, Gerald C. Bennett, Lonnie Vincent, Charles Schuster, Clyde Ashen and E. D. McElroy.

## INTERESTING SCRAPBOOK COMPILED BY STUDENT

"The School at War" is the subject of an intensely interesting scrapbook which is to be entered in nationwide competition by Miss Claire Craig, junior student at Newport Harbor Union High school.

Miss Craig's book contains clippings, photographs and drawings depicting the varied activities of the school since declaration of war some of the subjects touched upon including the scrap drive, Junior Red Cross work, the Victory Corps victory gardens, part-time employment of students in essential war industries, and newspaper clippings concerning many former Harbor High boys who are now proving their mettle in foreign lands.

One of the most interesting sections of the book deals with the school's service flag and includes photographs of the girls working upon it in the sewing class, and of the completed flag, the "chapter" being concluded with a miniature of the flag carrying 300 blue stars and one gold star.

## ADDRESS ON ARCHEOLOGY FEATURES CLUB MEETING

The Rev. Wesley M. Havermale, vicar of the Episcopal Church of the Messiah in Santa Ana, was guest speaker at Tuesday's meeting of the Rotary club, his subject being the archeology of the near East where he had had much experience in the field.

The speaker not only outlined the progress of archeology from the era of mere luck and chance to that of modern science, but also showed the relationship between religion and archeology in proving excerpts from the Testaments. He illustrated his talk by showing a number of interesting finds from tombs dating back to 3000 years before Christ.

As a special feature of the talk, a number of colorful Arabian costumes owned by the Rev. Mr. Havermale, were modeled by Rotarian Bob Allen. The Rev. W. J. Hatter was program chairman.

## OPENING PAINT STORE

Announcement of a new paint store to be opened in the former Flinn-Bell Hardware building at 1844 Newport boulevard, was made this week by Earl Winterbourne of 18th and Whittier avenue, and his brother, John Winterbourne, a local property owner who has been living in Santa Ana for a number of years. The latter Mr. Winterbourne, who will act as manager of the establishment, at one time published a newspaper at Costa Mesa and has many friends in the Harbor area. It is expected that the store will be open for business by Feb. 20.

## FUN ZONE BURGLARIZED

Police are seeking the miscreants who this week burglarized one of the concessions at the Fun Zone in Balboa, entry being gained by breaking the glass in a door. Several clear fingerprints were secured by the investigating officers.

## City Assured Protection Against Hazard of Fire, Should Attack Occur

Should the City of Newport Beach suffer enemy attack tomorrow she would be far better equipped to meet the resultant fire hazard than at any previous time in her history.

Such was the encouraging report given today by H. L. Sherman, deputy coordinator of civilian defense.

As basis for this assertion, Mr. Sherman pointed out that in addition to the regular city fire apparatus consisting chiefly of four engine trucks, there has been supplied by the Office of Civilian Defense four powered trailer fire pumps, one powered skid fire pump which has been mounted on a trailer, and a front end fire pump which has been mounted on the city park department panel truck.

## Committee to Launch Fund Campaign for Boy Scout Work

In observance of National Boy Scout Week, Feb. 8 to 12 members of the Newport Harbor Scout troop committee met last Thursday to outline the year's work and draft plans for funds.

Harrison White, Orange county Scout executive who addressed the group, explained the importance of Scouting and the important part the Harbor district should play in the county wide program. He was particularly complimentary concerning the favorable condition now existing locally.

Dr. Gordon M. Grundy, chairman of the committee, outlined the proposed activities of the local Scout organization and it was agreed that a \$1000 fund would be necessary if the work was to be carried on successfully and the troop make its just contribution to the county effort.

It was decided that the method used in past years to raise funds would be followed again this year and the Chairman of Commerce was asked to act for the Scout committee in carrying out the latter campaign. It was further agreed that Chairman Grundy, together with J. W. Peyton, Jr. and Hubbard Howe should be named as a committee to consider a plan for employee contributions at Harbor area shipyards.

Membership of the committee was expanded and the chairman indicated that other members would be added later. The roster now includes Dr. Grundy, Theo. Robins, J. W. Peyton Jr., Leslie Steffensen, Braden Finch, Walter S. Spicer, A. J. Twist, John Siegel, Thomas Allen Hubbard C. Howe and C. F. Watts.

The meeting was held at Gus Sea Shell cafe.

## Oratorical Contest Is Feature of Meeting of Lions Club

As proof that today's high school youth has a keen interest in present world affairs, as well as an intelligent understanding of the post-war problems to come, three students of Newport Harbor Union High school appeared before the Lions club on Tuesday, each expressing his views on the single subject "After the War What?"

A cash prize of \$5 offered by the Lions club for the best student address on this subject, went to Fred Shand; second, a \$3 prize to Newton Metfessel, and third, \$2, to Sam Fogelman. Judging was in charge of a Lions' committee composed of Gregory Gorbey, D. C. MacKenzie and Heinz Kaiser.

The three students were finalists from the school, other contestants having been eliminated by a judging committee of teachers. Young Shand will represent the local club at the oratorical finals set for March 10 at Orange American Legion Hall.

Guest speaker of the day was Paul Jackson, a member of the 1934 graduating class at Harbor High, who told of his experiences in combat fighting with the U. S. Marines at Guadalcanal. Young Jackson, who is a son of Mr. and Mrs. William Jackson of W. Wilson street, Costa Mesa, was among the first to land at Tulagi Bay and was in the thick of the fighting throughout the campaign. He is now at home on a medical furlough.

Civilian Defense needs Auxiliary Police.

Civilian Defense needs Auxiliary Firemen.

plied by the Office of Civilian Defense four powered trailer fire pumps, one powered skid fire pump which has been mounted on a trailer, and a front end fire pump which has been mounted on the city park department panel truck.

## 300 New Pump Tanks

The O. C. D. has also supplied 368 four gallon tank pumps which have been apportioned to the auxiliary fire service and one each to 150 air raid wardens, the remainder being placed in business houses. These pump tanks are easily carried, throw a 30 foot stream, and for the purpose of extinguishing incendiary bombs are even superior to the soda acid extinguishers no longer obtainable. Mr. Sherman said they are merely loans for the duration and will remain the property of the Federal government.

In addition to the foregoing, the O. C. D. has given the city a priority to purchase 300 stirrup pumps, which, operating from a bucket of water, equal the performance of the pump tanks. The stirrup pumps are for sale to the public and have been placed in four different stores in the city at a ceiling price of \$2.25.

## Good Protection Afforded

Pointing out that the stirrup pumps are excellent insurance against fire of ordinary origin as well as protection against incendiary attack, the deputy coordinator declared that every household should avail himself of the opportunity to buy one, "an opportunity" he said, "which does not exist outside the vital war area."

A quantity of new fire hoses, also supplied by the O. C. D., is on route, Mr. Sherman said.

## TRAINING FOR BOMBARDING

Robert Bloom, who was recently transferred from the Royal Canadian Air Force to the U. S. Navy, spent the week end with his mother, Mrs. Charles Soneman, 1915 Court avenue, and also visited his grandmother, Mrs. Georgina Luke of 2824 W. Central. The young Navy flyer, who holds the rank of petty officer third class, is at present stationed in San Diego where he is taking advanced training as a bombardier.

His brother, Pvt. John Bloom of the U. S. Marine Corps, has been engaged in overseas fighting for the past four months and when last heard from was stationed in the South Pacific. He has been in the service since Jan. 9, 1942.

## HALF HOLIDAYS SCHEDULED AT GRAMMAR SCHOOL

Children in the 4th to 8th grades, inclusive, will enjoy half holidays throughout the week of Feb. 22 to 27 while registration for point rationing is in progress. It was announced today by Superintendent H. O. Ensign. Classes will be dismissed at noon.

Grades 1 to 3, which are already curtailed to half day sessions, will continue to function as usual but the school cafeteria will not be open throughout the week, Mr. Ensign said. Teachers in the higher grades will be in charge of the registration program, complete details of which will be given in the next issue.

## FOG HORN IN SERVICE

When the next heavy fog bank sweeps landward from mid ocean, local mariners will once again be afforded the protection of the long silent fog horn at the harbor's entrance.

Word to this effect was released early in the week by Police Chief R. R. Hodgkinson who stated that he had just received authorization from the U. S. Coast Guard to turn on the warning device whenever he deemed it necessary for the safety of seafarers.

## SUITCASE STOLEN

Lee King of S. A. Army Air Base reported to police Saturday that he had suffered the loss of a suitcase and contents to the value of \$45. The traveling bag, he said, was taken from his car while it was parked on the east side of Palm street, between Central and Bay avenue.

decree of the Superior Court of Orange County and is fully qualified  
to publish all kinds of legal notices and advertisements.

SUBSCRIPTION RATES:  
In Orange County, \$1.00 per year. Outside of Orange County, \$1.50

### Editorial Comment

U. S. stands for Uncle Sam—and it also stands for Uncondi-  
tional Surrender, if Adolf and Hirohito know their English.

The art of slicing bread is one of the topics of radio broad-  
casters these days. "Slice your own and help win the war" ap-  
pears to be the slogan.

Shoe rationing will have no terrors for the average citizen.  
An allowance of three pairs per year only makes him wonder if  
he will be able to buy them.

Brazil has declared war on Japan, after having taken similar  
action on Germany a year or more ago. Other South American  
republics will probably follow Brazil's lead.

After making due allowance for propaganda and moral effect  
of Russian news reports, there is no doubt that the Red army is  
chasing the Nazis out of dozens of strategic strongholds in the  
soviet country. Germany is rapidly losing her military power.

Abolition of the rationing program as applied to tire re-  
treading was a victory for common sense over bureaucratic red  
tape. It was demonstrated that millions of dollars worth of rub-  
ber and gasoline had to be spent by motorists in getting permits  
to have their tires retreaded, to say nothing of the days of time  
wasted by busy people. It is estimated there is a supply of scrap  
rubber ample to meet all needs for retreading for at least 18  
months, and it is expected that liberal supplies of synthetic rub-  
ber will be available within that time.

The workings of democracy may appear strange to people  
of those countries that are ruled by dictators or monarchies. For  
example: the farm vote in Michigan was cast against Senator  
Prentiss E. Brown last November mainly because he wanted to  
clamp price ceilings on farm products, and he was defeated for  
re-election. Then the President appointed Brown as OPA ad-  
ministrator and he now has charge of the whole price-making  
set-up, with much more power than he had as senator.

We surmise that folks living in the beach areas have passed  
up most of the discussion of "victory gardens" and other plans  
for supplementing the home food supply. It has been taken for  
granted that growing a garden at the seashore is impractical, be-  
cause the soil is too sandy and the air is tinged with salt. But  
old-timers tell us they have in years gone by grown many vari-  
eties of "garden sass," and it might be a good idea for the pres-  
ent generation to try it. Because of the extra burdens on labor  
and transportation due to war conditions, fresh vegetables are  
advancing in price steadily and it may soon be difficult to get  
them at any price.

American soldiers, marines and aviators are doing a wonder-  
ful job in the South Pacific, having halted the Japanese grabbing  
program and retaken some of their strongly fortified bases. But  
Guadalcanal is a long way from Tokio and it would take several  
years to conquer the islands one by one to place our forces in  
striking distance of Japan. So we hope General Douglas Mac-  
Arthur is right when he says our recent victories have revealed  
a strategy by which a more direct assault may be made on our  
enemy at his home base. Many wise observers think it may pro-  
long the Pacific war by years if we devote the major part of our  
energies to Europe and Africa while the Japanese consolidate  
their gains and develop the vast stores of natural wealth which  
they have taken in the early stages of the war. These facts are  
the basis of the growing demand for a direct attack on Japan by  
our air force.

J. N. Blackbeard

## HEY, KIDS!

We are getting all set with  
Merry-Go-Round, new tunes, 'n  
the Ferris Wheel, 'n all the games  
of skill for the long summer days,  
'n when all the painting is done  
and the works all ready and test-  
ed out, we'll let you know.

## FUN ZONE

### Parents and Teachers Celebrate Founding of Organization

Members of the Harbor area's  
three Parent-Teacher Associations  
met recently in a joint Founders'  
Day program at Costa Mesa Main  
school. Preceding the regular meet-  
ing, Harold C. Wahlberg, county  
farm advisor, addressed an inter-  
ested group on the subject of Vic-  
tory gardens, giving his listeners  
many valuable pointers. The meet-  
ing was opened by Mrs. Clyde Otto  
president of the Mesa group, fol-  
lowing which Mrs. Hugh Marshall,  
president of the High school P-T  
A, gave the invocation and Mrs.  
Betty Powell, head of the New-  
port Beach P-T A, led in the  
flag salute and singing of Ameri-  
ca.

Main speaker was Miss Edith  
Fuller, director of the public nur-  
sery school at Costa Mesa, who  
told of the work being done at the  
establishment. Special numbers  
were also given by members of  
the 7th and 8th grade girls' glee  
club, the songsters being directed  
by Miss Edith Gohrecht and ac-  
companied by Mrs. Marie Pearce.

Honored guests were past presi-  
dents of the Mesa group and rang-  
ed from Mrs. Charles Young, who  
headed the organization in 1923,  
down through the years. In addi-  
tion to Mrs. Young, past presidents  
introduced included Mesdames L.  
R. Daughenbaugh, John F. Web-  
ster, Sidney Davidson, Betty Trine,  
Fern Healey Bristol, A. L. Pinkley,  
and Gunning Butler. Each was  
presented with a camellia corsage.  
Letters of regret were read from  
Mrs. N. O. Mellett, Mrs. Henry  
Abrams and Mrs. P. M. Thomp-  
son, past presidents who were un-  
able to attend.

Five handsome cakes which were  
decorated in spring colors of yel-  
low and green by Mrs. Vernon  
Mathews, were served during the  
tea hour. Mrs. Otis Weatherwax  
and Mrs. H. L. Furtach assisted in  
pouring.

### Thirty-Six Students Honored By School

Thirty-six students made the  
second quarter honor roll at New-  
port Harbor Union High school,  
according to information released  
this week by Principal S. H. Davi-  
son.

Seniors included Betty Jean  
Blakeslee, Betty Jane Chambers,  
Phyllis Childs, Jack Clark, George  
Crawford, Bob Gaylor, Joan Hink-  
ley, Jim Kennell, Edwin Miller,  
Louise Phillips and Tom Sanson.  
Those from the junior class  
were: Paul Anderson, Ruby Bean,  
Walter Brown, Patricia Butler, Leo  
De Los Rios, Muriel Hatch, Mary  
Lou Phillips, Fred Shand, Hal Will  
Smith.

Sophomores: Mary Baldwin,  
Martha Mason, Nadine Reed, Vir-  
ginia Smith, Norma Tripp, Jane  
Wightman, Helen Yost.  
Freshmen: Ruth Aldridge, Vir-  
ginia Bachmann, Vivian Betlach,  
Jean Edick, George Finch, Christa-  
bel Gardner, Joyce Anne Jones,  
Ardelle Kennell and Cameron  
Thom.

### Plan for Expansion Adopted By Board

Expansion of the membership  
plan was agreed to at a recent  
meeting of Newport Harbor Real-  
ty Board. Under the new set-up,  
those desiring full membership in  
the national, state and local bod-  
ies, with eligibility to use the trade  
name, "realtor," will pay \$20 per  
year and will be entitled "broker  
members." Salesmen members will  
pay \$6 a year, which includes state  
and local memberships. Associate  
members will pay \$10 per year,  
and property owner memberships  
\$5 yearly.

Seven new members were re-  
ceived into the organization, these  
including Mrs. Zilda Oxart, Ar-  
thur H. Pease, Mr. and Mrs. H.  
M. Lane, Grainger Hyer, John  
Sherrod Harris and the Bay Dis-  
trict Lumber Co.

Full approval was given a four-  
point program initiated by the  
president of the National Real Es-  
tate Association. Substance of the  
program is to first win the war;  
next, retain free enterprise; third,  
assist the government in aiding  
small business and fourth, buy  
bonds, build homes and own real  
estate as a hedge against infla-  
tion. The local group felt that to  
this program should be added,  
"Keep the press free."

Other business considered at the  
meeting was the appointment of  
A. B. Rousseau as a committee of  
one to keep contact with Con-  
gressman John C. Phillips and ad-  
vise with him in matters affect-  
ing real estate.

Grainger Hyer called attention  
to the difficulties which would  
arise unless some revisions of rent  
control regulation were secured  
and L. W. Briggs was asked to  
contact the Santa Ana and Los  
Angeles offices of rent control in  
an effort to get some help.

P. A. Palmer pointed out that  
adequate funds are available lo-  
cally for building and if a slight  
relaxation in securing priorities  
were made, many homes could be  
erected. President Ralph P. Mas-  
key presided at the meeting.

### "THE DUSK OF THE GODS"

By W. KEE MAXWELL

Richard Wagner spent 25 years writing a wonderful  
series of four operas called "The Ring of the Curses." It  
would be a splendid thing if everybody were able to hear  
and understand these marvels of music in which all the  
emotions of humankind, from the most primitive to the  
most ethereal, are woven and interwoven in the loom of  
divine-genius. There is no sublimer nor more impressive  
thing in any form of art than the finale of "Die Gotterdam-  
merung," last link in the tremendous chain of operatic  
tragedy. Out of all the turmoil and woe and horror and  
mighty deeds and super-human craftiness—rising above the  
clash of gods and defying the intrigues of dwarfs and dra-  
gons and foul spirits—human love towers triumphant as  
the greatest thing in the universe. Brunhilde, herself a  
goddess of the exalted circle, renouncing the glories of Val-  
halla out of her devotion to mortal Siegfried, brings the  
long reign of Might to an humbled end. The flames of burn-  
ing Valhalla spread like a great aurora over the universe. It  
is the Dusk of the Gods—and the Dawn of a new Morning  
in the world!

Of course the "Ring of the Curses" is simply a story of  
the human race and its long battle for freedom from the  
tyranny of gods and devils. Man has fought his way to-  
ward freedom slowly and painfully—and the vast majority  
of us are yet groping in the darkness of superstition.

How many thousand years we have struggled with the  
gods on our backs and devils at our throats! We began,  
long before history opened her book, by making spirits of  
good and evil out of the very forces of nature.

The "pestilences" which wiped out the tribes of Bible  
days came as "curses" from Jehovah, instead of being re-  
cognized as the inevitable results of foul physical conditions.  
And there were preachers of the gospel who saw in every  
catastrophe a "visitation" of divine wrath.

For thousands of years men paid tribute to gods or  
devils whom they had to propitiate for the salvation of their  
bodies and the promotion of their material welfare. The  
Hebrews of scriptural times had so many sacrifices and  
ceremonies to attend to that the wonder is they made any  
progress whatever. And even the wonderful Greeks had a  
list of gods that must have taken more time from the real  
labors of life than they could well have spared.

In time, however, common sense gained so much head-  
way that the gods and dragons of the material world gradu-  
ally lost most of their influence. But the old instinct found  
vent in another form, and man set up gods and dragons to  
project or herases his soul. Curses were invented for his  
spiritual side—and consequently propitiations had to be de-  
vised. As a result of these self-inflicted curses, hundreds  
of religions have been conceived and thousands of forms  
and ceremonials have been prescribed as part of the process  
of "redemption." Upon poor Eve has been shoved the bur-  
den of a "fall" of mankind—and hundreds of thousands of  
human beings have been slaughtered in trying to decide the  
proper way to atone for Eve's nibbling at a forbidden apple!

What a criminally long, long time the race has wasted  
in worrying about gods and curses and propitiation! What  
a fearful sum of talent and study and money and high in-  
tent has been squandered in trying of "glorify" gods whom  
their very worshippers place above the need of such glori-  
fication! What rivers of human blood have flowed in vindi-  
cation of gods of love!

Ah, brother, the old instinct dies hard. Fear, which  
was the ground work of the ancient's sacrifice to the storm  
god, still dominates too largely the impulse in what men  
choose to call "worship."

But slowly the old order changeth. Men are learning of  
a truth that he who "loveth God" and hateth his brother  
is a liar. They are beginning to understand that not all the  
prayers nor burnt offerings nor baptisms nor sacraments  
of all the creeds lift humanity half so high as a kind word  
to a crippled dog in the street.

They are coming to see, as the wonderful Wagner  
taught, that Love is the greatest thing in the universe.  
And the new religion, like Brunhilde, counts Valhalla as  
nothing beside devotion to fellow mortals, and praise of the  
gods as naught beside service to men.

Superstition dies slowly, but it dies. And the dusk of the  
false gods is indeed the dawn of a New Day that is breaking  
upon the earth.

One of the mysteries of modern education is why a girl  
will study cooking all the way through school and college  
and then spend the rest of her life feeding her husband out  
of cans.

The annual report of the Bureau of Internal Revenue  
shows that Federal tax collections for the year ended June  
30, 1942 were \$13,047,868,518, which is more than the col-  
lections in 1940 and 1941 combined. But we aint seen noth-  
in' yet!

A check-up on food exports from the United States in  
1942 reveals that we shipped one-third of our bacon and other  
pork products, one-fifth of our beef and veal, one-sixth of  
our eggs and large quantities of other foodstuffs to our Allies.  
This year we will share with them a much larger portion of  
our production, besides the immense quantities required to  
feed our own armed forces. Truly, America is the world's  
bread basket.

Former President Herbert Hoover, testifying before a  
congressional committee in hearings on the manpower prob-  
lem, expressed the fear that we are trying to create such a  
big army that maintenance of the home front will be im-  
periled. The country needs a million more men on the farms  
and ranches right now and if food production is to be in-  
creased, as it must be, much more help will be needed. Mr.  
Hoover expressed the opinion that the war may last from  
three to five years and that food will be one of the deciding  
factors. Not only must we help to feed our allies, but we  
must be ready to feed millions of starving people in Europe  
and Asia when the war ends, if anarchy is to be headed off.

## 'MEAT STRETCHING' RECIPES

### Cabbage au Gratin

INGREDIENTS—One quart shredded cabbage, 2 cups hot  
water, 1 teaspoon salt, 1 1/4 cups milk, 1/4 cup uncooked Wheat  
Hearts, 1 tablespoon melted butter, 1/4 cup grated cheese, pap-  
rika.

METHOD—Boil cabbage in water in which 1/4 teaspoon salt  
has been dissolved for about 5 minutes, drain and discard  
liquid. Scald milk and add Wheat Hearts and remaining 1/2  
teaspoon salt, and cook 5 minutes, stirring all the time. Place  
over hot water and add butter and cheese, and cook 2 or 3  
minutes. Put alternate layers of cabbage and cheese in a  
well-greased casserole, sprinkle top with with grated cheese  
and paprika and bake in a moderate oven until brown on top,  
about 25 minutes.

# COSTA MESA NEWS NOTES

Corp. and Mrs. Wilton Boies of San Diego and Edward Boies of Los Angeles spent the week end with the men's parents, Mr. and Mrs. Gerald Boies 193 1-2 E. 18th street.

Dr. and Mrs. A. G. Hughes, 1785 Newport boulevard are the parents of a baby boy, born Thursday at St. Joseph hospital. The parents already have one child, a son, David.

Arrangements are being completed for a benefit card party to be held next Tuesday afternoon under sponsorship of Costa Mesa Parent-Teacher Association. Mrs. Clyde Otto and Mrs. Everett Rea will act as cohostesses.

Mr. and Mrs. E. M. Trusheim, 1875 Laguna avenue, last week had a surprise visit from the former's son, Norman, who was enjoying 10 days furlough from his duties with the Navy. Since entering the service last year, young Trusheim has been seeing service in various South Pacific theatres of war, including Australia.

Capt. Gordon Ferguson and his mother-in-law, Mrs. Alice Boshard, 115 Flower street are preparing to welcome the former's wife and baby son, Gordon Douglas, who are to return from St. Joseph's hospital tomorrow. The youngster, who weighed 7-1/2 pounds at birth, made his arrival on Feb. 3. Mrs. Boshard is visiting here from Everett, Wash.

Mrs. George Peterkin, 242 Victoria street, returned Saturday from San Francisco where she enjoyed a brief visit with her son, Wesley, whom she had not seen in nine months. Young Peterkin, who is an aviation machinist's mate third class, received six months' instruction at a Naval Training school in Chicago following which he was recently transferred to Treasure Island.

Mrs. D. J. Godsoe of W. 18th street, last week received word that her husband, Chief Quartermaster Godsoe, had been awarded the Navy's Silver Star for gallantry in action. The veteran Navyman, who has to his credit 24 years continuous service, has seen action in all the major engagements in the South Pacific. His career on the water began in 1919 when he was with the minesweeping service in the North Sea.

Bill Shefflin, son of Mr. and Mrs. Earl Shefflin, 249 Flower street, has been elected president of the freshman class at Santa Ana Junior college. Barbara Matson, daughter of Mr. and Mrs. O. S. Matson of 1960 Tustin avenue, will serve as vice-president of the class, and Anne Kidder, daughter of Mr. and Mrs. Hubert Kidder of Whittier avenue, as secretary. The young people are all graduates of Newport Harbor Union High school.

Tom Grupe, son of Mr. and Mrs. George Grupe, 2080 Newport boulevard, is now seeing service somewhere in the South Pacific, according to clues contained in a letter received recently by his parents. In the communication, young Grupe referred to coconut trees, heat, malaria mosquitoes, gorgeous birds and "natives who can't speak English but who know how to get the coconuts for us." He is a pharmacist's mate first class with the USN Marine Corps.

Costa Mesa W.C.T.U. will meet tomorrow at the home of Mrs. Grace Hume, 2008 Anaheim avenue.

Mr. and Mrs. Harry Trompeter of 1523 Orange avenue had as Monday guests Mr. and Mrs. Harry Skinner of Long Beach.

Mrs. R. A. James, 218 E. 18th place is spending the week in San Bernardino with her mother Mrs. Ida Collins who is critically ill.

Mr. and Mrs. Ed Edick and children, Harold and Sherrill of 514 Hamilton street, are recovering from a prolonged siege of flu.

Mr. and Mrs. J. K. Lockwood, 154 E. 18th street, spent the week end with their son in law and daughter, Mr. and Mrs. Andrew Brockett of Lomita.

Mr. and Mrs. Milan Underwood have purchased the Murbarger property at 1827 Fullerton avenue where they have resided for the past 15 months.

Billy Roy Price of Napa spent the week end with Mr. and Mrs. Ed Gaultney 1937 Fullerton avenue and Mr. and Mrs. Monroe Nettles of 1977 Fullerton.

Miss Raye Cooksey formerly a teacher in the high school at Clarks La. has arrived in Costa Mesa and will make her home with Mrs. John Cooper at 132 Broadway. Miss Cooksey who is a graduate of Louisiana State University where she was affiliated with Kappa Delta sorority will assist at the Parker real estate office.

Monday was an eventful day in the life of 10 year old Mericell Nickell, 221 Broadway, who on that date attended school for the first time in two years. Removed from her classes in January of 1941 because of ill health the child was showing rapid recovery when on July 4 of that year she suffered near fatal burns, causing her to be confined to Los Angeles Orthopedic hospital for more than a year. She is the daughter of Mr. and Mrs. W. E. Nickell.

Marvin Gibson who recently enlisted in the Air Corps and is receiving his basic training at the local Army Air Base hasn't been in the service long enough to rate a furlough but is permitted to entertain friends each Sunday afternoon in the reception hall at the post. His parents Mr. and Mrs. Donald Gibson of 1935 Harbor boulevard have therefore been his guests for the past two Sundays and last Sunday had the rare privilege of seeing the post's entire strength "on parade" which they described as a most impressive sight.

The Rev. and Mrs. Carl Johnson were hosts at a Sunday morning breakfast honoring five members of Mrs. Johnson's Sunday school class who have enlisted in the armed forces and expect to leave soon for duty. The honorees included Arthur Gibson, Herbert Baird, Jr., Sam Benny Hal Wright and Pat Healey the latter being unable to attend. Each was presented with a devotional book as a gift from the class. In addition to those previously named, taking part were Elmer Dudek, Hugh Davis, Christine Baird Frances Robertson and Marjorie Haines.

Mrs. Richard Dittmar, 400 Old County road was hostess Tuesday at a meeting of the Giftmakers club.

Mr. and Mrs. William Floyd, 169 1-2 18th street, are the parents of a daughter born Tuesday at St. Joseph hospital.

Mr. and Mrs. James Nelson, 102 W. Wilson street, are the parents of a daughter born Thursday at St. Joseph hospital.

Mrs. Vernon Cook, clerk at Polly Apparel, is spending a week with her daughter, Mrs. Iva McMann at San Bernardino.

A daughter was born Tuesday at Santa Ana Community hospital to Mr. and Mrs. Frank Sloan of 2201 Newport boulevard.

Clyde Stovall, 2254 Harbor boulevard, is erecting a new hay storage building, the structure being planned to cost around \$300.

C. W. TeWinkle, 190 E. 18th street, is spending the week in Buena Park where he was called by the serious illness of his brother in law.

Mrs. R. H. Hill, 121 Albert place is leaving today for Willamette, Ore., where she will visit her son in law and daughter, Mr. and Mrs. George Larson.

Mr. and Mrs. R. Rasmussen, 2281 Santa Ana avenue, have sold their property at 251 23rd street to Walter Gehres, 206 18th street. The transaction was handled through the R. C. Parker office.

## WOMEN'S CLUB MEETS

Members who attended the "War Aid" meeting of Costa Mesa Friday Afternoon club on Feb. 5, opened with a short business session, following which Mrs. J. F. Webster and Mrs. Sidney H. Davidson, hostesses for the afternoon, suggested that the group adjourn to the new Red Cross work room which was open for the first day's service. After a short period of instruction, work was undertaken the hostesses serving tea for the entire staff upon conclusion of the work hour.

The next meeting, on Feb. 19, will feature a book review by Mrs. C. D. Hatch, the volume to be covered being "The Day Must Dawn" by Alice Sligh Turnbull, a story of pioneering days in Western Pennsylvania.

## TOMATO GROWERS FACE PROSPEROUS SEASON

Aside from probable labor shortages, unprecedented prosperity seems to be indicated for Costa Mesa ranchers engaged in the production of tomatoes and lima beans, doubtless the most important of local crops.

Information to such effect was released yesterday by the Orange County War Board which stated that tomato canneries estimated that to sell to the government had been ordered to pay the grower not less than \$27 per ton, roadside for delivery. This figure is 65 per cent over last year's minimum of \$17.50 per ton and more than double the 1941 quotation.

Ceiling price for standard limas has been pegged at \$8 per cwt. to the grower.

## TAX LEVY PROPOSED TO SOLVE TRASH PROBLEM

Feasibility of forming a garbage and trash disposal district to be financed through a special tax levy, was discussed at considerable length at Tuesday's meeting of Costa Mesa Chamber of Commerce.

Recommendation that such action be taken was made by Roy S. Nelson, holder of the community's present garbage contract, who said that the present \$1 a month private levy could be cut to roughly 27 cents if the entire community was taxed and service furnished to everyone instead of to only a comparatively few households, as at present.

Nelson explained that he also holds the garbage and trash contracts at Midway City, Sunset Beach, Surf Side, Huntington Beach and Newport Beach, and that outside of the latter two municipalities all of the other function through a sanitary board with the cost added to the county taxes.

H. B. Woodrugh, chairman of the nominating committee, read the committee's report, following which several candidates were nominated from the floor. The secretary was instructed to prepare ballots and mail to all members, report of the election to be given at the annual meeting called for Feb. 22. In addition to Mr. Woodrugh, other members of the nominating committee were Harold K. Grauel, A. L. Dudek, Clair M. Nelson and Howard Kanagy.

R. W. Bartine and R. N. Lodi were welcomed as new members. Those present were Vice President C. M. Nelson who presided in the absence of President C. G. Huston; Secretary Roy L. Davis; Emil Greener, Harold Grauel, Horace Parker, H. B. Woodrugh, James Kilpatrick, Bert Smith, Tony Wack, L. C. Sutton, Geo. Fagan, W. B. Mellett, Stuart Price, Mrs. H. C. Lounsbury, Nell Murbarger and Roy Nelson, a guest.

# SHIPS AND SLIPS

## Along the WATERFRONT

By SUE HITCHMAN

The business address of many of our local citizens is now a boat yard. Some of them have never owned a boat much less built one but previous experience as contractors, merchants and such qualifies them for the handling of materials, blue prints and personnel and for conducting the business end of a boatyard without having to undergo any great metamorphosis. They work from eight 'til five, frequently carry lunch pails, ride bikes and scooters to work or share a car or boat. Invariably they like their job and although sometimes they can hardly keep awake to finish dinner and would become difficult if wife suggested bridge for the evening, nevertheless the knowledge that they are doing something constructive about the war and are already adjusted and functioning in this man power dilemma removes defeatist worries and gives them the mental attitude that makes for well being.

Pegler says it is the business men and industrialists big and little who have despite labor and politics set the amazing pace of war production today. But getting back to boatyards and our local citizenry—where were they a year ago and where are they now? Here is a random directory. It could go on for columns.

Jack Cole, former petroleum engineer is personnel officer at the Ackerman Boat Company. R. Donald Hall, contractor, spends eight hours a day on Navy blue prints at Hubbard's South Coast Company. Henry Vaughn who runs the Beacon Service station is guard at the Peyton Company. Ray V. Marshall was in the building materials business before he became president of the Victory Shipbuilding Corporation. T. Weston Jay as proprietor of the Balboa Marine Hardware knew supplies from cordage to cleats and now purchases them for the Robert V. Staats Company.

Who keeps stores for the storekeeper while the storekeeper is busy keeping store? The Sawyer Sport Shop is well kept by Sally and Mrs. H. B. Sawyer while Stanley keeps store at the Peyton Company. The Island Variety Store is also open for business while Bob Allen handles personnel at Peyton's and Marlon Dodd who operates a mail shop during the season, a purchasing agent also at Peyton's. The Rev. W. J. Haller of St. James Episcopal church, is employed in the blueprinting department at South Coast company for six days a week and on the seventh day leads his flock in their spiritual devotions.

Roy Greenleaf, Sr. and Verne Britton have consigned their building and business talents to the Staats Company. Frank Cunningham, retired builder, plans "sweepers" at South Coast. Les Steffen of the Bay District Lumber Company is now manager of Peyton's Balboa Marine Hardware. Arthur Donaldson, professional skipper, helps install engines at Ackerman's. Bob Boyd, yacht broker, schedules and coordinates production at South Coast. Charles Peyton was an airplane engineer before he joined his brothers as production manager at the Peyton Co.

The sample directory should include a few wives. Olive Watkins keeps books at Ackerman's. Martha Scott is a secretary at the South Coast Co. and Katherine Crandall, daughter of Judge and Mrs. O. A. Jones, is secretary to the Navy at South Coast.

## VIRGIL MOORES—MAGICIAN

When a fisherman's boat needs repair, he wants relief right now. He is entitled to priorities for materials and parts but priorities take time or had you heard and delay is costly to fishermen and to the government who want to dispense the fish to our fighting men and to lendlease as rapidly as possible. Nor do the fish swim about saying, "Now, we'd better stay right here until Fisherman Brown can get a priority on a new carburetor so he can come and catch us."

Anyway, Gehrmen have come to regard Virgil Moore, Newport, as something of a mechanical magician who fixes them up to go to sea again. Virgil, it seems, is by nature a miner. In his spare time he goes prospecting in dumps in junk piles where he finds rusty engine blocks and parts, transmissions and reduction gears here a generator, there a manifold and over there some engine castings. Whereupon, he makes new again. This week in his machine shop at the back of Lyle Pope's Associated Station are a reassembled

freshly painted Gray four cylinder and a big Chrysler engine "Good as new" said Virgil, "a fellow here from Los Angeles Sunday spotted the Gray and wanted to buy it for his cruiser, but it goes to the fisherman who needs it now."

Virgil expressed his views further: "We've got to save and rebuild for as long as the war lasts. Uncle Sam will be too busy turning out war material. There are thousands of horse power lying around in junk piles that can be reclaimed by elbow grease, sweat, oil, abrasives, tooling and native intuition. We could go on for years keeping things running."

## Newport Harbor Foghorn To Sound Again

After a long long time the deep throaty boom of our new foghorn will again sound its mournful yet glad tidings to a boat's skipper and crew groping for the narrow entrance of the sea jetties to tie up at a berth and go home to sit by the warmth of family circle and firelight; which barring military reasons is just as it should be.

Some losses have resulted from the long silence of the deep mournful warning to mariners and many a skipper and crew have figured they have come far enough on their course to fetch up with the harbor entrance, only to find themselves gently lifting to the long Pacific swells with dead silence and no visibility confronting their eyes and ears, all in a vastly liquid salt sea world wet with the noise killing, rolling, wrath-like substance we call fog that shuts off human vision and dulls even the noise of the breakers on the beach.

It is a strange and nerve wracking experience, to come upon a rocky coast in a deep fog and not find what you expect after so many hours run on a certain compass course. A wise seaman will heave to and wallow; straining his ears for sound. He will use his lead line to determine depth and kind of bottom which his chart will show just so much off shore hereabouts. It will not show how near nor in what direction he is from the rocky jetty entrance. So he must ease his boat in shore, northwards or gently cruise east and west hoping for a lucky break to sight something that will give him a "fix". Now he needs no longer worry. The sonorous mournful tidings will bring him safety and security for out in the dark of night or the gray silence of a fog bound day he can make his reckoning at trip's start and come in knowing that the deep boom of his Newport "fix" will pick him up if he's off course because of the tide, wind or current. W.H.H.

## HOME ON FURLOUGH

After six days' furlough spent with his parents, Mr. and Mrs. Robert L. Boyd Jr., of 1211 Coast highway, Bob Boyd III left Monday afternoon for Olathe, Kan., where he will continue his training as a Naval aviation cadet. Young Boyd, who had just completed his pre-flight training at Iowa City, Iowa, was accompanied West by five other cadets who spent their brief leave swimming, boating and enjoying the attractions of the Harbor. While here, Cadet Boyd also had a pleasant reunion with his fiancée, Miss Cecelia Earell; enjoyed dinner at Newport Harbor and Balboa Yacht clubs, and met a number of his local friends.

## Give Farewell Party for Geo. Dromgold, Retiring Manager

Nearly 100 members and guests gathered Saturday evening at Balboa Yacht Club where a farewell party was given for George Dromgold for the past year manager of the club and who is now leaving the Harbor area because of ill health.

On behalf of the club Commodore Fred Hunie presented Mr. Dromgold with a handsome gold cigarette case and an honorary membership in the club. The establishment is now under the management of Mr. and Mrs. Larry Beaulac; Saturday's function being the first social event since they took charge.

In addition to Mr. and Mrs. Dromgold those attending the dinner and dance were: Commodore and Mrs. Fred Hunie; Vice Commodore and Mrs. Mark Healy; Rear Commodore and Mrs. Allan Craig; Fleet Captain Fred Brewer; Port Captain and Mrs. W. B. Harper; Secretary Treasurer James Lewis; Mayor and Mrs. Clyan H. Hall; Mrs. Theodore Johnson; Mrs. L. A. Bish; Dr. and Mrs. Fred Heiby; and son Dick; Mrs. Margaret Rickman; Mr. and Mrs. B. S. Young and daughter Joan; Mr. and Mrs. Hal Hitchman and sons Jim and Johnny; Mr. and Mrs. Robert L. Boyd Jr. and their guests Miss Cecelia Earell; Cadet Bob Boyd III and Jack Boyd.

Lieut. and Mrs. J. F. Boies; Miss Mabel Oakes; Barbara Metcalf; Velma Barber; Craig Doyle; H. R. Barcus; Mills B. Clait; Bob Kyle; Don Royce and Messrs and Mesdames W. S. Loid; Jack Greene; Don Kemp; Russell Hartcastle; A. S. Richardson; Wendell Calkins; J. W. Peyton Jr.; Earl Stanley; Jack Cole; Hal Homan; Ed Giddings; Sidney Blackbeard; Sid Wilkinson; Fred Hermon and daughter, Linda Edith.

In addition to a few previously mentioned, club members had as their guests: Messrs and Mesdames Clarence Ackerman; Seymour Paul Harold Holtz; Earl Doane; Raleigh Lawson; Les White; Harold Woldeberg; Gerald Ritchey; Ralph Ross; Staff Sgt. and Mrs. E. Smith; Miss Adeline Hunt; Mrs. Nora Margwarth; Capt. Leonard Rowberry; Mrs. Carroll Julian and Roger Carson.

## You and Your Neighbors

Civilian Defense needs First Aiders  
Civilian Defense needs Air Wardens

New arrivals in Newport are Mr. and Mrs. G. W. Martin of Los Angeles who have moved to 107 14th street.

Mr. and Mrs. Carlos Brantley, 422 East Bay, are the parents of a son, born last Friday at St. Joseph hospital.

Notice of intention to wed has been filed by Robert M. Modisette of 2025 Miramar, Balboa and Abby D. Catlin of Coronado.

Mr. and Mrs. Roland F. Valley, 508 S. Bay Front, Balboa Island, are the parents of a daughter, born Friday at St. Joseph hospital.

Notice of intention to wed has been filed by Vincent B. Lasken of Pampa, Texas and Mary J. Clifford, 1611 Balboa avenue, Balboa Island.

Chief Machinist's Mate R. T. Shepherd, who is stationed with the Navy at San Diego, spent the week end with his family at 3204 Ocean Front.

Lieut. Fred Woodworth, 930 W. Ocean Front, on Friday evening entertained the instructors from First Wing Pilot School of S. A. Army Air Base.

Miss Betty Lu Ashland of Balboa Island spent several days this week in San Francisco where she was the guest of Miss Doris Hill, a former junior college classmate.

Louie Lovell, who for the past five months had resided at the Holly apartments, 115 23rd street, started work at Douglas Aircraft on Monday. He is residing temporarily in Inglewood.

Capt. Glenn Balch of 1576 E. Ocean Front has been assigned to a motion picture unit of the Army Air Force. It was learned today he has previously been connected with the local Army Air Base.

Pvt. Heber Fowler, 313 Apolena avenue, has been awarded the Army's transportation expert medal, according to information received by his wife. Pvt. Fowler is at present stationed at the Army Flying school near Victorville.

Lieut. Marlin Ditchey, former employee of the South Coast company, has been twice cited for bravery in connection with his duties in the Ferry Command. It was learned here this week. He is in charge of transporting Flying Fortresses to the South Pacific.

Mrs. Dolly Smeltzer of White's Coffee Shop in Balboa, has returned from Phoenix, Ariz., where she enjoyed a 10-day visit with friends. Accompanying her home for a week's sojourn was Miss Sarrel Huenger, an employee of the First National bank of Phoenix.

Now seeing service at Pearl Harbor is William Henry Nielsen, 19 year old son of Julius Nielsen of 111 29th street, who joined the Navy in December, 1941 and now holds the rank of seaman first class. His brother, Victor, is stationed at Seattle with the Navy.

Mr. and Mrs. E. C. Nash, 125 Agate avenue, are the proud grandparents of twins, a boy and a girl, born last week to their son-in-law and daughter. Mr. and Mrs. Raymond Long of Pasadena. The Longs were already the parents of one pair of twins. Kay and Len, who are now two years of age.

Arthur N. Smith, 2007 W. Central avenue, has been removed to Sawtelle hospital following several months' illness of varying severity. The venerable old man, who has been a resident of Newport Beach for more than 50 years and was one time mayor of the city, has suffered several strokes during the past year and has been bedfast for a number of weeks.

Mrs. W. S. Smith, Jr., 314 Apolena avenue, was hostess Saturday evening at a dinner party which jointly honored the birthday anniversaries of Mr. Smith and of their son, W. Steven III, of Compton. In addition to the honorees guests included Mrs. Smith III, Mr. and Mrs. John F. Webster of Costa Mesa and Mr. and Mrs. L. C. Hilliard, Balboa Island.

Lieut. Peter Arth, who had until recently been stationed at Prince Rupert, spent last week with his mother, Mrs. Alice Arth of 1124 W. Ocean Front. On Sunday, Lieut. Arth figured in wedding rites with Miss Suzanne Roberts, following which the young people left by train for the Advanced Flying school at Roswell, N. M., where the Army man will be stationed.

Miss Donna Stanley, daughter of Mr. and Mrs. Earl W. Stanley of Balboa Island, and Miss Peggy Bryant, daughter of the Foster Bryants, also of the Island, plan to leave tomorrow for Berkeley after spending six days mid-term vacation with their respective parents. The young women, who are students at the University of California, arrived at the Harbor Sunday afternoon, making the trip by train.

## Evening High School Opens New Schedule

A new schedule of adult education classes was opened last week at Newport Harbor Evening High school, according to announcement of Principal S. H. Davidson.

On Monday evenings there will be held the advanced navigation class from 7 to 9 o'clock; a class in citizenship from 7 to 9, and badminton class from 6:30 to 9:30.

Tuesday night's schedule is a particularly full one with citizenship from 7 to 9; typing and office machine operation, 7 to 8; shorthand 8 to 9; wood shop 6:30 to 9:30; navigation 7 to 9; volleyball, 6:30 to 9:30 and first aid 7 to 9. All classes are held at the high school with the exception of the latter, which is conducted at Costa Mesa clubhouse by Dr. P. A. Chamberlain.

The advanced navigation class meets again on Wednesday night from 7 to 9 and the badminton class from 6:30 to 9:30.

On Thursday night is offered the typing and office machine class from 7 to 8; shorthand 8 to 9; bookkeeping, 9 to 10; wood shop 6:30 to 9:30; navigation, 7 to 9; volleyball, 6:30 to 9:30 and first aid 7 to 9. All classes are held at the high school with the exception of the latter, which is conducted at Costa Mesa clubhouse by Dr. P. A. Chamberlain.

No charge is made for any of these classes, although students must furnish their own texts and materials. A small fee is charged for towels in the physical education classes. Registration may be made in class on the first day of attendance.

Additional classes may be offered if a petition bearing 25 or more signatures is presented to the local board of education, requesting that such a class be established. Mr. Davidson said. Petition blanks may be obtained at the main office of the school.

## Merely Meddling

By NELL MURBARGER

There is he armed  
Who bath his quarrel just  
And four times he  
Who gets his fist in first. Anon

In the course of years I've dis-  
covered that life flows along far  
more peacefully and serenely if  
one refrains from sticking out  
one's neck. Yet, at times, it's very  
refreshing—  
like a cold  
shower.

This particu-  
lar piece of  
neck sticking  
out is address-  
ed to Mr. and  
Mrs. Costa  
Mesa Taxpayer.  
Now, folks,  
this will prob-  
ably come to  
you as consid-  
erable of a shock, so I'll try to  
explain it as gently as possible. You  
see, although you don't know any-  
thing about it, next Monday  
morning you're going in the pur-  
sue business. No, not the kind  
of a nursery that cares for plants  
and shrubs, but the kind of a nur-  
sery that cares for other women's  
babies.

This nursery, which is located  
in our beautiful boys' clubhouse  
at Balboa street and An-  
aheim avenue, accommodates 27  
babies ranging in age from 17  
months to 4 years. It started as  
a WPA project, but as you know,  
all WPA projects have been or  
are to be discontinued some time  
during the current month.

With the government's an-  
nouncement to fall on this project a  
month ago, Feb. 15, it was decided  
that until the end of the current  
fiscal year the project should be  
sponsored by the school district.  
After all, it might upset the whole  
social structure if these 27 little  
Greenlins, bog garden, guests,  
were to be turned over to their  
respective mothers and grandmothers  
or placed in private nurseries.

Even fortified by this back-  
ground, you can be only partially  
prepared for what I'm about to  
tell you. So, perhaps you'd better  
sit down.

Now, while only four of these 27  
babies are Costa Mesa children,  
and the other 23 come from Bal-  
boa Island, Corona del Mar,  
Newport Beach and elsewhere, the  
nursery is going to cost you. Mr.  
and Mrs. Costa Mesa Taxpayer,  
just a shade under \$1000 per  
month. If you insist on the exact  
figure, it's going to cost you  
about four and a half months.

But let it from me to say that  
this is an exorbitant charge. After  
all, I've never been in the nur-  
sery business, and there is the  
rent, lights, gas, telephone—  
You know, things cost quite a bit,  
you know.

And, of course, this glorified  
WPA project has to be supervised.  
Mrs. Edith Fuller, who is not a  
Costa Mesa taxpayer but who  
has resided here when her  
husband was in the service, has  
been assigned to supervise the  
nursery. She's a little thingy,  
but she's got it.

So, finally, she can't be expected  
to handle 27 little Greenlins all by  
herself. Therefore, she is as-  
sisted by two assistants, one a  
cook and an assistant cook and  
one a nurse. Which should be  
enough to handle 27 infants from  
17 months to 4 years, and 6:30 at  
night. Although hundreds of peo-  
ple have been given their  
nursery, there's no doubt in my  
mind that it's a very good thing.

So, in addition to what funds they  
are coming out of the already dis-  
tressed state of the nursery makes  
a slight charge.

If Mr. and Mrs. Costa Mesa have a  
monthly income of \$150 a month,  
little Johnny can depend himself  
on the nursery at the rate of  
25 cents a day. However, if the  
parents' income is between \$200  
and \$300 a month, the charge is  
35 cents, and parents earning over  
\$300 a month must pay 50 cents,  
this remuneration being supposed  
to cover little Johnny's noon meal  
and his orange juice.

The average payment, I under-  
stand, is 35 cents a day, which  
indicates that the average child  
enrolled here has parents with an  
income of nearly \$75 a week,  
which should well enable them to  
hire a maid so the child could be  
cared for in his own home instead  
of at public expense.

Well, you're in it now—up  
to your neck.

How do you think you're going  
to like the nursery business?

Being accorded special respect  
today by his fellow watchers at  
Costa Mesa aircraft observation  
post is Dale Richardson, 1865  
Newport boulevard, one of our  
most diligent plane spotters.  
Recently, while on watch, the  
young high school student sighted  
a plane which he instantly recog-  
nized as one of the famed Jap  
"zero" fighters, although the craft

was carrying no insignia at the  
time. When he reported it, instead  
of giving the usual stereotyped  
form, Dale said, "Jap Zero!"

The astounded woman opera-  
tor who received the report at the  
filter board, asked him to re-  
peat the message. When he had  
done so, she called a lieutenant,  
who after hearing Dale's report  
excitedly called a captain and the  
captain called a major. The  
major then informed Dale that the  
Jap plane had been captured in  
diversus fighting; was recon-  
ditioned at San Diego and had been  
making an unannounced flight over  
Southern California cities.

Various observation posts had  
reported it simply as a single-mo-  
tor plane, the major said, adding  
that Dale was the first observer in  
Southern California to correct-  
ly identify the craft as an enemy  
warship.

## Local Police Handle Multiple Arrests During Past Year

Faced by the inevitable relax-  
ing of morals during time of war, and  
the close proximity of untold thou-  
sands of men in military installa-  
tions, coupled with the dimout and  
its inherent evils and the constant  
loss of well-trained men to the  
armed forces, Newport Beach po-  
lice department put in many a  
busy day during the year of 1942.

Proof of this assertion may be  
found in the annual report of the  
department, compiled by Desk  
Sergeant Charlie Priest.

According to the report, the de-  
partment handled 1357 arrests dur-  
ing the calendar year, this num-  
ber including 936 citations for  
parking violations and other minor  
offenses. On the surface, the total  
arrests indicate a slight de-  
crease over two previous years,  
1941 having shown a total of 1411  
arrests and 1940, 1545. It was  
pointed out, however, that the dif-  
ference lay largely in parking  
violations and minor offenses, the  
1941 total having included 920 ci-  
tations and 1940, 1043 citations.

Greatest single offense listed on  
the department's report was for  
violations of the parking ordinance,  
406 persons having run afoul of  
the law in that manner. Second  
place was held by violators of road  
and driving laws with 372 for the  
year, with 67 being cited for break-  
ing other traffic and motor vehicle  
laws.

Two hundred twenty-five arrests  
were made for drunkenness, 36  
for drunk driving, 26 for disorder-  
ly conduct and 24 for vagrancy.  
Liquor law violations brought  
another 17 arrests.

In the more serious category  
were 12 arrests for larceny and  
two for auto theft. Thirty-six autos  
were reported stolen during the  
year, 12 of these later being writ-  
ten off the books as pranks of  
friends or owner misunderstand-  
ings. There were five arrests for  
assault, two for sex offenses, six  
for burglary and one for violation  
of the narcotic drug laws.

It was pointed out that the above  
totals do not include more than  
100 members of the armed forces  
who were picked up by the de-  
partment and held for military po-  
lice or turned over to their com-  
manding officers for discipline.

## VICTIM OF HEART ATTACK

Funeral services were held Mon-  
day morning at Balboa mortuary  
for August "Shorty" Koelsch,  
1920 Ocean Front, who passed  
away last Wednesday at a Santa  
Ana hospital following a heart at-  
tack suffered at his home.

Mr. Koelsch, who was born at  
Oxford, Ohio, had resided in Bal-  
boa for 20 years and at New-  
port for four years, having en-  
gaged in commercial fishing. He had  
been in failing health for more  
than a year.

Survivors include two sons, Rus-  
sell of Chicago, and Earl, who is  
stationed at Mare Island with the  
Navy. Interment was at Fairhaven  
cemetery.

## What You Buy With WAR BONDS

An Army motor trailer looks  
much like any other automobile  
trailer which may be seen on the  
highways or in the tourist's camps.  
The Army's trailers are used as  
traveling laboratories, dental clinics  
and testing laboratories.

These mobile surgical or dental  
units are hauled to their destination  
and the trucks released for other pur-  
poses. They cost from \$1200 to  
\$2500 and worth from 1 1/2 to 2 1/2  
times what you can help pay for them.  
... help keep our Army fit. Invest  
at least one percent of your in-  
come in War Bonds every payday.  
You can join the Ten Percent Club  
through the Payroll Savings Plan,  
or buy Bonds regularly through the  
nearest bank or postoffice.  
U. S. Treasury Department

## Victory Book Drive Off to Good Start

Reception depots have been es-  
tablished throughout the Harbor  
area as an aid to the "Victory  
Book" drive currently being con-  
ducted under the co-chairmanship  
of Mrs. L. L. Isbell and Mrs. C. M.  
Deakins.

Stressing that "the book you  
want to keep in the book you want  
to give," Mrs. Isbell yesterday  
pointed to the great need for books  
now being felt in camps, hospitals  
and lonely outposts where Ameri-  
can service men are stationed.  
In Newport Beach, contributions  
may be left at any of the follow-  
ing places: Campbell's Ocean  
Front market, Bank of America  
Lido theatre, Thompson's Red and  
White store, Thompson's grocery on  
30th street, Lido clubhouse and at  
both newspaper offices. In Balboa  
books will be received at both Vin-  
cent's and Gunderson's drug stores,  
Bank of America, Danielson's gro-  
cery, Safeway store and at the city  
library, Balboa Island Public Av-  
enue cafe, Market Spot, Arbore  
grocery, J. S. Brown grocery, Cor-  
ona del Mar, MacGinitie's grocery,  
Brookings Variety store and Serv-  
ice Women's club on Heliotrope  
avenue.

## TAX EXPERTS HERE

Expert tax advice will be avail-  
able to local citizens on Thursday  
and Friday, Feb. 18 and 19, when  
a representative of the Federal  
Bureau of Internal Revenue will be  
headquartered at the Newport  
Harbor Chamber of Commerce of-  
fice in Balboa.

On Monday, Feb. 22, an expert  
from the office of the State Fran-  
chise Tax Commissioner will be  
on hand to discuss state income  
tax problems with any interested  
person. It is important that these  
dates be carefully noted, it was  
pointed out by Secretary Harry  
Welch, for if the authorities are  
not contacted during the time they  
are established locally, it will be  
necessary to go to Santa Ana to  
interview them.

# Play safe

WHEN YOU FLY YOUR KITE!

This year there is an important new reason why  
every kite-flyer must follow the safety rules for  
flying kites: Power lines are vital to America's  
war production because they carry essential elec-  
tricity to war factories...and carelessly handled  
kites can cause damage to power lines. Be sure  
to observe the following rules:

1. Fly your kite in an open field, away from power lines.
2. Never use wire, steel or metallic string.
3. Be sure the cord is perfectly dry.
4. If your kite catches in a power line, let go. Don't pull!  
Phone the company owning the line and a licensee will  
come to get your kite for you.

## Protect Your Home Against Fire

An O. C. D. stirrup pump with its eight feet of hose, and a  
bucket of water, will protect your home against fire, whether  
from ordinary causes or an incendiary bomb, as well as a fire  
extinguisher costing five times as much and now unobtainable.

Newport Beach Civilian Defense Council has placed these  
stirrup pumps on sale at a ceiling price of \$2.25 with the fol-  
lowing firms:

**Balboa Island Variety Store**  
**Balboa Furniture Store**  
**Estus Hardware Store**  
**Peyton's Marine Hardware**
