550 Yachts Set for Ensenada Race Thursday

By ALMON LOCKABEY
Daily Pilot Boating Editor

Hails of "hard on the wind" and "starboard tack" will resound over Newport Harbor Thursday as some 550 sailing yachts scramble across the starting line at noon en route (hopefully) for the Baja California port of Ensenada — terminal point for the "world's largest international yacht race."

The race will start in four divisions — two of these divided into five classes — from dual starting lines established seaward of the Newport Jetty entrance buoy.

First signal will be at 11:50 a.m. which will be the 10-minute warning for the Midget Ocean Racing Fleet, boats under 30 feet racing under their own handicap rule. The preparatory signal will sound five minutes later and the third blast at noon will send the 68 MORFs on their way.

From there on starts will be at 10 minute intervals for the Ocean Racing and Pacific Handicap fleets which will be starting on two separate lines.

The PHRF and MORF starting area will be between the jetty buoy and the central race committee boat. The Ocean Racing and Catamaran fleets will start on a line to be established to seaward of the central committee boats.

Both the PHRF and OR fleets are divided into five classes, A, B, C, D, and E. The Class E yachts in both divisions will start simultaneously at 12:10. Classes D, C, B and A will start at 10 minute intervals thereafter.

Last group to start at 1 p.m. will be the fleet of 17 catamarans.

Race committee chairman John Gettle has reiterated his warning that there will be no race committee boat at the Ensenada finish line this year. The race committee will be housed in a bus on the end of the Ensenada breakwater and the finish line will be an extension of the breakwater.

Weather forecasts for the start are not too promising. Barring a change, the gigantic fleet will start in light southerly breezes under overcast skies. This would indicate a few hours of tacking before the normal westerly fills in — if it does — and starts the colorful spinnakers blossoming.

As the yachts approach Point Loma off San Diego after nightfall the big debate will start: Is the best course inside or outside the Coronados Islands south of San Diego. During the 21 year history of the Ensenada junket, races have been won or lost on this decision.

General consensus is that if the wind dies at nightfall, the best course is along the Coronado strand and the Tijuana Slough where an offshore breeze

Freeway Routes Bared

All West of Superior; None Has Inland Link

By JEROME F. COLLINS
Of the Daily Pilot Staff

LOS ANGELES — California Division of Highways engineers here today pulled the wraps off four possible alternate routes for the Newport Freeway as it heads for the sea.

All of them lie west of both Newport Boulevard and Superior Avenue.

To the elation of Costa Mesa officials, none of the suggested routes included an interchange with an inland alignment of the future Pacific Coast Freeway.

Presentation of the results of the division's year long feasibility study of a new routing for the tailend of the Newport Freeway took place in the division's District 7 headquarters here.

State engineers began the study last May at the request of Newport Beach officials, who said they wanted Newport Boulevard — along which the adopted freeway route would go — left open as an inter-city "lifeline," Costa Mesa authorities had objected to the study, saying it would just provide Newport with an opening in its fight to move the coast freeway inland.

Today, Costa Mesa's fears appeared groundless. No data whatever was presented involving a suggested inland alignment for the Coast Freeway.

On hand for the unveiling were Newport Mayor Doreen Marshall, Councilmen Robert Shelton and Paul J. Gruber; from Costa Mesa were Vice Mayor Robert Wilson and Councilman Willard Jordan. Also present were administrative and engineering aides from both cities.

Haig Ayanian, chief engineer for District 7, at the conclusion of the one hour briefing, urged the two Harbor Area communities to reach agreement on one of the four alternate

'STARLET' IS BORN — It was instant fame for Erica Jane Bates-born this morning at Hoag Memorial Hospital and shown here with dad, James, 28, only 30 minutes after she was registered as 25,000th baby born at the Newport Beach hospital.

25,000th Bouncing Baby Born at Hoag Hospital

Erica Jane Bates, 6 pounds, 2 ounces, was born into fame at 10:32 a.m. today when she became the 25,000th baby to come into the world at Hoag Memorial Hospital.

That amounts to almost as many kids as the population of Newport Beach.

Erica is the daughter of Mr. and Mrs. James Bates, of 2179 Miner St., Costa Mesa. The couple has a 2-year-old boy, born two years ago at Hoag.

Dr. Royal Tucker delivered the child.

The 21-year-old mother will get a month's supply of free diapers from the hospital in honor of her daughter's significant birth date.

Hoag opened its doors in 1952, and averaged fewer than 500 births the first year. In 1967, however, there were 2,167 babies born at the Harbor Area hospital.

Divorcee Files Defamation Suit For $1.3 Million

A divorcee, formerly employed by the Orange County coroner's office, has filed a defamation of character suit in Superior Court asking $1.3 million damages.

Defendants in the suit filed by Mrs. Catherine Burchell of Santa Ana, are Allstate Insurance Co. and James P. Buck, Allstate representative.

Mrs. Burchell alleges that Buck and other Allstate employes, talking to her former husband concerning cancellation of her automobile insurance policy, accused her of "immoral acts in connection with her Coroner's Office job."

She alleges that an Allstate representative told her former husband:

"I was a Grand Jury member investigating the coroner's office. You are an innocent victim of a very bad situation. Your wife is a very immoral person."

Rocky Scores Big Victory in Massachusetts

BOSTON (UPI) — Gov. Nelson A. Rockefeller of New York, who polled a flood of write-in votes only hours after announcing his candidacy, today was declared the winner of the Massachusetts presidential preference primary in a startling upset.

The New York governor staged a stunning victory Tuesday over Gov. John A. Volpe of Massachusetts, a favorite son candidate whose name was the only one on the GOP ballot. Former Vice President Richard M. Nixon was third.

The win assured Rockefeller of Massachusetts' 34 delegate votes on the first ballot at the Republican National Convention.

Sen. Eugene J. McCarthy of Minnesota easly won the Democratic race as expected over Sen. Robert F. Kennedy of New York. McCarthy's was the only name on the Democratic ballot.

Vice President Hubert H. Humphrey — like Kennedy, a write-in candidate — finished third.

On the Republican preferential ballot, returns from 1,722 or 99 percent of the state's 1,734 precincts gave Rockefeller 30,903 votes, Volpe 29,663, Nixon 26,021, McCarthy 9,501, Ronald Reagan 1,826 and Kennedy 1,400.

Seymour Named To Help Dissolve Harbor District

Newport Beach City Attorney Tilly Seymour and Westminster City Administrator Robert Huntley have been named by the county League of Cities to work with a supervisors' appointed committee on dissolution of the Orange County Harbor District and reorganization of its functions.

The appointments were announced today by Dean E. Shull Jr., acting president of the league and mayor of La Habra.

Naming of the two city representatives to the three-man study committee on the harbor district problem was suggested last week in Sacramento by Assemblyman John V. Briggs (R-Fullerton) in a session with the supervisors' representatives. Briggs is steering a bill through the legislature which would dissolve th edistrict.

Representing the Board of Supervisors on the study committee are Robert E. Thomas, county administrative officer; Kenneth Sampson, director of the harbor district, and Adrian Kuyper, county counsel. The League of Cities last month after 18 months of study voted 24 to 0 to request the supervisors and the state legislature to dissolve the district.

According to present plans, the joint county-city committee is to recommend how to effect district dissolution and consolidate parks, harbors, beaches and receation under a regular county department.

Parents, Teens Air Drug Views

By BRUCE BENSON
Of the Daily Pilot Staff

Is smoking marijuana a felony or a misdemeanor?

What can parents do to prevent their children from using drugs?

Can a couple puffs of a marijuana cigarette cause promiscuity?

These were a few of many questions fielded Tuesday night by panelists in a program dealing with marijuana, LSD and hippies.

More than 400 parents and their teen-agers turned out to see films and hear discussion, sponsored by the KeTaedae and Aurora Tri-Hi-Y Clubs of Corona del Mar High School along with the Orange Coast YMCA.

Panelists were Cecil Hicks, Orange County district attorney; B. James Glavas, Newport Beach police chief; Merrill Duncan, Newport assistant police chief; Dr. David I. Nielsen, physician, and Kim Strutt, director of youth ministry at St. Andrews Presbyterian Church, Newport Beach.

In an introduction to the color film strip, "The Hippies," Chief Glavas urged the audience to look for repeated "threads" of behavior which "indicate subversion" afoot in current social unrest.

The film strip indicated that many leaders popular with today's youth either are Communists or closely associated with Communists.

Among youth leaders it portrayed in an unfavorable light were Dr. Benjamin Spock, and folk singers Pete Seeger, Joan Baez and Bob Dylan.

Assistant Chief Duncan told the DAILY PILOT the film strip was put together by a John Mackey.

Duncan said Mackey has been a member of the John Birch Society for six years. However, Duncan said he was told there was "no Birch money" in the film strip.

Two motion pictures also were shown. One dealt with marijuana and was narrated by Cher of Sonny and Cher fame. The second examined the consequences of using LSD.

The LSD film was narrated by Sal Mineo and included several statements by well placed medical men on the serious, often tragic results of taking the drug.

In questions to the panelists, District Attorney Hicks told the audience, meeting in the Sea Byrd restaurant at the Newport Dunes, that possessing marijuana at present is a felony.

He said a bill is pending in the state legislature giving judges leeway in deciding whether to sentence an offender under felony or misdemeanor codes.

Hicks also bluntly laid out the kinds of penalties that most first offenders

Police, School Officials Agree 'Not to Rock Boat'

By THOMAS FORTUNE
Of the Daily Pilot Staff

Harbor Area school officials and law enforcement personnel decided Tuesday night they get along pretty well now, so why rock the boat?

As a result of the session, Newport-Mesa school trustees may discard proposed new policies on pupil questioning and narcotics.

The meeting was simply exploratory, with no action taken, but the consensus seemed to be that the board should stick with its present general policy statements instead of adopting detailed policies.

"Right now I have the power to use my own judgment. I like that. It helps us to deal with kids as individuals," said Corona del Mar High School Principal Leon Meeks.

NO PROBLEMS

"I don't think a problem exists between the police and the schools," said Costa Mesa Police Chief Roger Neth. "I would not like to see us adopt a policy that could create one."

Present at the meeting were seven school board members, four school principals, two city attorneys, a juvenile judge, a police chief, and an Orange County sheriff's officer.

Two matters were discussed: school reprisals against students suspected of narcotics violations and questioning of students by police.

Juvenile Court Judge Bruce Sumner of Laguna Beach won the assurance he sought that students charged with off campus narcotics violations would not normally be suspended or expelled unless found guilty in court.

He conceded to principals the right to suspend students for unwholesome or unhealthy habits.

OFF CAMPUS ARREST

Judge Sumner remarked that his principal concern is the off campus arrest. He referred specifically to the case of the student who may be arrested for being in the presence of narcotics (at a party or in a car).

"The most frequent question asked at a juvenile hearing is 'What is going to happen to me in school?'" he said.

"If he is suspended he will suffer the slings and arrows of his own peer group. Parents will tell their

Paratroopers Decimate Red Unit in Battle

SAIGON (UPI) — U. S. paratroopers wiped out a North Vietnamese battalion in a two-day battle Tuesday and today and possibly saved the city of Hue from a May Day invasion, front dispatches reported. Heavy fighting raged near Hue today.

UPI correspondent Raymond M. Wilkinson said men of the 101st Airborne Division killed 117 Communists today in their final thrust against a battalion which already had lost 217 men. So far this week the Communists in that general area have lost 791 dead.

The paratroopers battling near the village of Phuoc Yen five miles northwest of Hue also captured 95 persons, many of them found hiding in a river and breathing through hollow reeds. Prisoners said almost all of their officers had been killed in the fighting.

Tonight the paratroopers were being hit by rocket-propelled grenades at a rate of about 100 within a 30-minute period, Wilkinson said. The grenades were believed to be coming from another Communist unit in the area.

Still another Communist battalion was reported under attack by 101st Airbore units and South Vietnamese Black Panther troops a mile and a half to the west.

Electric Service On Lido Isle Cut

Electric service was cut off from about 25 customers on Lido Isle early today when a transformer burned out, according to Ralph C. Kiser, district manager for the Southern California Edison Co.

Kiser said service failed at 6:55 a.m., and was resumed at 8:30 a.m.

License Fee Increase?

Newport Studies Plan as Long Range Project

Newport Beach city officials are eyeing an increase in business license fees that could involve some 6,000 local business firms.

But it isn't likely that the hike will take place this year, or possibly even next year.

The city council isn't ready for it yet.

City Manager Harvey L. Hurlburt has been instructed to consider it a "long-range" project.

Hurlburt tossed the proposal at councilmen as one of a series of revenue-raising suggestions.

He said an estimated $165,000 in additional income could be collected by revising the present license fee system. The city now charges $25 a year for a business license. The annual revenue from this is $185,000.

Hurlburt suggested the council might consider a new fee schedule based on a percentage of gross receipts in addition to a separate flat rate.

He pointed out that the $25 flat rate was established 20 years ago. All Orange County cities, with the exception of Newport, now charge a license fee based on gross receipts or a combination," he added.

Councilmen, though, remained wary.

"This should be a subject for long-range study," said Mayor Doreen Marshall. "It should take a back seat to a number of other municipal projects."

"Put it on the back burner," echoed Councilman Robert Shelton. He observed wryly, however:

"I'll bet those huge stores at Fashion Island are appalled at paying a $25 license fee. They don't pay anything like that anywhere else. Why, that's what a bootblack pays."

"There is a disparity," agreed Mrs. Marshall.

Councilman Paul J. Gruber said if there were to be an increase, he would prefer it be in the flat rate, rather than involve business receipts.

"Let's not forget about it," concluded Mayor Marshall. "But let's delay it."

Hurlburt said, "I had hoped you would take that attitude."

FREEWAY . . .

routes.

He said such an accord would "weigh heavily" on any decisions to be made by the state Highway Commission, the final arbiter in freeway matters.

Assistant district engineer William Hashimoto, working with maps, financial data and aerial photographs, compared the alternate routes with the Newport Freeway presently adopted route, an alignment approved by the state 24 years ago.

The routes came in mixed colors. But as shown by Hashimoto, each feeds off the adopted routing along Newport Boulevard in Costa Mesa and ties in with the Coast Freeway just above West Coast Highway in Newport.

Three of the alternate routes emerge from the Newport Freeway at Bay Street in Costa Mesa. A fourth, the "blue line," starts seaward from 17th Street. Each route eventually runs parallel to, as well as west of, Superior Avenue. The "blue line" is the closest of the four to Superior—about a half block away.

FRONTAGE ROAD

Ayanian explained that Superior Avenue itself wasn't considered as an alternate, because it would be needed as a feeder, or frontage road.

All of the alternate routes would cost more than adopted route, whose estimated cost is $49.7 million. Cost of the others ranges from the "blue line's" $56.9 million to $60.7 million for the farthest west routing.

Costa Mesa Vice Mayor Wilson and Councilman Jordan were plainly happy about the exclusion of the Coast Freeway route question from the Newport Freeway study.

Newport Mayor Marshall said she wasn't surprised. "We had understood that it would be a study involving only realignment of the Newport Freeway. Our chief concern always has been keeping open Newport Boulevard for inter-city, local traffic."

Said Jordan, who as Costa Mesa mayor a year ago futilely protested the study:

NO REFERENCE

"As long as there is no reference to reopening the Coast Freeway matter, we're interested in studying this to see how both cities can be helped from a new routing. We're not so damned closed minded now that we wouldn't look at it."

Vice Mayor Wilson agreed. "Now we can talk about this openly. We're definitely cooperating with Newport on this. Newport Boulevard is our lifeline too. This is the first good step taken in a long time. Both cities can benefit from it."

Newport Councilman Gruber was eager to get talks between the two cities under way. "We're now at the point where one city can address another," he said.

After brief discussion, Wilson and Mrs. Marshall told division engineer that all the information would be probably turned over to their municipal staffs.

City Studying New Ways To Fill Municipal Till

From dogs to tourists to moviemakers.

They'll all be affected — and then some — by the city of Newport Beach's widening search for revenue.

Under City Council authority, City Manager Harvey L. Hurlburt and his staff today were poking around for the additional income, in the hopes of finding enough to hold down the municipal property tax rate.

Hurlburt has won informal council approval to "pursue further" studies that could lead to:

—A hike from 4 to 5 percent in the city's motel and hotel bed tax.

—A boost in yearly dog license fees from $3 to $5.

—A increase in Balboa Pier parking lot rates from 50 cents to $1 weekdays, and from $1 to $1.50 weekends.

—Establishment of a $100 a day license fee for moviemakers shooting on location in the city. They now pay fees of about $12.50 a day.

—A raise in the city tennis instruction tab from 50 cents to 75 cents an hour.

—Doubling of various zoning application fees. Cost of processing a variance request would be jumped from $50 to $160, under th eproposal.

—An increase in sewer connection fees from $15 to $25 per installation.

—A hike in the basic monthly water service charge to commercial and industrial users. The city staff hasn't yet precised fees on this proposal.

—Doubling of the overtime parking hail from $1 to $2.

—Establishment of lease transfer fees at the city-owner Marina Park trailer park site. This fee would be imposed whenever a trailer owner at the park sells his trailer.

The added annual revenue from these new or revised income sources range from an estimated $3,520 for boosted moviemaking fees to $124,000 for the water rate increases.

It all adds up to about $220,000 in additional municipal income yearly. It would take at least a 10-cent hike in the city property tax rate to raise an equivalent amount. The tax rate is now $1.175.

Hurlburt said he would attempt to complete studies of the money-raising proposals in time for inclusion in the 1968-69 preliminary budget.

Each would have to be voted on separately by the council. Lawmakers will begin wrestling with the new budget probably on May 26, according to Assistant City Manager James DeChaine.

Want to Watch?

Here're Tips on Best View Points

So you don't dig the Ensenada race?

Well, join the group. Neither will a large percentage of the skippers and crews entered in the race.

Like, the skipper who asked the race committee, "Do we hoist our sails before or after the start?"

But if you are planning to watch the start of Newport's most colorful yachting event, here are a few suggestions:

Best viewing points are from the Newport Jetty or the bluffs of Corona del Mar. By the time the yachts get to Dana Point forget it. They'll be spread all over the ocean.

If you are watching from the shore inside the harbor or jetty, the most colorful sight is the parade of yachts out the harbor to the starting line. It will start about 9:30 a.m.

There will be three starting boats marking the limits of the starting line. One adjacent to the jetty bell buoy, another about a quarter of a mile to seaward, and another marking a flag a quarter of a mile further to seaward.

Midget Ocean Racing Fleet and Pacific Handicap Racing Fleet yachts wiill start on the inshore line. Ocean Racing and Catamarans will start on the outer line.

MORF are boats under 30 feet, PHRF are yachts handicapped under a local rule, and OR are yachts rated under the Cruising Club of America measurement rule.

Those cannons you hear? The first will be at 11:50 a.m. signalling the 10-minute warning for MORF. The preparatory gun sounds at 11:55 and the MORF starting signal is at 12 o'clock.

Cannon blasts at 10 minute intervals thereafter will mark the start of the five classes of PHRF and OR, starting on separate lines. Class E, the lowest rated in each division, starts first, followed by Classes D, C, B, and A.

The final blast at 1 p.m. sends the catamarans on their way.

If you have sharp eyes you might be able to see collision or two as the yachts jockey for position. If you have equally sharp ears you might be able to pick some choice language that can't be printed in family newspaper as skippers and crews demand their rights-of-way in the starting area.

It's a colorful start, but like I say, half the people out there don't quite know what's going on—so why should you?

Statistics? The 550 (more or less) boats on the starting line have an aggregate value of something over $5,000,000. They will be manned by about 3,500 weekend sailors — some of whom have never been aboard a yacht before.

From Page 1

ENSENADA . . .

can be expected during the night and early morning hours. If the wind holds during the early evening, many skippers advocate swinging outside the islands, although it is a slightly longer course.

Who will be first to finish at Ensenada? That's as risky a bet as "going inside or outside." Under the right wind conditions, one or more of the big ocean-going catamarans are likely to get the first finish signal. They are unbeatable downhill in a breeze of wind. The 46-foot cat Aikane still holds the elapsed time record of slightly more than 12 hours on this 125-mile race.

Among the single-hull or "conventional yachts" Jack Baillie's 12-meter Newsboy, a former America's Cup contender, is a good best for first to finish — and, under right conditions, could beat the best catamaran.

But as far as the top trophies are concerned, the race does not go to the fastest. Under the handicap system, in all classes, each yacht is given a time allowance which theoretically makes the slowest boat equal to the fastest.

Thus, the winners of such hardware as the President of Mexico, President of the U.S. and other major prizes will likely go to boats in the lower rating classes which sail fast enough to "save their time" on the lead yachts.

Information on the progress of the race has been improved this year through a ham radio network set up by Carroll D. Hudson and Wally Gearhart. Information received through this network will be made available to local yacht clubs and the press.

New Score Sheet In Ball Program

A new score sheet will be introduced to coaches and umpires in the Harbor Area Baseball Program tonight at 7:30 o'clock at the Police Facility in Costa Mesa.

In the first meeting of the baseball season, commissioner Rod McMillian will explain the advantages of the new score sheet and other rules affecting the numbers of times a boy may bat.

Registration is still being taken Saturdays 10 a.m. to 2 p.m. at the Baseball Office, 18877 Park Ave., Costa Mesa.

SCHOOL LAW . .

youngsters not to associate with him. This is a tremendous factor in rehabilitation," the judge remarked.

"I'm not being soft on narcotics. The problem is so huge. We have some of the finest young people in Orange County brought into our court."

Judge Sumner said that in another county school district expulsion has continued in effect after the case was dismissed.

He reminded the group that a new law giving school districts independent judicial power in narcotics or illegal drug cases requires guilt be "established to the satisfaction of the school board."

He said his own interpretation is that this is a stronger imperative than a finding of mere suspicion.

Supt. Leland Newcomer agreed, but distinguished between the off campus arrest and cases in which a student is in possession or under the influence on campus. In the latter instances, he said, the welfare of other students is involved.

Giving an example to point up the distinction, Trustee Selim "Bud" Franklin said a student could be suspended for the act of smoking but not on suspicion that the cigarette is marijuana. Police must decide if a crime has been committed, while the schools control acceptable behavior, he said.

The other matter discussed was police questioning of students on campus.

Law enforcement representatives objected to a proposed policy statement that would require school administrators to notify parents before any questioning by police.

It was generally decided that the rights of police supersede those of the principal and that questioning should begin with school administrators making haste to notify the parents.

Costa Mesa Principal John McGowen said he personally had come to that conclusion after an experience in which if he had said one more "no" he would have been in jail for obstructing justice.

Sheriff Lt. Robert Griffith wanted police to be allowed to complete questioning before notifying parents "to save schools unpleasantness at their doorstep."

He suggested parents would make a beeline for school and "sit on the principal's and officer's laps."

Principal Meeks said he would feel derelict in his duty if he didn't telephone parents right away. "We are legally a third parent," he said.

"I'm not quite as concerned," said Newport Harbor High Principal Charles Godshall. "I feel police are a fourth parent."

Burglary Rap Filed Against 3

Three Long Beach men were in the custody of Los Angeles police today after their arrest in Newport Beach late Tuesday night on burglary charges.

The trio was stopped for a routine car check at East Coast Highway and Narcissus Avenue by Officer Robert Briscoe about 11:31 p.m.

Police said a records check showed the men were wanted in connection with burglaries in the Los Angeles area. They were identified as Alex R. Bankaluk, 29; Larry Douglas Tison, 22, and Joe Lee Tison, 30, all of Long Beach.

Costs Increase

Taxpayers Stuck For Saddleback

Taxpayers of Orange Coast Junior College District today were told they appear to be stuck with paying part of the cost of educating Saddleback students.

"Although every effort has been made to relieve the taxpayers, it appears at this point to be a losing battle," said Orange Coast Supt. Norman Watson.

Dr. Watson asserted this is despite Saddleback residents being financially better off, and presumably, therefore, more capable of paying.

The County Board of Education Monday adopted a policy of admitting students from the Saddleback area to neighboring junior college districts without payment of $300 per student seat tax.

Watson has spearheaded the Orange Coast district's opposition to such an eventuality.

"We've left no stones unturned in this struggle," he said. "We've been involved in this for the last four months. Now it appears we are not going to be successful."

He said he appreciates the many letters written by residents to legislators.

Addressing himself to what he feels is the inequity of the situation, he suggested it would cost Saddleback residents only seven cents on their tax rate to replay other districts fully for educating Saddleback students.

Downtown Costa Mesa Secession 1-man Idea?

Secession of downtown Costa Mesa from the rest of the city was raised by a downtown attorney Tuesday.

He brought the issue up, ruled that it was legal and then said that he didn't have anything to do with the plan and had no intention of supporting it.

The curious, one-person dialogue came in the form of a press release from Selim H. Franklin, president of Costa Mesa Tomorrow, Inc. Franklin is a longtime Mesan, a former school trustee, onetime candidate for state Assembly, and an active promoter of downtown Costa Mesa causes.

Franklin's press release began:

"Costa Mesa Tomorrow, Inc., is not presently interested in a proposal to have downtown Costa Mesa secede from the City of Costa Mesa."

Then he went on:

"In fact, the plan has not even been discussed by the Board of Directors nor the membership."

Then Franklin said he did give a legal opinion as to whether such a secession was legal and that he believed it was. He noted that such a movement could leave some councilmen out of the city they represent, but this might be easier than recalling them.

Franklin insisted he is not part of any such secession plan, that all he did was give a legal opinion to a person he would not name. That opinion was delivered six or eight months ago, he said.

Asked why the issue was brought up more than a half year later, Franklin replied "With all this fireworks starting again, it is being buzzed around. It is being kept very hush hush, though."

In his press release Franklin referred to "the proponents of the plan to secede," but when questioned he said the "proponents" consisted of the one person who asked his opinion on the possibility of secession.

Franklin said Costa Mesa Tomorrow "had 48 members at dues-paying time, and I think that's about our present membership." Most members own or operate businesses in the downtown area, within several blocks of the Harbor Boulevard-Newport Boulevard intersection.

DRUGS . . .

are getting at present.

One question from the audience asked what parents can do to keep their children off drugs.

"Listen to them, for a start," suggested Steutt, youth director of St. Andrews.

"Be a family. Spend time with the kids," he said.

Another questioner wanted to know if a couple of puffs of pot leads one to promiscuity.

Dr. Nielsen replied it was unlikely. However, he pointed out that individuals react differently to marijuana and what may not adversely affect one person may be quite harmful to another.

The film on LSD showed evidence is mounting that the potent drug can irrevocably alter human genetic material, thus affecting offspring as well as the user.

Cycle Passenger Injured in Crash

Raymond A. Koste, 24, of Santa Ana, suffered a fractured ankle and head cuts before dawn today when he fell from the passenger's seat of a three-wheel motorcycle going 40 mph in Newport Beach.

Newport police said the accident occurred when the driver, Stanley A. Bushnell, 20, of 19881 Isthmus, Huntington Beach, swerved to avoid hitting a large can on the roadway on Dover Drive just north of Cliff Drive.

Ike Okay But Long Rest Due

MARCH AFB (UPI) — Gen. Dwight D. Eisenhower is "progressing very satisfactorily" after suffering a mild heart seizure Monday but will remain in the cardiac care unit of the March AFB Hospital for four or five days, it was announced today.

A bulletin released on the condition of the 77-year-old former president said that Eisenhower spent a restful night and experienced no complications.

"Examination this morning by his physicians show he is progressing very satisfactorily" the bulletin said.

"He has had no further chest discomfort. Blood pressure, temperature and pulse are normal. His diet is being modified commensurate with his improved condition."

Mrs. Mamie Eisenhower is remaining in a room in the hospital next to the former president's and visits the general periodically.

Eisenhower's seizure, the fourth in 13 years, was described by physicians as a myocardial infarction—damage to the heart muscle as the result of a blood clot. He faces several weeks of bedbound convalescence.

Eisenhower was reported to be "comfortable and in good spirits."

"General Eisenhower will not depart for Gettysburg May 6 as previously scheduled," the spokesman said. "He probably will be at March Air Force Base for several weeks and eventually will be transferred to Walter Reed General Hospital (in Washington D.C.) near his home for convalescence."

The announcement was made a full day after Eisenhower was whisked by helicopter to the hospital from his home at Eldorado Country Club in Indian Wells, 34 miles away.

The Air Force assigned Eisenhower a suite of rooms embracing half of the top floor of this 200-bed, five-story hospital, a concrete and glass structure on the edge of the base.

Mrs. Eisenhower, who motored to the hospital Monday night to join her husband, has a room next door to his.

'Seduce, Destroy'

Viet Girls Lure Marines to Deaths

By T. JEFF WILLIAMS

DA NANG, South Vietnam (AP) — That beautiful Vietnamese girl, her silken black hair swirling about her fragile body as she bathes in the stream, can be an angel of death.

Viet Cong terrorists around this big Marine base are now using "seduce and destroy" squads of girls, in attempts to entice Leathernecks to their deaths.

Marine sources said three Marines were missing and one was killed by the female assassination teams in three months.

A captured Viet Cong confirmed that atractive girls were being recruited and trained in English and intelligence work for the assassination teams.

In one recent incident, three Marines on patrol near their camp spotted three girls swimming nude in a stream. A few minutes later, one Marine lay dead, face down in the water. The other two are still missing.

"It is considered probable that the females were used as lures," the sources said.

The first inkling of the death-dealing decoys came in January when Marine counterintelligence units uncovered what they called a "Viet Cong suicide platoon, composed of approximately 30 females." The girls were already operating near this sprawling Marine complex.

The girls, many believed to be fresh-faced teen-agers like many Marines, work in the time-honored tradition: strike up a conversation, get the Marine talking about himself, make an appointment for a quiet rendezvous, then arrange the kill.

Marine sources are concerned enough to warn the lower ranked men. The 8 p.m. curfew in the city of Da Nang, is strict.

Much of the city is completely off limits to the Leathernecks. Houses of prostitution, vermin-infested, tin-roofed shacks, stand less than 100 yards from the main gates of some camps. Officials are not too concerned with these. They cannot be eradicated but can be better patrolled when nearby.

They are concerned, however, with the houses located deep in the twisting, dark alleys and fragile-looking maidens bathing in the leaf-ringed streams near here. They may bestow the kisses of death.

County Building Coordination Program Started

Orange County's Board of supervisors Tuesday initiated the first step in a program aimed at coordinating construction of roads, bridges and flood control channels.

County Road Commissioner Al S. Koch pointed out to the board that some coordination between county departments could result in savings of construction funds.

Adopted Tuesday was a new policy that bridges over flood control channels would be built to future needs based on traffic projections and flood control channels would be planned to coordinate with bridges.

Supervisor David Baker thought this was a step in the right direction and County Administrative Officer Robert E. Thomas agreed. Thomas said studies on all facets of interdepartmental cooperation to save taxpayers' money are now under way.

Hughesville?

Howard Buys 5th, 6th Casinos

CARSON CITY, Nev. (UPI) — The state of Nevada approved the sale of two more casinos on the Las Vegas strip to billionaire Howard Hughes Tuesday, making him the state's biggest gambling operator with a total of six clubs.

The Nevada Gaming Commission, by a vote of 3-2, permitted Hughes to purchase the Stardust Hotel-Casino for $30.5 million and the Silver Slipper Casino for $5.3 million.

When the deals are completed, Hughes will have about 14 percent of the gambling volume in Nevada, surpassing Reno-Lake Tahoe Casino operator William Harrah who has had 13 percent of the business.

Voting against the application were commission chairman George Dickerson and George Von Tebel, both of Las Vegas, who expressed fear Hughes may be stifling competition on the Strip.

After the deals are completed, the Hughes chain will have 6,500 employes or 65 per cent of the workers on the Strip.

Dickerson disclosed Hughes, who is now negotiating for more land, could eventually own nearly two solid miles of frontage on the Strip extending from the Sahara Hotel to the Sands. There are only three other major hotels in the vicinity.

Dickerson and Von Tobel said purchase of this land could lessen competition because, even if Hughes did not build casinos, it would stop other gambling ventures from coming in.

"I do not wish to see Las Vegas become a Hughes company town," Von Tobel said.

Dickerson said the further acquisition of the Stardust and Silver Slipper represented a "dangerous economic concentration."

Medal of Honor Presented To 2 Army Infantrymen

WASHINGTON (UPI) — President Johnson today presented the nation's highest military award, the Medal of Honor, to two U.S. Army infantrymen for unusual heroism in the same battle in Vietnam.

In an East Room ceremony, Johnson presented the medal to Capt. Robert F. Foley of Newton, Mass., and Sgt. John F. Baker Jr. of Moline, Ill.

It marked one of the few times in U.S. Army history that the Medal of Honor went to men of the same company for acts of courage in the same combat action.

Johnson said Foley and Baker "fought because their nation believed that only by honoring its commitments, and denying aggression its conquest, could the conditions of peace be created in Southeast Asia.

"Now we are pursuing with all the resources at our command the hope of peace through negotiations," Johnson said. "But until honorable peace is a reality, we must continue to depend on the qualities of courage and endurance which have seen this country through every crisis," he said.

The engagement took place Nov. 5, 1966, near Dau Tieng, South Vietnam, when Company A, 2nd Battalion, 27th Infantry Brigade ran into a strong Viet Cong force occupying well-concealed defensive positions.

During a fierce battle that lasted several hours, Foley was knocked down by an enemy grenade and painfully wounded. He refused medical aid and continued to lead his men in assaulting the enemy positions. He single-handedly destroyed three enemy gun implacements.

Baker, then a private, replaced a soldier who was killed at the head of his platoon column. He too was blown from his feet by an enemy grenade.

Baker rallied almost immediately and raced repeatedly into enemy fire to kill Viet Cong defenders and drag American casualties to safety.

Field Worker Killed Running Across Highway

A field laborer was killed just before midnight Tuesday in Westminster as he tried to run across Brookhurst Street.

Police identified the victim as Jose H. Camarillo, about 40 years old. He worked for Nakapani Farms, at 15009 Brookhurst, Westminster and lived nearby in an unnumbered dwelling.

1968	County Traffic	1967

Driver of the pick-up truck which hit Camarillo was Joe Abel Davis, of 2302 Elden St., Costa Mesa, according to Watch Commander Bob Johnson of the Westminster police.

Davis was southbound on Brookhurst, traving about 35 miles an hour, when he suddenly saw Camarillo dart in front of his car. He swerved, but couldn't avoid hitting the victim, Davis told police.

The driver wasn't held or cited. Two witnesses and other drivers said that they had not seen the pedestrian either until he appeared immediately in front of the truck.

Trabuco Peak Fire Declared Under Control

U.S. Forestry officials declared the destructive Trabuco Peak brush and timber fire under control at 6 a.m. today.

The blaze which started Sunday near Alberhill six miles north of Elsinore just over the Orange County line, had destroyed 710 acres of brush and timber, forestry officials said.

During the height of the battle, more than 1,000 men and dozens of pieces of equipment were brought into play to control the destructive blaze which officials said was started last Sunday by children playing with matches.

A Forestry Department spokesman said about 100 men would remain on the line today mopping up and that the fire area would be under patrol through Friday.

HER PLATFORM: JUST THE BARE ESSENTIALS
Vicky Drake Nails Up Nude Campaign Picture

Topless Dancer Still Eligible For Campus Vote

STANFORD (AP) — A topless dancer is running for president of the Stanford University student body but the registrar denied today that she is enrolled for classes.

However, the girl said she was registered for two classes as a Spanish major and is eligible to run.

The girl, who says her real name is Victoria Bowles, said her stage name Vicky Drake. The reason Registrar Harbey Hall can't find her in his records is that she signed up late and then put in a change of name form, she added.

A poster of Vicky Drake in the nude appeared on campus Monday saying only: "Vicky for ASSU Pres." The ASSU stands for the Associated Students of Stanford University.

Vicky told a reporter she is employed at the Hip Hugger, a club in nearby Sunnyvale, and that she intends to run a non-verbal campaign.

Her only platform, she says, is the proposal that Lake Lagunita on the campus be made into a nudist lake for nudist beaches and boating and swimming.

Vicky, 22, has 38-22-36 vital statistics and claims a scholastic average of just over "B."

"I am proposing nothing useful," she said. "Nothing more than a little distraction for a lot of book-weary students."

National Problem

Senate to Act On Crime Bill

WASHINGTON (UPI) — The Senate took up today the major national problem, and key political issue, of crime in the streets.

Before it is finished the body must pass on some of the hottest controversies in public discussion — control of guns, regulation of wiretapping, federal versus local control of anticrime funds, and court handling of confessions.

The basic proposal is the administration's so-called Safe Streets and Crime Control Bill, a four-part measure designed to improve state and local law enforcement through federal grants for training and research.

The package drew far from unanimous approval of the Senate Judiciary Committee, and it faced about 20 major efforts to amend it, by Republican leader Everett M. Dirksen's estimate.

The committee voted to authorize $100 million for the program's first year — as requested by President Johnson — and $300 million for the second year. It earmarked $15 million for riot control and $15 million for the fight against organized crime in the first year.

A major disputed provision of the bill is the machinery for allocating crimefighting funds. The administration recommended allowing the attorney general to distribute the funds directly to communities, and the committee agreed by a slender 8-7 vote.

The House, in approving its version of the bill last year, voted for "bloc grants" to state anticrime agencies, which then would allocate the money to communities. This view has substantial support among Republicans and southerners in the Senate.

The gun control section adopted by the committee would ban mail order sales of handguns and limit over-the-counter purchases to state residents 21 and over. It faces attempts both to liberalize it and to tighten it.

Sen. Thomas J. Dodd (D-Conn.), plans to push for the administration bill, which would ban the mail order sales of all firearms — rifles and shotguns as well as handguns.

Sen. Roman Hruska, (R-Neb.), plans to counter with a proposal to restrict but not ban the mail order distribution of handguns only.

On the eve of the debate, Dodd urged "every American citizen who wishes to put an end to the wanton sale of firearms to let their senators and representatives know of their interest in this legislation."

House Committee Okays $22 Billion Economic Plan

WASHINGTON (UPI) — The House Appropriations Committee today approved a $22 billion dollar economic plan recommended by the White House and designed to free President Johnson's long-stalled tax boost.

Under the plan, Johnson's spending plans for the new fiscal year would be cut $4 billion. New appropriations would be cut $10 billion and $8 billion in previous appropriations would be rescinded.

The package was laid before the committee by top administration officials at a closed session. It was put together at a White House meeting Tuesday night.

Republicans denounced the economy proposal as inadequate, and offered their own counterplan to cut spending by $6 billion, appropriations by $14 billion, and to rescind $6 billion in earlier appropriations.

The GOP plan was rejected and committee Republicans then abstained from voting on the administration proposal worked out in a meeting by Johnson with key Democrats.

Saying Republicans were not invited to the meeting, House GOP Leader Gerald R. Ford charged that the planning indicated the administration was injecting election-year partisanship into the matter.

Senate-House conferees have been deadlocked over a Senate-passed bill to combine the tax increase with a $6 billion cut in spending.

Asked how the Senate would react to the proposal for a smaller spending cut, Democratic Leader Mike Mansfield said, "if it's the best we can get I suppose we'll have to take it."

The House appropriation session was called unexpectedly with the hope members could okay the new plan and clear the way for approval also by the Ways and Means Committee and House-Senate Conference Committee that has been standing by awaiting delivery of a tax-spending package it could recommend for final enactment.

Ways & Means members for months have been refusing to act on the tax bill until offsetting cuts were promised in government spending.

Johnson proposed the surcharge on income tax payments to fight inflation by taking $11.7 billion out of consumers' pockets in fiscal 1969, starting July 1. The revenue would reduce an anticipated $21 billion budget deficit for that period.

Meantime, what about those excise levies of 10 percent on telephones and 7 percent on cars, which were to have dropped to 1 percent and 2 percent respectively on April 1?

They are still up there, on a standby basis.

Doctors Treat 3,100 Cadets At AF Academy

AIR FORCE ACADEMY, Colo. (UPI) — The entire 3,100-member Cadet Wing at the Air Force Academy received mass medical treatment Tuesday by doctors trying to stem an outbreak of strep throat.

A massive penicillin treatment program was ordered by the U.S. Surgeon General's office in Washington, D.C., after doctors said the infection had reached serious epidemic proportions.

More than 600 cadets have contracted the infection since Sunday, and 99 required hospitalization. The Academy gymnasium was used to hospitalize some of the cadets, none of whom was in serious condition.

Classes at the military school near Colorado Springs were canceled again today for a third straight day. Students at nearby public grade schools also were told to remain home.

Riots Disrupt Colleges

New York, Ohio, Colorado Schools Affected

By United Press International

Columbia University was entirely closed down today for the first time since a student rebellion began April 23 as the result of a student-faculty strike to protest the arrest of 720 students and sympathizers.

Barnard College, the women's undergraduate school, teachers college, and the graduate school of journalism — all of which had remained open when other units of the 27,500-student university closed last week — canceled classes in a general "day of reflection" for students and faculty.

A group of students on the New York State University's Stony Brook campus seized the school's business office early today.

About 40 young men and women started a sit-in about 10:30 Monday night in the library at Stony Brook, on Long Island 50 miles east of New York City. They moved to the business office at 2 a.m. today.

A nurse in the school health office, in the same building as the business office, told the students to leave. One student climbed in a window and opened a locked door to let the others into the building.

Cincinnati police today arrested 85 students who staged sit-ins at two high schools in the second day of demonstrations protesting the transfer of six Negro seniors to a special school for unruly boys.

The board of trustees at Ohio State University Tuesday night called for an "immediate investigation" into Friday's brief takeover of the school's administration building by Negro students.

At a special meeting called by John W. Brickner, chairman of the board, the trustees instructed university officials to "immediately make an investigation as to the conduct of all and every person who participated in the event."

Forty students were expelled from the University of Denver Tuesday after staging a sit-in demonstration, broken up when police began dragging them out of the university registrar's office.

Another 400 students, who were opposed to the protest, cheered on police by shouting, "higher pay for cops," and "sock it to them." The sit-in was sparked by the school administration's refusal to allow graduate students to run for student offices.

May Day Marred by Marginal Moisture

California

Skies were generally sunny throughout Southern California today following early morning low clouds or patchy fog from the coast to the foothills. Inland and Palm Springs areas alone held the nation's high reading Tuesday—100 degrees.

Temperatures remained on the warm side. High readings extended from the mid 60s along the coast and at mountain resort levels into the low 100s at lower deserts.

The weather bureau's Sunday forecast called for no precipitation and with temperatures averaging 2-8 degrees above normal.

Today's high at Los Angeles was 72, two degrees lower than Tuesday's top.

Other highs Tuesday and predicted highs today included Long Beach 73-73, Santa Monica 60-64, Burbank 80-76, Mt. Wilson 71-70, Palmdale 89-88, Riverside 85-82, Palm Springs 100-98, Bakersfield 89-86, San Diego 67-70, Santa Barbara 64-67, and Santa Ana-Anaheim 74-74.

SOUTHERN CALIFORNIA — Low overcast and local fog inland over coastal valleys late tonight, otherwise clear tonight. Sunny Thursday with coastal cloudiness clearing by mid morning. Slightly warmer west of coastal mountains Thursday.

SANTA MARIA-SAN LUIS OBISPO COASTAL AREA—Fair tonight except local fog or low clouds near ocean. Overcast Thursday forenoon then sunny over most of area Thursday afternoon. High temperatures both days 60 to 70. Low tonight 45 to 50. Westerly winds 10 to 20 m.p.h. in afternoons.

MONTEREY BAY AREA—Overcast forming tonight and continuing Thursday. Little temperature change. High both days 55 to 60. Low tonight 45 to 50. Westerly winds 10 to 20 m.p.h. in afternoons.

Coastal

Southwest to west winds 10 to 20 knots in the afternoons today and tomorrow. Northwest 15 to 25 knots over the outer channel waters. Light variable winds night and morning hours with low clouds along the coast. Hopefully sunny afternoons will appear along the coast.

Yesterday's temperatures ranged from a high of 62 to a low of 54. Water temperature was 60.

U.S. Summary

Only occasional light showers in the Northeast marred an otherwise near-perfect May Day around the nation today.

Pacific air dominated the scene across the western half of the nation spreading across the Rockies and the Plains.

The last remnants of winter were felt in only a few spots, with Marquette, Mich., providing the nation's 3 a.m. EDT low at 29.

The U.S. Weather Bureau expected the precipitation in the Northeast to spread somewhat and showers to appear in Arizona and in the mountains of Montana and the Dakotas.

Most of the nation enjoyed sunny and mild to warm weather today, with scattered showers in the southern Rockies, and from the eastern Great Lakes to northern New England.

A warming trend developed in the Central and Southern Plains, with cooler temperatures from Montana to Nevada.

Mideast Peace Attempts Fail

United Press International

Egypt's foreign minister said today a United Nations attempt to work out a Mideast peace settlement was a failure. Opposing armies in the area exchanged more gunfire.

As foreign Minister Mahmoud Riad of the United Arab Republic expressed in Cairo his disillusionment with the peace mission of U.N. Envoy Gunnar Jarring, Israel went ahead with plans to mark its independence with a military parade through the occupied Arab sector of Jersualem.

In New York, U.N. diplomats expressed fears the Thursday parade -- calling attention to the fact Israel still holds conquered Arab lands -- would spark the worst crisis since last June's Arab-Israeli war.

There was more fighting Tuesday between Jordanian and Israeli troops along the border between the two Mideast nations. In Amman, Jordanian military spokesmen said their forces killed six Israeli soldiers who penetrated their territory near the southern port city of Aqaba.

The Jordanian spokesmen said their units exchanged tank and artillery fire with the Israelis three times. The final gun duel, the fifth this week, lasted nearly three hours and ended Tuesday evening. It occurred along the cease-fire line near the Sheikh Hussein and Allenby bridges. The Jordanains said they suffered no casualties.

Riad said in a television interview Jarring "had reached a stage where he is asking himself what to do since until now he has not even reached the starting point" of his mission.

Jarring has been trying to implement a U.N. resolution calling on Israel to withdraw from the Arab lands it overran last June. Israel has insisted on direct talks with the Arab states, and the Arabs have refused.

Riad said Jarring was thinking of turning the dispute back to the United Nations. He said Jarring would ask for another resolution which would state that the British-sponsored resolution of last November should be implemented. He said the complete withdrawal of Israeli forces from Arab territory was essential for any political solution.

In Jerusalem, unofficial sources said Foreign Minister Abba Eban of Israel sent a note to U.N. Secretary General Thant denying the parade marking Israel's 20th anniversary would escalate tensions. Eban said tension resulted from Arab acts of sabotage.

The U.N. Security Council in New York planned its second session in five days on the problem of Jerusalem. Scheduled to appear was Rouhi El-Khatib, the ousted mayor of Jerusalem's Arab sector.

French Will Try Another Transplant

PARIS (UPI) — French surgeons who performed Europe's first heart transplant operation said today they were determined to try again despite the death of their first patient.

There was no definite word when another attempt would be made. Doctors at La Pitie Hospital waited for the right set of circumstances.

But they indicated the next recipient would be younger than 66-year-old Clovis Roblain, the French grandfather who died Tuesday 51½ hours after doctors completed the task of placing in his body the heart of an accident victim 43 years his junior.

An autopsy showed Roblain died from blood clots in his veins and poor blood circulation. He did not regain consciousness.

Communists Celebrate

Rallies Mark Annual May Day Rites

United Press International

From Tokyo to Rome, from Moscow to Peking mankind today celebrated its ancient May Day rites of spring. Much was holiday partying. Elsewhere police massed for trouble, some of it anti-American.

IN MOSCOW, the Soviet Union staged its annual Red Square parade. Eight minutes of rumbling military tools including two 120-foot Dolphin nuclear-armed missiles which can destroy cities were being followed by ranks of girls wiggling placards. Vodka glasses were hoisted to mark the end of another Russian winter.

IN JAPAN, police estimated 6.8 million workers and their families crowded 1,000 rallies. Most of it was good-natured, the workers celebrating almost record $15 a month raises. But Communists denounced the government and the U.S. Vietnam war effort.

IN WARSAW, informed sources said almost the entire provincial police force flocked into the Polish capital just in case May Day celebrations erupted with fresh street demonstrations for more freedom.

FROM PEKING, Communist Chinese radio broadcasts indicated Mao Tse-tung's cultural revolution was allowing few comrades to celebrate anything with anything. But the Peking broadcasts denounced America, the Soviet Union, and Mao's foes at home. They predicted the "imperialist world" is on the brink of economic collapse and said workers of the world are waiting for a Mao-type international revolution.

IN PRAGUE, for the first time in 20 years, few Soviet banners flew in the Czech capital. Western observers said it reflected the rotting of Czech-Soviet relations since a more liberal Communist regime took power in Prague in January.

IN MADRID, heavily reinforced police units patrolled the Gran Via Boulevard and other main streets to put down any new attempts by students and workers to stage anti-government May Day demonstrations. They foiled 150 persons trying to do so in Madrid and Barcelona Tuesday.

IN WEST BERLIN, city officials appealed to workers to hold their tempers and not wade into radical leftwingers staging an anti-establishment, anti-American counter-parade to the trade unions' traditional march in the shadow of the Communist wall dividing Berlin.

IN ROME, rebellious university students and Communist-led workers mounted a rally to protest alleged police brutality. Police were expected to count to ten before stepping in, to avoid any rioting if possible.

IN STOCKHOLM, Oslo and Copenhagen, leftwingers mounted rallies and marches protesting the allied war against the Communists in Vietnam. dockworkers organized a

IN LONDON, dock-workers organized a march to the Tower of London in support of Enoch Powell, a Conservative party member of Parliament and hero of a "keep Britain white" movement.

Despite the day's politics, gentler activities went on. Russians bought Georgian champagne for their yearly bash. Students in Helsinki massed in Market Square and with a mighty roar frolicked around the Havis Amanda, the statue of a nude girl.

The celebration of May Day began in pre-Christian Europe to woo pagan gods to produce good crops. There remains a widespread belief that anyone washing his face in May Day morning dew will have more beautiful skin. In 1889 the international socialist movement declared May Day the workingman's day. Later, Communists claimed the day as their own.

2 Former Ministers Arrested by Greeks

ATHENS (UPI) — Two former cabinet ministers were placed under house arrest by the Greek military regime today.

They were George Mavros, center union politician and former coordination minister in the government of George Papandreou, and George Rallis, former public order minister in the government of Panayotis Kanellopulos and a leading member of the right-wing National Radical Union (ERE).

In both cases security police officers in plainclothes were placed outside their apartment entrances in downtown Athens. Their telephones were disconnected but members of their families were allowed in and out of their homes.

Visitors trying to see the two men were told by the security officers they "were absent from Athens."

Millions in Refunds

Area Gas Rates Okayed

WASHINGTON (UPI) — The Supreme Court today approved area rate-making for natural gas producers, including rates and refunds ordered by the Federal Power Commission (FPC) for the Permian Basin in Texas and New Mexico.

The 7-1 decision was a victory for California interests, where the bulk of the Permian Basin gas is marketed.

The action will mean millions of dollars in refunds for both individual consumers and industrial customers in California and will bring lower prices in the future for gas users in other areas.

Most of the California gas is delivered to the Pacific Lighting Co. for distribution in the Los Angeles aea, and to the Pacific Gas and Electric Co., which sells it in Northern California.

The gas is transported to California through the El Paso Natural Gas Co. and Trans-Western Pipeline Co.

Today's precedent-setting opinion was written by Justice John M. Harlan. It explored all aspects of the complex rate-making process in 75 pages.

Justice William O. Douglas dissented. Justice Thurgood Marshall did not participate.

The commission came up with the area rate-making concept in 1965 after the court had determined in a landmark 1954 decision that wholesale rates of natural gas at the well head are subjected to FPC regulation. Before 1954, only pipelines had been under government regulation.

The FPC established a two-price system for the Permian Basin in the hope of encouraging natural gas exploration.

The rate for gas from gas wells under contracts made since Jan. 1, 1961, ("new" gas well gas) was set at 16.5 cents per thousand cubic feet in Texas and 15.5 cents in New Mexico.

The rate for gas sold under older contracts or from oil wells ("flowing" gas) was set at 14.5 cents in Texas and 13.5 cents in New Mexico.

The commission held that the two-price rate structure afforded a 12 per cent return on investment.

Refunds were ordered for the difference between the amounts actually collected during the preceding system and what would have been received under the area plan. The commission also ordered a freeze on all increases until this past Jan. 1.

More than 30 gas producers, including Mobil, Texaco, Humble and Shell, challenged the FPC order.

California, the cities of Los Angeles, San Diego and San Francisco and the major distributors in California sided with the commission in the courts.

Veneman Still Holding Hope on Withholding

SACRAMENTO (AP) — The Republican sponsor of state income tax withholding refused today to abandon hope for his plan, saying Gov. Reagan and the legislature may find "no other solution" to state money problems.

Assemblyman John G. Veneman of Modesto said the state may have to "look at every possible alternative" to finance a deficit expected next year.

Reagan said Tuesday that "I am still opposed" to withholding. He rejected any possibility that he would support the payroll deduction plan as an alternative to substantial cuts or borrowing from special state funds to balance the 1968-69 state budget.

"He sounded as if he came on pretty strong," Veneman said of Reagan's news conference remarks.

But the assemblyman told a reporter that withholding still could be enacted "if we come to the end of the fiscal year and find ourselves in the situation of a budget where there is no other solution . . ."

100 Teens Invade SF State College

SAN FRANCISCO (UPI) — More than 100 angry teenagers trooped through the administration building at San Francisco State College Tuesday, hooting down officials who refused to guarantee their admission to the school.

The angry, shouting youngsters, most of them students from Mission High, baited dean of admissions Charles A. Stone, 50, into making a written offer to resign. But college officials said the letter would be disregarded.

The teens, mostly Mexican - Americans, cornered Stone and loudly bickered with him for more than an hour when he refused to guarantee admission to them and 200 others whose applications they turned in.

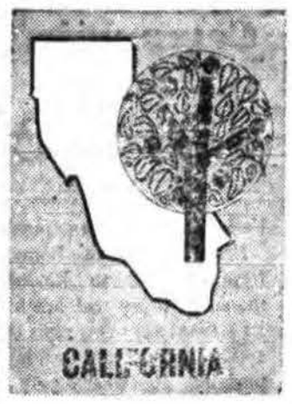
Third World Liberation Front, a radical campus group, organized the teenage invasion in an effort to force the school to admit more minority group students.

The high schoolers first invaded President John Summerskill's office. When they found he was out of town, they swarmed into vice president Donald Garrity's chambers. Garrity stood against a wall and convinced them his office had nothing to do with enrollments.

The demonstrators, headed by Ron Quidachay, 21, chairman of the San Francisco State Radical Coalition, then cornered Stone. The dean accepted the applications and said his staff would go to work on them immediately.

But the screaming teens demanded he guarantee to accept all the admissions. Stone, looking amazed, told them: "Why I haven't even looked at them."

Several voices asked him to resign. "That's very fine with me," said the angry Stone, a former Air Force colonel who has been admissions dean since January. "I'll resign if you want me to." He then led the youngsters to his office and wrote out his promise.



Prayers Due For Pueblo

SAN DIEGO (UPI) — A public prayer meeting will be held here tonight to help Americans remember the crew of the USS Pueblo, the intelligence ship captured by North Korea.

The meeting is the result of a campaign by 14-year-old Marcee Rethwish of El Cajon, who financed the meeting at the Balboa Park Organ Pavilion. She raised $41 by babysitting and another $50 selling "Support Our GIs" buttons.

She collected another $20 in donations for "Support," a teenage club of which she is president.

Unruh Makes New Attack on Reagan

SACRAMENTO (AP) — Democratic Assembly Speaker Jesse M. Unruh challenges Republican Gov. Reagan to tell California whether he is planning to accept the vice presidential nomination on a Rockefeller-Reagan ticket.

The speaker took advantage Tuesday of New York Gov. Nelson Rockefeller's entrance into the presidential race to issue a strong attack against Reagan.

He said he doubted whether Rockefeller has enough strength to deny the GOP presidential nomination to former Vice President Richard M. Nixon "without an accomplice."

"The principal person in line to play that role is Gov. Reagan," said Unruh.

He called on Reagan to announce his presidential plans now "with complete candor" or else the people of California will conclude "he is part of the conscious attempt to stop Mr. Nixon and promote Gov. Rockefeller."

Unruh also asked Reagan to say if he will support Nixon "once his own candidacy has been rejected."

RFK Delegates Angry?

LOS ANGELES (UPI) — Stephen Smith, Chief of New York Sen. Robert F. Kennedy's campaign for the Democratic presidential nomination, has come to California, reportedly to deal with resentment of some delegates toward Assembly Speaker Jesse M. Unruh.

Unruh heads up Kennedy's 172-vote delegation on the June 4 primary election ballot.

Some delegates complained they were asked to raise money but were denied any voice in deciding how it should be spent. Delegates also contend Unruh was placing only his own people in key position.

THE PENNEY STORY

Wanted: A better name for "white goods"

By ROBERTA NASH

Once upon a time, white goods were white. The name was given to things like sheets and pillowcases and towels, etc. The name is still used today.

But today, life is much more *colorful*. White goods are red and blue and green and yellow and just about any other color you can name. Yet our ads still say "Come on in for our White Goods values."

There must be a better name but we haven't been able to think of it. Can you? Please send your suggestion to me in care of the manager of your Penney store.

Cost-splitting Formula Okayed

SANTA ANA — A cost-splitting formula for developing the Orange County Civic Center here was approved Tuesday by the Board of Supervisors.

The proposal now goes before the Santa Ana City Council Monday night.

The plan, as outlined by County Administrative Officer Robert E. Thomas, calls for the county to pay 56 percent and the city 44 percent of development costs for the center.

First step in the program, if approved by the council, will be landscaping, parking lot and pedestrian plaza development — all segments of a mall-like design of grounds for the present and future maze of county, city, state and federal buildings planned for the center.

Thomas placed a tentative price on the overall design, construction and planning of the mall areas at $5.3 million. Under the 56-44 split formula the county would pay approximately $3 million and the city $2.3 million.

First areas to be developed under the program around the courthouse building and jail now under construction will cost about $203,000, Thomas said. This will be largely development of architectural plans for the areas and can be financed from funds now available, the CAO said.

The proposed outlay for the next three years is $2.8 million with the county paying $1.6 and the city $1.2 million under the 56-44 formula.

Thomas told supervisors staff personnel of both the city and county had worked out the formula after several months study. "A program has been worked out which is considered fair and equitable and at the same time adjusts to future financing capabilities of both the city and county," he added.

Fair Appoints Pair To Planning Units

Two newly appointed members of the Orange County Fair Board of Directors — Gordon H. Bishop of Santa Ana and Burr Williams of Anaheim — have been named chairmen of key planning committees for the 1968 Orange County Fair and Exposition, Fair board president Dr. Joseph E. Ribal has announced.

Bishop, president of the Orange County Farm Bureau, has been named chairman of the Horse Show and Equestrian Affairs Committee for the 1968 Fair. Anaheim businessman Burr Williams has been appointed by Ribal to head the Commercial, Community and Education Exhibits Committee.

Both Bishop and Williams, appointed to the Board for four-year terms by Governor Reagan in April, were officially seated at the Board's April 18 meeting at the fairgrounds in Costa Mesa.

In addition to the chairmanships, the new board members were appointed also to serve as members of other Fair committees.

Williams will work with the Fair's Legal and Personnel Committee and on Bishop's Horse Show and Equestrian Affairs Committee. Bishop will serve as a member of the Agricultural, Horticulture, Floriculture and Livestock Committee.

Williams succeeds Ralph A. Diedrich of Fullerton, who was president of the 1967 Fair Board.

Movable Chairs Instead?

County Stays Put on Witness Stands

SANTA ANA — One week and several looks later, Orange County supervisors came to a decision.

Courtrooms in the new $13 million courthouse will not have movable witness boxes if it will cost $10,000 to provide them, the board ruled Tuesday.

Last week, Presiding Superior Court Judge Samuel Dreizen made a strong plea for the portable witness boxes which didn't happen to be a part of the original plans for the 12-story structure.

"It is important to observe the witness when trying a case," said the judge. "That's what the trial is all about."

Dreizen said the existing plans call for jury boxes attached to the judge's bench. "It will be better if the judge, and jury can see a witness' face instead of the back of his head."

Supervisors, although nixing the $10,000 expenditure to make the change in the 25 courts, agreed that the judges could redesign witness stands if "it doesn't cost money."

Someone then suggested that just a chair and safety rail be provided instead of the usual witness box with a wooden "curtain."

"How about taking off the skirt (curtain)," said County Administrative Officer Robert E. Thomas.

"That would be immodest," cracked Supervisor William H. Brstein. On that note the judges were left to work out their own problem as best they may, without $10,000.

UCI History Chief Speaks At Banquet

SANTA ANA — Henry Cord Meyer, chairman of the History Department at UCI, will speak at the annual Santa Ana College Scholarship Honors Banquet Wednesday, May 8, at 6:30 p.m.

The banquet is held each year to honor those students in the upper 10 percent of their class with a minimum grade point average of 3.5, carrying a full-time class load in courses that may be transferred to a four-year college or university.

Spring's Blueprint for Fall

In spring, we know what a young man's fancy turns to, but for Women of St. James Episcopal Church, Newport Beach, their thoughts turn to fashion . . . not of the cool, crisp cotton variety that becomes so popular on the warm, balmy days ahead.

Rather, they are thinking of what's new on the fall circuit in the designer world.

To bring the forecast to their Harbor Area friends, a coup will be repeated after 12 years.

For they have asked designer Georgia Bullock to unveil her fall collection, which will be shown exactly one week after the press and buyers preview her line in Los Angeles.

Entitled Blueprint for Fall, the showing will be presented Wednesday, May 15, in the Balboa Bay Club.

Twelve years ago Miss Bullock presented Blueprint for Spring for the same group, and funds raised benefited the fledgling St. James Day School, now known as the Harbor Episcopal School.

Proceeds this year will be donated for the establishment of a Child Care Center in the deprived area of Santa Ana. This center, unique in the county, will provide day care for preschool children of fatherless families, enabling mothers who previously were unable to support their families to seek employment or further training. Tuition will be charged on an ability-to-pay basis. The center is a project of the Parent Involvement Council.

The opportunity to see the designer's complete line is unprecedented in this area, and invitations will be in short supply, according to Mrs. Joseph S. Whitacre, chairman.

Serving on her committee are the Mmes. Carlos L. Beeck, J. Donald Ferguson and William H. Mead, patronesses, and Robert Burns and Robert C. Lewis, reservations and tickets. Others are the Mmes. Thomas Bell, Donald Brown, Willard E. Dunlap, William Face, G. Robert Hodson, Jack Holland, James Illingworth, David Kirkland, Theodore Rogers and J. N. Sherwood.

ON THE DRAWING BOARD — Designer Georgia Bullock (right) displays sketches of some of her fall designs which she will unveil to Orange Coast residents during a Blueprint for Fall showing Wednesday, May 15, in Balboa Bay Club. Previewing the designer's sketchpad are (left to right) Mrs. J. N. Sherwood and Mrs. Carlos L. Beeck, members of the planning committee.

REPEAT PERFORMANCE — Members of the original committee who arranged Georgia Bullock's exclusive spring style showing 12 years ago, Mrs. Harvey Somers and Mrs. J. Donald Ferguson (left and second from left) with Mrs. William H. Mead (right) give their assistance to the new chairman Mrs. Joseph S. Whitacre. The show is being sponsored by the Women of St. James Episcopal Church.

Social Notes

SECOND TIME AROUND — Reflecting on the past year while planning future projects is Mrs. Clayton Thompson (left) who will begin serving her second term as president of Newport Beach Ebell Club tomorrow. Taking office with her during installation ceremonies will be (left to right) Mrs. Herbert Puterbaugh, fourth vice president and ways and means chairman, and Mrs. William Jenks, second vice president.

Ebell Gavel Remains In Competent Hands

Starting her second term as president of Newport Beach Ebell Club tomorrow will be Mrs. Clayton Thompson, who will be charged with duties by Mrs. James McCalla, president of Orange District, California Federation of Women's Clubs.

Installation and the presentation of scholarships will be the high points of the club's luncheon in the clubhouse.

As Mrs. McCalla installs other board members she also will present each with a hand-painted tea cup and saucer.

Serving on Mrs. Thompson's board will be the Mmes. H. McBride, second, third L. W. Jenks, F. W. Fisher and Herbert Puterbaugh, first and Robert Stabler, fourth vice presidents; Lester Smith, Stanley Statler, recording, corresponding and financial secretary; Everett Nunan, treasurer, and Rudolph Vanasek, parliamentarian.

Chairmen will be the Mmes. Raymond Wood, audit and budget; Raymond Call, Leon Rudd, curator of sections; John Lamar Puterbaugh, ways and house; Jack Cunningham, health and welfare; Puterbaugh, ways and means; Harry Goetz, newsette; Norman Walsh, scholarship; C. F. Stanwood, Senior-Junior coordinator, and Edward Whitehouse, Junior president.

Orange Coast College students who will receive scholarships are Miss Debra Toner, music and Mrs. Vivian Schiller and Miss Valerie Maggie, nursing. Awards are based on academic performance, financial need, service and leadership.

Miss Toner, a graduate of Costa Mesa High School, is a sophomore and music major. She will be accompanied by Miss Pamela Givens, another music major.

Concluding festivities will be a program by the E-belletones, a choral group under the direction of Mrs. Holly Lash Visel.

Fiancee Finds Squirrely Family's a Tough Nut to Crack

ANN LANDERS

DEAR ANN LANDERS: I need help and I need it fast. I am engaged to a man whose whole family is squirrely. Ned's mother pops tranquilizing pills into her mouth as if they were peanuts. Whenever she is faced with a crisis (like the cleaning lady not showing up), she stops eating and goes on dollies.

Ned has an older sister who carries gin around in a cough medicine bottle and drinks all day. It took me two years to catch on. This girl is too sick (spelled d-r-u-n-k) to work half the time so Ned has to help her out with her bills.

Ned has a couple of brothers who mix up the pills with the booze and one of these days they are going to hit just the right combination and wake up dead someplace.

I cannot understand how come Ned is so normal. He is the best adjusted man I have ever known — and a teetotaler who hates pills. I have to fight with him to take an aspirin for a headache.

I love Ned and want to marry him but when I look at his family I get scared to death for fear our children might take after one of the kooks. What do you say? — EYE OF THE CYCLONE

DEAR EYE: My consultants tell me that behavioral problems are more environmental than hereditary. But, they caution — we DO inherit nervous systems.

If you marry Ned, I hope you will move to another city as an added precaution. Nutty relatives can make a well person sick.

DEAR ANN LANDERS: Jack and I were married for 18 years. I nearly went into shock when he asked me for a divorce to marry another woman. How true is that old expression, "The wife is always the last to know?"

I agreed to the divorce at once, figuring it was pointless to try to hang on to him if he didn't want me. We were divorced within a short period of time but somehow he never got around to moving out of the house.

Jack seems to be going out less and less. Although I know he is still seeing the other women he takes me to dinner once or twice a week and does the little things around the house that a husband is supposed to do. I am still very much in love with him and I am sure he knows it.

Last night I came right out and asked Jack when he was going to get married. He replied, "I don't think I'll ever remarry."

I have no right to ask Jack to stop seeing the other woman because he is no longer my husband, but it kills me when he goes out with her. Please tell me how to get this terrible mess straightened out. — FISH NOR FOUL

DEAR FISH: Welcome to the club. Another idiot woman who gave her husband a divorce just because he asked for it. You should have told Jack you wanted a trial separation and invited him to move out at once. Had you done so he would probably have crawled back on his hands and knees.

Pack Jack's clothes and tell him he can come back only if he wants to live in a respectable manner. And, this means marriage.

If you have trouble getting along with your parents . . . if you can't get them to let you live your own life, send for Ann Landers' booklet, "Bugged by Parents? How to Get More Freedom." Send 50 cents in coin with your request and a long, stamped, self-addressed envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of the DAILY PILOT, enclosing a stamped, self-addressed envelope.

'Going My Way?'

Planning to attend the District Lutheran Women's Missionary League Convention by hook or crook are the Mmes. Don Lush, Jack West and Ed Stelling, alternate (left to right) from Christ Lutheran Church, Costa Mesa. The confab is slated in the Los Angeles International Hotel May 3-5. More than 1,000 members of the women's missionary leagues representing 210 societies from 200 congregations of the Lutheran Church-Missouri Synod in Southern California and Arizona will gather for the 12th biennial meeting.

It All Adds Up to Knowledge

Old books have been donated for the Friends of the Library's annual book sale to take place all day next Friday at Richard's Lido Market. Junior Friends have helped collect for the event which will support the Mariners Library's audio visual department, a project also supported by the Assistance League of Newport Beach. Mrs. Walter H. White (right), chairman, knows that in every way you look at it, it all adds up to funds for the library and a lot of reading for Julie Bergeson.

Society Peruses New Books

Members of the Orange County Genealogical Society will peruse new additions to their library at their monthly workshop next Saturday at the Margaret Morrison Adult Reference Library in Orange.

Many new members will be on hand from 10 a.m. to 4 p.m. to look through new additions including "High on a Windy Hill," a book containing cemetery records of Washington County, Va., "History of Jasper County, Iowa," donated by C. J. Marks of Santa Ana, and "The Hoyt, Haight, Hite Family Genealogy."

Other new books include a copy of "The Hartwells of America," a gift of the Hartwell Family Association and four volumes of "Grants of Crown Lands in Upper Canada."

Refreshments will be served and the public is invited. Mr. and Mrs. Harry D. Roberts of Orange are co-chairmen.

WHAT'S NEW CHARLIE BROWN? — The answer will be supplied by 31,000 Brownies and Girl Scouts next Saturday at Orange County Fairgrounds when they gather for their May Gaiety festival. Enacting the cartoon character, one of many to be paraded, is Terrie Eliker, from junior Girl Scout troop 723. Kathy Mullen of scout troop 231 models 1919 uniform while Melanie Williams, troop 64, shows puppets made by troop 51 which will entertain children and parents.

Horoscope

Aries: Tie Up Ends

THURSDAY, MAY 2

By SYDNEY OMARR

"The wise man controls his destiny. . .Astrology points the way."

ARIES (March 21-April 19): Accent on solidifying plans. Aim toward greater security. Fine for checking home, property, apartment — adjustment may be necessary. Day features need to communicate — tie up loose ends.

TAURUS (April 20-May 20): Neighbor may pay surprise visit. Maintain poise. Emphasize harmony, desire for good will. Changes due to occur at home. Signaling this today may be message, call or that visit.

GEMINI (May 21 - June 20): Self-analysis today can accomplish wonders. Means get to the bottom of your brooding. Money situation will improve. Know this — be confident.

CANCER (June 21-July 22): Cycle high. Accent on personality, appearance. Take initiative. Make contacts. Get going — begin a project. Be independent — stand on your own. Defend principles.

LEO (July 23 - Aug. 22): Excellent for work in conjunction with club, organization. Gain shown through privacy. Take time to read, observe, draw conclusions. Gather strength. Be impressive in quiet manner.

VIRGO (Aug. 23-Sept. 22): Reach out for contacts, experience. Day when direct action can be taken with relation to hopes, wishes. Key is independence. Don't wait to be told — do what must be done.

LIBRA (Sept. 23-Oct. 22): Your attraction to the mysterious comes to fore. Day when you do the unusual, attract the different and express yourself in unique manner. Standard methods do not suffice. Act accordingly.

SCORPIO (Oct. 23-Nov. 21): Greater freedom indicated. Some publicity, recognition shown if you develop spirit of adventure. Today you find that people are drawn to you, your ideas. Give your best — you also receive.

SAGITTARIUS (Nov. 22-Dec. 21): Be aware of details where investments, money enter picture. People related to you are drawn for advice. You should be honest — but avoid brutal bluntness. Temper judgment with mercy.

CAPRICORN (Dec. 22-Jan. 19): Get point across to mate, partner. Lunar position emphasizes reactions of others. Know this and be aware of public relations, advertising. Put finger on pulse of public.

AQUARIUS (Jan. 20-Feb. 18): Get basic tasks accomplished. Enlist aid of family. Don't feel you must constantly prove yourself. Some close to you want to aid. Know this — be receptive.

PISCES (Feb. 19-March 20): Much introspection — but you are also able to express yourself. Today you perceive truth. You find out what some persons really think. You form decisions which affect future.

IF TODAY IS YOUR BIRTHDAY you could be musical; you have sense of drama but often live within. Many have difficulty communicating because you are withdrawn. You are able now to pull reins in and to accomplish important tasks.

GENERAL TENDENCIES: Cycle high for CANCER.

Wild, Wonderful World Of Scouting Explored

The wild and wonderful world of Girl Scouting will be live and in color next Saturday when 31,000 Brownies and Girl Scouts introduce Orange Countians to their May Gaiety festival.

Colorful can easily describe the grand parade with 500 flagbearers representing area troops. Hand-drawn floats and walking cartoon characters will add variety among the 16 marching units and 15 drill teams, promised Mrs. Theodore Rischard, chairman.

International and historical costumes will accent the display of 50 years of scouting uniforms. Puppets will entertain in several areas and 150 action booths will offer continuous entertainment.

Seventy-five troops will exhibit camping skills and in the amphitheater a variety of musical and dramatic productions will be scheduled.

Tickets for the 10 a.m. to 4:30 p.m. event may be purchased at the fairgrounds on May 4 or in the Girl Scout Council office, Santa Ana, and Newport Service Center. The cost is 50 cents and preschoolers will be admitted free.

Youngsters Prize Books

Junior Friends of the Newport Beach Library were instrumental in bringing in used books for the book sale May 3 at Richard's Lido Market.

Those who brought in the most and won. . .you guessed it. . .a book were the Misses Meri Jean Buchanan of Corona del Mar Library, Terry Moore of Mariners Library and Sally Lyon of Balboa Library.

RAMBLING ROUND RICHARD'S

WITH SALLIE

ENSENADA HO TOMORROW YOU'LL SEE

. . . the world's largest sailboat race . . . the boats take off from the Newport Beach jetty at noon . . . All week long our Lido Shops have been making mucho-funo-cellabraciono with their Cinco de Mayo de Lido . . . which means, come the fifth of May each year, the Lido Shopping Lane is the place to be round and about in . . . simply for the mere joy of doing something different . . . and to help Mexico celebrate their 4th of July.

EVERYBODY'S DRESSED UP

. . . Even the Bank of America, and the Security First National and the Newport Balboa Savings and Loan . . . give them all a whirl. They don't have a thing for you to buy but money, so you'll save a little there. The mood is gay and thrilling with red, white and green banners everywhere . . . pinatas beckoning from windows and Mexican posters flown in by our Lido Travel Agency . . .

MAKE A DAY DOING LIDO

. . . You'll find restaurants to suit every taste and mood . . . Berkshire's for friendly wining and dining on the bay, the Blue Dolphin for super coffee shop atmosphere and plenty of service, or Richard's Coffee Shop where you serve yourself and have a chance to try all our bakery goodies and delicatessen ready prepared foods.

The girlie shops are aglow with all the makings to have summer fun in . . . Lido Fashions, Gene Burton, Conscience Corner, Clothes Peg, Barrows, and Richard's Yacht Shop . . . And the men around your house will enthuse to Bidwell's, Atkinson's and L'elegant . . . Anybody for Tennis? Outfit yourself in Tennis Affair . . . Anybody want to sew? Greg's Fabric Boutique has all the answers in exciting yardage . . . Want a new pair of shoes? The Shoe Tree is your cup of tea. . . If your house is on your mind, the Souk, Lucille Flicker Galleries, Newport Skillets, or Richard's Gift Shop are sure to give you the right answers for the right corners that need a little something . . . Fine jewelry, clocks, china, and silver, B. D. Howes and Son and Blackman Ltd. come under the expensive dazzle category . . . Which leave the Toy House and Via Lido Drugs to fill up the little nitches in your shopping list as yet uncovered. . . Then when you're all through making the rounds and remember you have a family to feed, step into the Market Place and become enthralled all over again . . . But don't forget to bring your old shoes to Anthony's Shoe repair to make them smile again and your clothes that need a beauty treatment to the Bay Cleaners . . .

PUT THEM ALL TOGETHER, THEY SPELL LIDO

. . . the most elegant, friendly shopping lane anywhere. The mood is one of beauty . . . only last month the center of Via Lido was planted with palm trees to make your shopping pleasure more serene. I don't know how we do it, but we do . . . Lido has a lived-in feel of hominess, combined with the mellowness of good living . . . a happiness and contentment, a sort of settled downness, that only being here on the edge of the beautiful Balboa Bay for 20 years can bring. Give our Cinco de Mayo de Lido a whirl. We're friendly, we're gay, we're distinctive, and we're all Mexicaned up just for you.

FRIDAY . . . BUY AN OLD BOOK FOR A NICKEL

. . . The Friends of the Newport Beach Library have their "Twice Sold Tales" book sale in our front patio every year. With the money they make from the sale, they buy new books for the library. If you have any old books you'd like to see find a happy home, bring them down, then watch the eager readers gobble them up.

OH HAPPY HAPPY DAY

. . . just being in and around the Lido Shopping Lane is a tonic that will grow on you, and you'll come back for more.

GOOD NEIGHBOR POLICY — Mark Drews and Bobby Swain (left to right) never miss a meal but Mrs. Ron Drews knows of 600 youngsters who have missed many. She is one of the Friends of Our Little Brothers, a group of Orange Countians who will sponsor a fiesta Monday, May 6, to benefit the orphans befriended by the Rev. William Wasson in Mexico.

Funds Benefit Orphanage

Happiness Is—Fiesta!

Gourmet Mexican dinner served with champagne entertainment and music for dancing will signal the start of a fiesta and funds received from the countywide benefit will help to feed 600 orphaned children who are cared for by the Rev. William Wasson in Cuernavaca, Mexico.

La Segunda Fiesta Para Los Ninos, sponsored by Friends of Our Little Brothers, will take place Monday, May 6, in El Fortin Bandido, an authentic replica of an old Spanish fort, in Anaheim.

Timed to coincide with the Cinco de Mayo celebration, the fiesta's mood will be set at a complimentary cocktail hour hosted by the sponsoring committee. A gourmet dinner to tempt the most sophisticated appetite will be served at 8:30 p.m., according to Mrs. Jack Swain of Huntington Beach, general chairman.

The second benefit for the Hacienda, one of seven in a system of orphanages the American priest maintains, will follow the theme Happiness Is Sugar and Spice and all proceeds will be used to provide adequate kitchen facilities.

Last year's benefit, Happiness Is a Warm Bath, raised funds for a hot water system for the facility.

Assisting Mrs. Swain are the Mmes. Gary Frampton, Fullerton and Joseph Huarte, Brea, prizes; James Callanan and William McCauley, Tustin, hospitality; Rayne B. Fairchild and Jean M. Chappell, Anaheim, invitations; E. Terrence Moran, Newport Beach, reservations; Milton Okin, Anaheim, decorations; Jack Peyton, Long Beach, entertainment, and Donald A. Gary, Garden Grove, press.

Responsible for the organization of the countywide group is Miss Molly Fairchild who, after her graduation from UCLA, volunteered to teach in the orphanage. Following her return to Anaheim last year, she rallied the support of a group of friends for the first benefit.

Long Beach Home

Pledges Recited

Fresh spring bouquets of daisies, white gladioli and babys breath filled the Community Methodist Church, Huntington Beach, for the evening marriage of Jacqueline Johnson and Arthur Jayne.

The double ring ceremony was conducted by the Rev. Robert Larson of Grace Lutheran Church, Huntington Beach.

Giving his step-daughter in marriage was Tom Evans. For her wedding the bride selected a long satin gown covered by a lace bottom coat, and matching lace was fashioned into a mantilla to form her veil. The former Miss Johnson carried a bouquet of gladioli, stephanotis and babys breath.

Attending the bride, daughter of Mrs. Evans of Huntington Harbour, was Mrs. Bill Mumford of Hollywood, matron of honor. Bridesmaids were Mary Wood of Westminster and Janis MacQuoid of Whittier.

They were identically gowned in blue polished cotton dresses trimmed in lace and featuring daisy rings for headpieces. The attendants held daisy bouquets.

The benedict, son of the Oscar Jaynes of Westminster, asked Charles Velasquez to be best man. Darnell Walton and Wade Johnson were ushers.

Valerie Evans in a pink polished cotton gown trimmed in lace was the flower girl.

MRS ARTHUR JAYNE
April Bride

The home of the bride's parents was the setting for the reception.

The new Mrs. Jayne and her husband are attending California State College at Long Beach. The bride received part of her education at the University of Strasbourg in France.

The couple are making their home in Long Beach.

What Cooks?

Tasty 'Can Do' Dish

By NANCY McINTYRE

DEAR NANCY: I love to play bridge two or three times a week and often get home late and in no mood to start wrestling with dinner. I'd like a dish I can throw together in a jiffy. Do you have any recipes for shelf dinners using canned or frozen foods? BUSY HOUSEWIFE

DEAR BUSY HOUSEWIFE: If you really know how to play your cards you'll get home in time to fix your husband a homespun dinner. Shelf meals are fine occasionally, but don't make a career of them. Your husband is liable to short circuit your electric can opener.

Since you asked for it, here's a good dish from prepared foods that doesn't taste "hurried." The important cooking instructions in this recipe is to get home before your husband so you can hide cans.

CRABMEAT AND MUSHROOM IN PASTRY SHELL

- 4 puff paste shells (these are available frozen)
- 1 can cream of mushroom soup
- 2 tablespoons dry sherry
- ¼ cup cream
- 1 7½-ounce can crabmeat
- 1 3-ounce can sliced mushrooms, drained

DIRECTIONS

Bake puff paste shells according to package directions. Heat cream of mushroom soup in a saucepan with the sherry and cream. Drain crabmeat and remove shell bits. Add crabmeat and mushrooms to sauce and heat. Spoon into warm puff paste shells. This recipe is for 2. It is equally delicious with canned shrimp instead of crabmeat and spiced with ½ teaspoon of curry.

What's your cooking predicament? Send it in and see if we can cook it! While we can't personally answer all your letters, those letters with the most entertaining or pertinent culinary problems will be published in this column. Send your letters to WHAT COOKS? c/o THE DAILY PILOT.

Town, Gown Members Elect, Install Slate

New officers will be elected and installed at the May 6 meeting of UCI Town and Gown.

Members will gather at the Mesa Court Commons on the university campus for the meeting which will feature a lecture by Dr. Lewis Hanke, Professor of Latin American History.

Coffee will be served at 10 a.m. by Mrs. Richard Sherwood, hospitality chairman and her committee of hostesses. At 11 a.m. Dr. Hanke will speak on the Care and Feeding of Dictators in Latin America. He will be introduced by Mrs. Eloise Kloke, program chairman.

The guest, who is considered an authority on Latin America, received graduate degrees from Northwestern and Harvard Universities and has received honorary degrees from universities in Brazil, Bolivia and Spain, in addition to decorations from the governments of Brazil, Bolivia and Peru.

He served from 1939 until 1951 as Director of the Hispanic Foundation in the Library of Congress and in 1944 was appointed to the Chair of Latin American History in the library. In 1951 he joined the University of Texas as director of the Institute of Latin American Studies and Professor of History and in 1961 became Professor of Latin American History at Columbia University. He joined the staff at UCI in 1967.

All interested women in Orange County are welcome to attend this meeting. Arrangements have been made by Mrs. John M. Owen. Mrs. Frederick McBrien will preside.

Xi Mu Zeta Observes Law Week

Lloyd Larson, area attorney, will address the next meeting of Xi Mu Zeta chapter, Beta Sigma Phi, at 8 p.m. tomorrow in the Huntington Beach home of Mrs. Edwin Clark.

Larsen will discuss Law Day and what the law means to the average citizen.

Mrs. Don Miller, chapter president, will conduct the business portion of the meeting and Mrs. Lee Williams, service chairman, will collect articles for distribution at Fairview State Hospital.

Plans for a Mother's Day tea and installation of officers on Sunday, May 5, will be announced, and Mrs. Don Miller and Mrs. Edwin Clark will represent the sorority at a breakfast meeting of the Southern California Council taking place in the Elks Club, Long Beach, on Sunday, May 26.

New officers to be installed include the Mmes. Robert Cannon, president; Felix Jebbia, vice president; Ralph Adams, recording secretary; George Leverenz, corresponding secretary, and Carl Wilson, treasurer.

Garden Club

Mrs. Willaim Gallavan, member of Huntington Hills Garden Club, will furnish location information at 962-6139. The club gathers the second Thursday of each month at 8 p.m.

Zonta Girls Named for April

Each year during the school year Newport Harbor Zonta Club honors an outstanding girl in each of the area high schools. From the ranks of the coeds chosen, an annual award of a $50 savings bond is presented to the Outstanding girl-of-the-year in each school.

The Misses Diana Dreiss of Estancia High School; Lindy Lane, Corona del Mar High; Linda Russell, Costa Mesa High, and Peggy McCowen, Newport Harbor High, received the honors at Zonta's awards luncheon.

ESTANCIA

Majoring in social psychology at the University of California, Santa Barbara or Mary Washington College, Virginia, next year will be Miss Dreiss, daughter of Mr. and Mrs. Edward Dreiss of Costa Mesa.

The 12th grader has been active in the Pep Club, American Field Service and Girls' Athletic Association for two years. During her sophomore year she was a cheerleader, a member of the council and National Junior Honor Society.

Last summer she participated in the AFS Americans Abroad program in Germany. In addition to the Zonta award the senior won the gold service award for individual sportsmanship in the GAA.

CORONA DEL MAR

Miss Lane, league champion tennis player in San Joaquin Valley, has been working as varsity cheerleader, treasurer of the Pep Squad and has participated in the Ski, Pep, Speech and Spanish clubs.

Former vice president and present social chairman for Tri-Hi-Y, the teen-ager has participated in horse shows since she was nine.

The daughter of Mrs. Beverly Lane of Newport Beach has been accepted by Whittier College and has applied to Cal Poly College, San Luis Obispo and San Diego State College. She will study sociology and business, and is planning on a teaching career.

COSTA MESA

Miss Russell, although not sure yet, plans to attend either Orange Coast College, Fullerton Junior College, Fullerton or Long Beach state colleges.

The daughter of Mrs. Robert T. Varney of Costa Mesa has joined the Pep Club, GAA, AFS and drill team.

NEWPORT HARBOR

Managing to find time for lots of club work is Miss McCowen, daughter of the Robert McCowens of Newport Beach.

The high-school senior has joined the rosters of GAA, Sailing Club, drill team, senior class council, and has worked in the senior play, variety show and aqua show.

The varsity cheerleader was sophomore class secretary, executive council and student congress member, and still has time for outside activities.

Miss McCowen was president of Mariners, assistant leader of a Girl Scout troop, joined Tri-Hi-Y and was a summer camp counselor.

San Diego State College is where she will further her education as a physical education major.

Mayor's 'Better Half'

Laguna Beach Builder

By JEAN COX
Of the Daily Pilot Staff

Mrs. Glenn Vedder can hammer nails, caulk plumbing, saw, paint and goes swimming practically every day, including Christmas and New Years.

While all these things are not necessarily qualifications for a mayor's wife, they came in handy for the spouse of Laguna Beach's new leader during her 44 years of marriage.

The hammering, et cetera, was useful when she, Glenn and their three sons built homes in Laguna from start to finish, practically without any professional, outside help.

The swimming is nice because the sessions she has with her neighbors, "The White Caps" every afternoon keeps her cheeks rosy and her blue eyes glowing.

Mr. and Mrs. Vedder settled permanently in Laguna in 1953 when he retired as a teacher from Webb School for Boys in Claremont. However, they have owned property here since 1924 and visited every summer.

"Glenn's grandparents, Lyla and Will Scramman, lived here and we used to visit," Mrs. Vedder recalled. "Will worked for Joe Jahraus' Laguna Beach Lumber Co., and he'd drive to work every day in a horse and buggy."

Looking over the ocean from the multi-windowed home she and her husband built in 1961 on Cliff Drive, Mrs. Vedder said, "The Art Colony's grown and grown. It was just a little village when we first started coming. Mainly just barley and wheat fields and a few homes."

Mr. and Mrs. Vedder met at Pomona College from which they both graduated in 1923. They married in 1924.

Trained to teach languages, she taught elementary school in Pomona for four years before settling down as a housewife.

Later, when a teacher didn't show up at Webb School, she was asked to help out as a substitute and continued teaching math and English there for five years.

Mrs. Vedder is remembered in Laguna for the hard work she did both for the Community Chest and Red Cross campaigns. She was a board member of both organizations.

The Vedder family includes their sons, John, a geologist in Portola Valley and his wife, and two daughters; Jim, a nuclear physicist from Los Altos, and his wife and two children; and Philip, a physical education teacher at San Juan Capistrano Junior High School, who lives in Dana Point with his wife and two daughters.

Style Show Scheduled

Fantasy and Fashions will be the theme of the style show planned by members of the Los Angeles Chapter of Clipped Wings, United Air Lines Stewardess Alumnae.

The event will be staged in the Ambassador Hotel Cocoanut Grove Saturday, May 4. A cocktail reception is planned for 11 a.m. with luncheon at noon.

Philanthropic project for the group is the Retarded Children's Foundation in San Pedro.

More than 26 members and guests from Orange County will be attending.

NB Auxiliary

Newport Beach Police Auxiliary gathers the last Tuesday of the month at 7:30 p.m. Location information may be obtained by telephoning Mrs. Robert Wheeler, 675-1129.

On Board Ship

Mr. and Mrs. John R. Bishop of Conona del Mar are aboard the SS Mariposa which will take them to Pago Pago, Suva and Honolulu and other ports of call on the South Pacific. Bishop, who is retired from the motion picture industry, and his wife are on a 42-day cruise.

Club Program Headed By OCC's Madrigals

Madrigal Singers of Orange Coast College will present the program at a luncheon meeting of Laguna Beach Woman's Club in the Woman's Clubhouse Friday, May 3.

The group, under the direction of Walter Gleckler, has inspired many donations for the college's scholarship fund through their programs. Luncheon will be served at 1 p.m.

Mrs. William Roley, previously scheduled to head the program at the Friday meeting, will present the Changing Role of Women Through Fashions Friday, May 17.

Mrs. George H. Thompson, president, and Mrs. J. W. Lansdell, president-elect, are planning to attend sessions of the state convention of California Federation of Women's Clubs in the Biltmore Hotel, Los Angeles Saturday to Tuesday, May 6-9.

Also scheduled is the last lecture of the Behind the Headlines series by Dr. Giles T. Brown at 10 a.m. Tuesday, May 9, in the Woman's Clubhouse. Tickets may be purchased before the lecture for $1.25 and the public is invited.

Silver Sands

The first and third Tuesdays at 8 p.m. members of Silver Sands 286, Native Daughters of the Golden West gather for meetings. Lake Park Clubhouse, Huntington Beach, is the setting for the first session while Mrs. Jack Wilson, 548-1479, will furnish location information on the third meeting.

First UCI Alumni Leaders

Grinning about the first social event, a wine-tasting party, for the newly formed Alumni Association of University of California, Irvine, are new officers (left to right) Michael Gollong of Newport Beach, president; Mrs. Doris Brookhart of Costa Mesa, secretary-treasurer, and Miss Dia Dorsey of Santa Ana, vice president. The party will take place 8 p.m. Friday, May 10, in the University Faculty Club.

AWARDS SPEAKER
Caltech's DuBridge

Authors Banquet Slated

The third annual author award banquet will be presented by the UCI Friends of the Library Saturday, May 11, at the Saddleback Inn in Santa Ana.

So far, 15 books by Orange Coast authors have been placed in nomination. They are "Condition Pink" by Leland F. Cooley, Laguna Beach; "The Concrete Wilderness" by Jack Coulfer, Corona del Mar; "The Frail Ocean" by Wesley Marx, Newport Beach; "Beat the Market" by Edward O. Thorp and Sheen T. Kassouf, Newport Beach.

"Where Death Delights" by Marshall Houts, Laguna Beach; "Getting Started in Photojournalism" by Lee Payne, DAILY PILOT chief photographer, Costa Mesa; "Fray Junipero Serra" by Winifred E. Wise, Laguna Beach.

"Pioneer Days of Laguna Beach" by Merle and Mabel Ramsey, Laguna Beach; "Strawberry Point" by Florence Roe Wiggins, Laguna Beach; "Narcotics and the Hallucinogenics" by John B. Williams, Newport Beach; "The California Court System" by Elizabeth Pedrotti, Leisure World.

"Tides of Danger" by Elizabeth Hazelton, Laguna Beach; "The Red and the Green" by Richard B. Dimmitt, Newport Beach; "The Little Circle" by Ann Atwood, Laguna Beach; and "Beneath the Hill" by Jane Louise Curry, Laguna Beach.

Featured speaker will be Dr. Lee A. DuBridge, president of California Institute of Technology. Another highlight will be a discourse on printer Johann Gutenberg by Dr. Adolph Kroch, internationally known bookman, who will also present cash awards to winners of his Student Book Collection Contest.

UCI Chancellor Dr. Daniel G. Aldrich Jr., will participate in the program, as will John E. Amith, UCI librarian and John A. Wright, president of the Friends of the Library, UCI.

Leland Cooley of Laguna Beach, novelist and board member of the friends, will coordinate the program.

For reservations, the public is asked to contact either Mrs. Carl Wiley of Corona del Mar, 675-7935 or Mrs. Duane DeKalb of Newport Beach, 642-4742.

Senior Trio On Coast Win Honors

Orange Coast high schools' senior scientific scholars were awarded plaques for "Excellence in Scientific Achievement" by the Southern California Edison Co. this week.

District Manager Ralph C. Kiser presented the prizes to Richard L. Garber, 2306 Arbutus St., Newport Beach of Corona del Mar High School; Stephen J. Pew, 1157 Gleneagles Terrace, Costa Mesa, of Estancia High; Vicki Adair, 4371 Wintersweet St., Irvine, of Costa Mesa High School; George W. Boehlert, 8167 Dartmoor St., Huntington Beach, of Huntington Beach High School.

More plaques went to John A. Eldon, 16915 Roundhill Drive, Huntington Beach, of Marina High School; Richard J. Shapiro, 6232 Chinook St., Westminster, of Westminster High School; and Paul D. Rice, 17455 Palm St., Fountain Valley, of Fountain Valley High School.

Does Love Begin or End With Man's Cigarette?

By PETER J. STEINCROHN

SMOKES LIKE CHIMNEY

Dear Dr. Steincrohn: Please help me solve a serious problem. My husband, who had a coronary attack three years ago, gave up smoking cigarettes. His reason: He's heard that cigarettes cause lung cancer. But since then he's switched to cigars.

He smokes them all day long. The only time he hasn't got one in his mouth is when he is eating or sleeping. He says he doesn't inhale the cigar smoke, but he does.

After 25 years of happily married life, if my husband doesn't do something about his smoking, I will be forced to divorce him. I'm a clean and neat housewife and the odor from his cigars is too much for my endurance. I tolerated cigarette smoke for all those years, but I can't take the cigars. — Nauseated housewife, Mrs. G.

Comment: Where does love begin; where does it end? I could get poetic and say it's like a wisp of smoke; here today, gone tomorrow.

I am trying to draw a parallel, Mrs. G., between your love for your husband and your distaste for the cigar smoke. I am sure that similar problems bedevil many households.

I have known people actually allergic to tobacco smoke, who had to suffer daily, while others, deaf to protests, continued to spew smoke into the rooms of the home, apparently oblivious to their discomforts.

What's really most important is the effect of the tobacco on the smoker rather than on the allergic bystander. Your husband seems to be concerned only with the effect on his lungs. This is because doctors have, until lately, only mentioned lung cancer, bronchitis and emphysema as potential dangers.

Now, at last, we are also stressing that tobacco has deleterious effects upon the heart and blood vessels. Undoubtedly, cigarette smoking is bad for the coronary arteries. But I have long disagreed with the whitewash given cigars and pipe-smoking as having possible injurious effects upon lungs and heart.

I believe that any man who has had a coronary and smokes as much as your husband does (whether it's cigarettes, cigars or pipe) should consider the short-range danger to his heart rather than worry about the long-range effects such as lung cancer.

TOO MUCH ASPIRIN

Dear Dr. Steincrohn: My husband has suffered from headaches constantly since he had a head injury in 1952. He doesn't go to a doctor but dopes himself up with over 25 aspirin tablets a day. He reads your column. Won't you say something to convince him to have treatment?

Comment: Do you mean 25 grains of aspirin or actually so many tablets? Too many, and for too long! I hope he listens and gets the advice of your family doctor and neurologist.

(A Bell-McClure Syndicate Feature)

Dr. Steincrohn is sorry he cannot answer readers' letters. Nevertheless, all questions of general interest are answered in later columns.

Zowie! 'Flash Gordon' Comes to SCR

By TOM TITUS
Of the Daily Pilot Staff

While Shakespearean tragedy is performed on the stage of South Coast Repertory's Third Step Theater, visitors to the Second Step will be offered something a little different.

Like "Flash Gordon Conquers the Universe."

The 1936 Buster Crabbe serial is part of a "Camp Film Festival" opening Friday for four weekends at the Newport Beach playhouse.

Second Step theatergoers will be able to see the entire Flash Gordon show — three chapters each week — along with a selection of classic movies made between 1920 and 1939, before most of its audience was born.

This weekend, running Friday through Sunday, the feature will be "The Cabinet of Dr. Caligari," made in 1920 and considered the ancestor of all horror films.

In succeeding weeks, the repertory company will present H. G. Wells' "The Shape of Things to Come" (1936), "One Million B. C." (1939) and "Lost Horizons" (1936). A surprise bonus feature will be announced before each show.

Curtain time is 8:30 p.m. at the Second Step, 2815 Villa Way, Newport Beach, with admission tabbed at one dollar.

Meanwhile, "Macbeth" continues at the Third Step in Costa Mesa, with Jack Davis and Leslie Jones taking the principal roles.

Other major parts in the Shakespearean tragedy are played by Clement Davidson, James Baxes, Don Tuche, Jeff MacNeilledge and Arthur Koustik. Directed by David Emmes, the show plays Thursday through Sunday.

Tickets for both SCR productions may be reserved at the central box office at 1827 Newport Blvd. or by calling 646-1363.

Completing its four-performance run at the Costa Mesa Civic Playhouse this weekend will be Pati Tambellini's production of "Claudia." Linda Baum takes the title role with Neil Sawyers and Mathella Randall as her husband and mother, respectively.

Rounding out the Costa Mesa cast are Patty Neederman, Mark Williams, Benny Jensen, Shirley Dillon and Pat Harp. The dramatic comedy will be staged Friday and Saturday at the Community Center auditorium on the Orange County Fairgrounds with reservations available at 834-5303.

Also closing after a three-week run is Orange County's first amateur production of Neil Simon's "The Odd Couple" at the San Clemente Community Theater under the direction of Thelma Ruckman.

Ralph Tomlinson and Jerry L. Johnson portray the title characters Thursday through Saturday at the Cabrillo Playhouse, 202 Avenida Cabrillo in San Clemente.

At UCI's Irvine Repertory Theater, "Dark of the Moon" returns to the Studio Theater stage in the university's fine arts building. Broadway director Herbert Machiz has staged the hillbilly fantasy.

Oakley Hall and Sally Hayton head the large student cast. The play continues Thursday through Saturday, with reservations being taken at the UCI box office, 833-6607.

'Exercise' Just That At Broadway Theater

By JACK GAVER

NEW YORK (UPI) — "The Exercise" by Lewis John Carlino, which opened last week at the John Golden Theater, is just about the most precisely entitled play in years.

It is an exercise in which two actors run the emotional scale, and customers will do well to accept it at that level. If they try to dig out the meanings that the author undoubtedly thinks he put into the play, they are inviting a giant headache.

If you are content to take the easy way out, you may be able to enjoy watching the skills of Anne Jackson and Stephen Joyce, who, in themselves, are enjoyable. In fact, it is a pleasure simply to look at Miss Jackson doing anything on a stage.

But if you won't settle for Miss Jackson's fabulously sculptured face and distinctive voice and Joyce's Irish-American charisma, here is what you are in for.

Carlino, who comes to Broadway for the first time after three off-Broadway plays, presents you with a pair of actors on a sceneryless stage ostensibly ironing out some rehearsal kinks in a new play. The two had engaged in a tempestuous love affair during an earlier production. Big bustup.

Now, gradually, the two personalities emerge from their roles as rehearsing actor and actress to take up the old attract-repel association, winding up with extemporized re-enactment of their big breakup scene of the past.

In all this, the spectator is sorely tried to separate fact from fantasy, and perhaps Carlino intends that he should not be able to do so. The dialogue is sharp and literate, but that doesn't help much

Mexicans Saluted at Disneyland

Mexico's color and gaiety mix with Disneyland's own brand of excitement Sunday for the Magic Kingdom's first Cinco de Mayo Fiesta.

Featuring a festive parade and continuous entertainment by authentic Mexican artists throughout the day, the event will salute Mexico's biggest national holiday.

Highlighting the event will be the popular Mariachi Imperialensemble, performing at the Main Street Plaza, and Cinco de Mayo Variety Shows in Tomorrowland.

The three afternoon shows on Tomorrowland Stage will feature "Norteno" recording star Joe Flores, songstress Lupita Moran, singer Tony DeMarco and Los Vaqueros, a nine-man mariachi band.

Also appearing in the variety shows, scheduled for 2, 4 and 6 p.m., will be the Santana Sisters, Corina Valdez Dancers, and nine-year-old ranchero singer "Chachita" Aguilar.

Marimba Alma Chiapaneca Band will perform throughout the afternoon at the Plaza Pavilion, and the five-member Conjunto Alvarado jarocho ensemble will be joined by the Valdez Group for dancing at Plaza Gardens.

At El Zocolo in Frontierland will be Edwardo Dillamar, Trio Los Bohemios and Mexican dancers.

Climaxing the festivities will be the colorful Fiesta Parade along Main Street USA, beginning at 5 p.m.

Disneyland will be open from 10 a.m. until 7 p.m. on Cinco de Mayo. No extra admission will be charged for special entertainment presentation.

New Council on Move

Its work has hardly begun, but it is already clear that the new Newport Beach City Council has no intention of going down in the books as a "do-nothing" council.

Municipal lawmakers indicated as much last week by agreeing to attend to a vital city problem that has been unconquered by past administrations.

They directed City Manager Harvey L. Hurlburt to crank into his preliminary 1968-69 budget the first phase of a 10-year, $1.5 million sewer reconstruction program.

The work will be done largely in the older areas of town — Balboa Island, West Newport and the Peninsula. Crumbling, 40-year-old concrete sewer mains will be replaced by corrosion-free vitrified clay pipe.

Admittedly, there's nothing glamorous about getting a sewer project under way. It seldom receives big headlines.

What occasionally does get headlines, though, is municipal squabbling over how such projects should be paid for. There was some of this with the old council — and it led to inaction on the problem.

This time, there was still councilmanic disagreement, but it was on the level of reasoned debate. There was no political grandstanding.

And action was taken.

Councilmen rightly decided to get on with the long-delayed work. The cost is already high enough.

There was no questioning the need, councilmen agreed.

How to pay for it — either through monthly service charges or through the property tax rate — remains unresolved.

But not for long. Councilmen will face up to that responsibility during upcoming budget sessions.

They'll have to: the die is cast.

And that's as it should be — for that's what they were elected for. To get things done.

Friends of the Upper Bay

A lot of birds are going to be mighty disappointed one day when they come flying down south to the Upper Bay.

All their favorite landing pads and watering spots will be gone, or reshaped.

That's the view of the newly-formed Friends of the Upper Bay.

Cal Tech professor Wheeler J. North is a member of the conservationists' group.

He says he and other "Friends" would like to see the Irvine Company and Orange County government take the birds' needs into consideration during redevelopment of the Upper Bay.

Another concern of theirs is the possibility of pollution of bay waters — upper and lower — through planned dredging of areas that now serve as "natural sewage treatment plants."

Surely these matters are not being overlooked by Irvine or county planners.

Preservation of areas as refuges for migratory birds, of course, may be dependent on state willingness to purchase the necessary acreage. Perhaps UCI could help on this endeavor.

This much is certain: the Upper Bay today is pretty much of a haven for wildlife for one reason only.

It is a bog. It has always been one.

Soon it won't be one any longer. And the birds will have to pay for it.

But perhaps not all of them — if the Friends of the Bay make the right inquiries of the proper agencies.

Airline Service: Male, Female?

Sydney Harris

A recent government ruling makes it seem likely that the nation's scheduled airlines may have to hire male stewards to supplement the stewardesses who now have a monopoly on such jobs.

Even though I enjoy the sight of a trim ankle as much as the next man, and maybe more, as a confirmed air-traveler, I would not be sorry to have a couple of male stewards aboard my flight.

Many years ago, a stewardess used to be a bright and caring creature, on the order of a nurse, whose prime duty was to soothe, to comfort, to give solace, assurance and a certain charm to the otherwise tremulous and boring trip.

NOWADAYS, however, she is merely a combined waitress and barmaid, so busy hustling trays and mixing drinks that I doubt if she would notice a bad case of cardiac arrest in front of her eyes. She would merely think he had swallowed his Bloody Mary the wrong way.

Many European airlines have stewards — or pursers — in addition to stewardesses, and it seems a sensible procedure to me. Everyone knows that waiters are better than waitresses and bartenders more adept than bartendresses, so there is no question of competence involved.

IN POINT OF FACT, it has been my melancholy observation that the level of stewardesses has been sinking year after year, and they are no longer the sleekly superior creatures they used to be. Good girls seem harder to get and harder to keep — perhaps because the presumptive glamor quickly wears off when faced with serving 80 dinners and as many mixed drinks on a one-hour flight.

The whole matter of nourishment has swung wildly out of line on the airplanes, and I suspect it would improve both service and morale enormously if only a sandwich and a cup of coffee were served, except for the longer transcontinental flights.

MOST PASSENGERS, like me, would prefer to have the stewardesses on the **qui vivie** about our safety and general comfort, rather than see them switching costumes as for a floor show, and teetering around with a steak in one hand and a highball in the other.

A few weeks ago, indeed, I was invited to a cocktail party given by one of the larger airlines to exhibit the new "foreign accent" costumes designed for its stewardesses on domestic flights. If stewardesses are going to turn into combined fashion models and barmaids, I'll settle for a plump, ugly steward in a blue serge uniform on my next bumpy flight.

Use U.N. to Foster World Brotherhood?

Allen-Scott

WASHINGTON — As the major powers of the world flounder from crisis to crisis, a proposal is gathering steam in the U.S. and other key areas of the world to promote the United Nations as a forum for a state-of-mankind message.

The controversial plan, originating at the left-leaning Center for Study of Democratic Institutions, Santa Barbara, California, calls for U.N. Secretary-General U Thant to deliver the unprecedented report over a worldwide satellite TV-radio hook-up.

Groups and individuals supporting the concept of world government, including the World Federalists and a number of liberal U.S. senators, are promoting the idea in connection with the international organization's Human Rights Year, now under way.

IN THIS COUNTRY resolutions are now before the Senate Foreign Relations and House Foreign Affairs committees to have Congress direct President Johnson to call on U Thant to discuss the principal issues confronting mankind in these troubled times.

According to chief sponsors Sen. William Proxmire, D-Wis., and Rep. Fernand J. St Germain, D-R.I., the main objective of this special message would be:

"To galvanize large numbers of people all over the world into taking steps to solve problems such as those posed by increased population, arms races, war, poverty, hunger, disease, illiteracy, and the need for conservation of natural resources."

Under their proposals, the mass media would be used to weld all the diverse peoples of the world "into brothers who recognize that their common interests are far more important than their differences."

THE ROLL CALL — Other Senate sponsors of the little-noted resolution include Senators Joseph Clark, D-Pa., Hiram L. Fong, R-Hawaii, Daniel K. Inouye, D-Hawaii, George McGovern, D-S.C., Gaylord Nelson, D-Wis., Clairborne Pell, D-R.I., Ralph W. Yarborough, D-Tex., Joseph D. Tydings, D-Md., Daniel B. Brewster, D-Md., Ernest Gruening, R-Alaska, Jacob K. Javits, R-N.Y., and Abraham Ribicoff, D-Conn.

The sponsors of the resolutions are now pushing for congressional action at this session of Congress and have made a formal request to the State Department to obtain the Johnson Administration's views.

Already, San. Proxmire has received a carefully hedged endorsement of his proposal from former President Dwight D. Eisenhower in an exchange of letters that brought the following reply:

"FRANKLY, I AM NOT in a position to comment with any deep understanding about the practical value of a United Nations report on the State of the World.

"However, I do believe that if such a report was prepared objectively and without bias of any kind, it would be a valuable document to every government in the world — to say nothing of its interest to the ordinary but thoughtful citizens.

"I think that this kind of report should be welcomed by every American, regardless of party or classification as either liberal or conservative."

South Africa Banned From Olympics

Both Politics and Realism

Ralph McGill

South Africa has been banned from the summer Olympic games to be held in Mexico City, and when all is said and done, the decision is a plus. Great Zeus himself would have understood not merely the politics of it, but the realism as well. He was a grand fixer, was Zeus.

The South Africans should never have been included in the first place. Indeed, they should have been wise enough not to have sought participation. The world is in disarray and debate about the rights of man. In all the tired terrestrial areas of our globe the long underdeveloped and exploited peoples are aware of history and are stirring. Every nation, save the South Africans and Rhodesians, is trying in varying measure of effort and sincerity to do something about ameliorating existing injustice.

BUT THE SOUTH AFRICANS and their dependents, the Rhodesians, are not. They have, instead, defiantly determined on a course of continued disfranchisement and discrimination in education, training and representative government. They have themselves chosen to set themselves outside the troubled disputations of the family of man and concern with human rights. They had not really any legitimate expectations of Olympic competition.

There also is the realization of things as they are. Mexico already has expended millions of pesos in preparing for the Olympics. Had South Africa finally been admitted, some 40-odd nations were prepared to opt out of the games. There would have been no Olympics. Mexico would have had disastrous political and financial repercussions. Zeus, as aforesaid, would have understood.

THERE ALSO IS ample historical precedent for banning nations from the games. The first Olympia of historical record was held in 776 B.C. Games were held thereafter at four-year intervals until 394 A.D. The games were abolished by Emperor Theodosius, who wished thereby to insult the Greeks, who had lost their independence to the Romans. There were many bannings in the early years. Sparta once threw her weight around and made alliances that enabled her to ban the Pisatans.

Winners in the ancient games were awarded a simple branch of wild olive. Winners became national heroes. Musicians composed ballads about them and sculptors immortalized them in marble. The modern games began in 1896 through the efforts of Baron Pierre de Coubertin of France. He was not an athlete, but he was a teacher and scholar. He believed that if athletes of all nations could be brought together in competition, leaving behind them all their nationalistic rivalries, this would indeed, be a better and more peaceful world.

Alas! Alack! Alas!

THE MODERN GAMES soon became extensions of nationalist pride and politics. Medals of gold and silver replaced the olive branch. Instead of composers of ballads and sculptors, professional promoters and breakfast-food representatives, seeking endorsement of their product, greet today's champions. Some nations today subsidize their athletes, enabling them to make a profession out of being amateurs. It is a melancholy statement to make, but the so-called Olympic spirit never really prevailed except perhaps in the revival of 1896. In that year sentiment and emotions and hope gave the spirit presence at the games.

In 1936 Adolf Hitler sought to make the Olympic games at Berlin into a spectacle glorifying the Nazi state of super man. The Fuehrer was there at the beginning. But a day or so later he departed, never to return. His theory of the Germans as a master Nordic race was in shambles. Seven U.S. Negro athletes won gold medals in track and field events. Jesse Owens, the brilliant hurdler, won four such medals. The Fuehrer could not bring himself to present the trophies.

Boredom Can Be Cured

Hal Boyle

In the richest land on earth boredom is perhaps as big a problem as poverty.

The apathy that afflicts us affects all levels — the rich, the poor, the young, the middle-aged, the elderly. The complaint is the same: "I'm just tired of everything. I don't know what to do with myself to keep from getting bored."

Some years ago a friend of mine, after passing his 40th birthday, began what amounted to a slow retreat from social life. He became withdrawn, spent more and more time alone. When I asked why he was emulating the hermit crab, he replied philosophically:

"I DECIDED THAT the big decision you have to make in middle age is whether to spend the rest of your life being bored or being lonely. In my case, I'd rather be lonely."

With most of us the choice, however, is neither that rigid nor dramatic. Boredom, like mumps, or any other ailment, can be cured.

If your job is boring you, for example, it might be because you are unconsciously ducking the real challenges it offers. By gritting your teeth and redoubling your efforts, it might very well turn out to be the springboard to a more responsible, less routine post.

THERE IS A first step, however, that everyone must take who wants to whip boredom. That is to quit feeling sorry for yourself. Self-pity breeds boredom; boredom breeds self-pity; something must be done to break up the cycle.

Feeling depressed is a normal part of life, but to give way to it utterly is a form of self-destruction.

Here are a few suggestions you might try:

EXERCISE YOUR muscles and your mind more. Leave your car in the garage and walk more often.

If your friends weary you, stay away from them for awhile. If your enemies bore you, try making friends of them.

TALK MORE OFTEN to children and old folks, less often to people your own age.

Eat lunch at a different restaurant every day.

Write a personal letter to someone each day.

Take a long cold shower every time you begin to feel sorry for yourself — no matter how much it runs up your water bill.

Dear George:

Some time ago you advised a client that money isn't everything. I am having a hard time convincing the Internal Revenue Service of this. Can you offer some advice?

HARDLEIGH BRIGHT

Dear Hardleigh:

You can get your advice from the tax bureau — in fact, when they get through with you money isn't anything.

Dear George:

I'm quite attractive, have a nice figure and am intelligent. Why do you suppose men don't like me, you stupid slob?

Should California become two states?

Several years ago, when the U. S. Supreme Court ruled that California should reapportion its state senate on a one-man, one-vote basis, there was a hue and cry from those in Northern California that they would lose any control over the predominantly-populated urban area of Los Angeles and San Diego.

And so a measure was introduced by a Northern California legislator to make two states out of California. Needless to say, the proposal got nowhere.

NOW, AGAIN, the same senator is trying to push for a division of the state. And while chances for adoption of this measure are exceedingly slim, a small group of politicians appears to be touting reasons why this might be beneficial to them, but difficult for the taxpayers.

As an example, a division of the state would mean setting up a new legislative bureaucracy in Southern California. The seat of state government in Sacramento is already established, with government-owned buildings and twin high-rise buildings under construction costing millions of dollars in taxpayers' money.

THE QUESTION is why should this be duplicated in Southern California? We feel sure the voters in Southern California would look askance at supporting their own set of lawmakers, which could do nothing more than is being done at the present time.

Actually, such a division of the state would work more to the benefit of the north, by far, than the south. Under the present arrangement of the Legislature, Southern California will, in a few years, have complete control of both the assembly and the senate. This is by reason of the long-established representation in the assembly on the basis of population. Add to that the newer edict of the Supreme Court, and you have the senate more and more represented by urban, or Southern California people.

THIS MEANS, of course, that if a division of the state should occur, the northern counties would have an empire to play with and control, unhampered by Southern California.

On the other hand, the north would have less tax money to dispense, since it is certainly recognized that where the people are, so is the money.

The subject is not a new one. Talk on division of the state was at one time a serious one, particularly during the long battles over division of water, which was, and still is, the life-line of Southern California.

The claim by the northerners was that the south sought to appropriate the water that belonged to the north, a move that eventually would lead to the drying up of the great valleys of Northern California.

A LOT OF WATER, as they say, is now "under the bridge," but it took many years to work out an equitable solution. Presently, the California water project is progressing to the point where surplus Northern California water is being pumped "over the hump" into the Southern California counties.

As it appears now, there is no cogent need to divide the state, a move which would rob both areas of much of the wealth and prestige that we enjoy as a great state, the leading state in the national population and progress in so many important fields.

At least the author of the bill is getting what we call "mileage" out of the publicity in his own district.

Russell 'Blames' Himself for Celtics' Win

BOSTON (AP) — Reserve Don Nelson's "greatest game" and a typically spectacular performance by John Havlicek have boosted the Boston Celtics to within one victory of the National Basketball Association championship. But Coach Bill Russell says it was a "very bad play" on his own part which clinched matters.

Havlicek's field goal Tuesday night with 38 seconds left in an overtime period had given the Celtics a 119-117 lead over Los Angeles. The Lakers' Elgin Baylor then drove in for what could have been the tying basket.

Suddenly Russell came out of nowhere to block the shot and that was it, with Nelson sinking a clinching free throw in the 120-117 victory.

The decision left the Celtics with a 3-2 lead in the best-of-7 series as they strive to regain the championship they lost to Philadelphia a year ago. The sixth game will be played in Los Angeles Thursday, with the seventh if necessary, scheduled in Boston Sunday.

"I was guarding Mel Counts and I came off him to block that shot," Russell said. "Actually, it was a very bad thing to do, but I thought I'd be sneaky, and it worked this time anyway."

Nelson, picked up by Boston after being cut by the Lakers two years ago, wound up with 26 points and 12 rebounds plus a strong defensive effort against his old mates.

Near the end he missed the first of two clutch free throws before making the final one to clinch the decision.

"I wasn't bothered when I missed the shot," he said. "It didn't make my arm go tight or anything. I figured one for two is .500 and I'm a better free throw shooter than that."

The big surprise for the Lakers was Counts, a former Celtic who scored 12 of his 20 points in the fourth period surge which tied the game.

Havlicek led Boston's scoring with 31 points, and also added 10 rebounds and eight assists. He went the entire 53 minutes.

Jerry West of the Lakers, who played 41 minutes despite an injured and heavily-taped ankle, led all scorers with 35 points, while Baylor added 24.

Russell had 22 points and 25 rebounds.

The Celtics, who had earlier blown leads of 19 and 14 points, almost tossed the game away in the last 35 seconds of regulation play as the Lakers scored four quick points to tie the score at 108.

Here Russell was called for traveling. Los Angeles, with three seconds left, tried to set up Baylor for one last shot, but it missed.

"We had to play them tough getting the ball in so they wouldn't be in position to shoot," Russell said. "We made Baylor take a long shot — the kind you hope for and then hope doesn't go in."

Laker Coach Bill van Breda Kolff said Baylor's shot was "just two inches too far — two inches less and baboom, off the backboard and in."

Fuming Rigney Eyes Scalp After Angels Defeat Tribe

BOSTON (AP) — Anyone who thought baseball was just a game should have been in the California Angel locker room after the Angels took one from the Cleveland Indians.

Manager Bill Rigney verbally blasted pitcher Sonny Siebert after the Angels beat him, 5-3 Tuesday.

"Tell Siebert we owe him one," Rigney snorted. "He's going down the first time we see him again. He leaned my big boy back three times."

In the third inning of Tuesday's game, Siebert struck out California's Bobby Knoop but then pitcher George Brunet singled to short center field. Paul Schaal followed with a base hit and then Jim Fregosi drew a walk to load the bases.

Roger Repoz bounced out, Brunet scoring and the Angels got their first run.

With first base open, Siebert faced Don Mincher and brushed him back a few times before intentionally walking him. Jimmie Hall popped out to end the inning.

Tonight on TV

Channel 5, 4:30 p.m.

Rigney was fuming after the game not only because Mincher was brushed back. Rigney was looking back to April 11 when his big first baseman was hit in the face by Sam McDowell of the Indians.

Five stitches were required to close the gash and Mincher missed 10 games. When he finally came back, his timing appeared off. Since returning five games ago, he has just one hit in 16 at bats.

The Angels won Tuesday's game in the sixth inning when they scored two runs on just one hit.

Munson Major Target As Rams, Lions Barter

LOS ANGELES — George Allen, coach of the Los Angeles Rams, said Tuesday night he has spoken with officials of the Detroit Lions concerning a multi-player swap for quarterback Bill Munson.

"Nothing has been consummated yet," Allen told The Associated Press. "But I might be interested in such a deal."

The "deal" was announced by a Detroit sportscaster Tuesday afternoon. It suggested Lions' flanker Pat Studstill, halfback Tommy Watkins, quarterback Milt Plum and a No. 1 draft choice would go to the Rams of the National Football League's Coastal Division in trade for Munson.

✓ ✓ ✓

LOS ANGELES — The Los Angeles Stars said Tuesday they have signed All-American Larry Miller, a 6-foot-4 forward from the University of North Carolina.

Miller joins the American Basketball Association team after playing on the team that lost to UCLA this year for the NCAA title.

✓ ✓ ✓

LOS ANGELES — Pat Keuhner led off the 14th inning with a home run that gave the University of Southern California a 4-3 Pacific-8 baseball victory Tuesday over Washington State.

Jim Barr of the Trojans went the distance in recording his seventh victory against two defeats. Rick Austin was the loser, his first against nine victories this season.

ST. PAUL-MINNEAPOLIS — The St. Louis Blues go after the pot of gold which a year ago was the dream of every one of the National Hockey League's six expansion teams.

If the Blues can defeat the Minnesota North Stars tonight in Metropolitan Sports Center, they will claim the West Division championship. Even more importantly, they will become the first Western representative in the Stanley Cup finals.

SUPERSONIC BALL OUT FOR GOLFERS

CHICAGO (AP) — There never will be a supersonic golf ball.

The United States Golf Association has taken further steps in governing the speed of a ball and, thus, its distance.

The organization has bought a testing machine that will put a clamp on the manufacturing of golf balls that, possibly in the future, could be driven 350 yards.

"We want maximum distance control and the manufacturers want maximum quality control," said Joe Dey, USGA executive director.

Bob Schul's Outlook

Keino Picked Over Ryun In Olympic Competition

Quoting the quotable at the Mt. SAC Relays:

BOB SCHUL, 1964 Olympic 5,000 meter winner: "I wouldn't bet against Kip Keino no matter what event he faces Jim Ryun in this fall at the Mexico City Olympics."

Schul, making a comeback attempt, says Mexico's altitude is a great benefit to Keino, who hails from the high country of Kenya.

"But it's not just the altitude on which I base my opinion — Kip's a heckuva fine runner. He was a novice in the '64 Olympics but he's a veteran competitor now.

Schul says he's satisfied with his condition at the moment, despite running a gosh-awful slow (14:40) for the 5,000 at Mt. SAC. He won the gold medal at Tokyo in 13:48.8.

"I'm actually pretty well on schedule," he confides. "My main worry is to avert injury."

He predicts that it will require a sub-13:40 clocking to make this year's U. S. team in the 5,000. Leading candidates for the three squad berths are Bob Day, Van Nelson and Tim Danielson. Schul opines:

RANDY MATSON, world shot put record holder: "I like to get my longest put off on the first throw. That way I can quit worrying about it and it puts the pressure on the rest of the competitors.

"Frankly, I don't care for travel and when I have to go out of Texas I never seem to be able to come close to my best efforts."

Despite a prodigious heave of 69-10½ at Mt. SAC, Matson says his timing was off. As far as possible retirement following the Games, Matson says, "I don't think so, I'd like to stay in competition for awhile, but only if I'm at my best. It's getting tougher all the time to win.

"I believe it will take a 68-foot put to make our Olympic team."

Matson says high schooler Sam Walker (7-7) is a great future prospect, in the shot and discus. "He's strong and has great speed, which should be especially valuable in the discus."

GLENN WHITE

WHITE WASH

Regarding the controversial high altitude of Mexico City, Matson does not believe it will affect shot putters.

HAL CONNOLLY, former world record thrower in the hammer: "I believe it will require a throw of 225 feet to make the U. S. team, and figure a toss of 230-235 feet to win the Olympics," he reveals.

Connolly, who'll be 37 this August, has a good shot at making his fourth Olympiad. He won the '56 Games in Melbourne with a 207-3½ effort.

Newport Beach's Ed Burke, the American record holder at 235-11, is the prohibitive choice to win the U. S. trials.

Final Solution

Dennis Hamilton is nearing the final solution to the bachelor problem: marriage.

The former Huntington Beach High and Arizona State basketball star is due to make the big step this month. And he'll be off to a good start financially, figuring he'll draw $7,000 if his Laker mates lose the NBA world championship series to Boston and $8,000 if they defeat the Celtics.

Two Records Fall

Dispute Steals Show At EC Track Prelims

By RAY PLUTKO
Of the Daily Pilot Staff

Althought two records fell Tuesday afternoon at the Eastern Conference track and field prelims, it was a hotly-contested dispute by coaches that stole the spotlight at the Orange Coast College oval.

It came after the opening heat of the 100-yard dash when Fullerton's Stan Edmonds broke the tape in 10.1.

Needless to say, the clocking raised a few eyebrows since he is a 9-6 type and it was soon discovered that Edmonds had run 105 yards. Meet started Red Guyer recommended the race be run over, but the initial reaction from the coaches was "no."

A vote followed and the majority of coaches were in favor of running the race over. They did just that, but it made little difference as Edmonds (9.7) and Mt. SAC's Eric Walberg finished the same one-two.

As for the records, Fullerton — EC dual meet champion — accounted for both as Dave Murphy powered the shot put 56-3 and Edmonds won the 220 in 21.3.

Dodgers' Home Simply Unfair For Swingers

LOS ANGELES (AP) — Everyone marvels at the Los Angeles Dodgers' pitching. But it occurs to outfielder Ron Fairly that Dodger Stadium is tailored for pitchers and unfair for hitters.

"You can't hit it out of here ... you don't even try," he says, "so the idea is not to hit the ball in the air. But this year they've softened the infield, so now it's tough to hit a ground ball past the infielders."

Fairly, a veteran, leveled his complaint Tuesday night after St. Louis capitalized on two fluke plays to nip the Dodgers, 2-1.

NEW ORLEANS EYES FIRST ABA TITLE

NEW ORLEANS (AP) — The New Orleans Buccaneers can wrap up the first championship of the American Basketball Association by beating the Pittsburgh Pipers tonight.

The best-of-7 series will resume for a one-night stand with the Bucs holding a 3-2 lead. A Piper victory will take the series back to Pittsburgh for a Saturday night showdown.

SC Tabbed Over Bruins, 99-45

By GLENN WHITE
Of the Daily Pilot Staff

A meet which originally shaped up as a titanic clash between the nation's top collegiate track and field powers now looms as little more than an intersquad meet for the University of Southern California Trojans.

Saturday's dual spikefest at the Coliseum lost most of its luster when coach Jim Bush's Bruins suffered an uncanny series of injuries to such key performers as pole vaulter Dick Railsback (17-1 in pole vault), Russ Hodge (58-8 in shot), Rick Sloan (7-0 in high jump, 16-8 vaulter), Gerald Lee (51-9 triple jumper, Don Domanski (46.2 for 440).

The DAILY PILOT's annual dope sheet shows coach Vern Wolfe's Trojans running off with a 99-45 romp.

Except for the 440, where Bruin Lee Van Hofwegan is favored, a Trojan sweep of first places is anticipated.

UCLA's strength will be in the field events, where Bush & Co., can almost battle the men of Troy on even terms. Point spread there gives USC a 34-28 edge.

Orange Countians figure to nab three victories with ex-Westminster High star Carl Trentadue pacing SC in the 880 with the fastest time in the Pacific-8 — a nifty 1:47.9. He's also due to run the mile.

Kirk Wassell, ex-Western High and Fullerton JC whiz, is figured to win the discus for UCLA, boasting a best throw of 182-3.

And Greg Heet, who prepped at Lowell High, gets the nod for SC in the high jump with a top performance of 6-10. In the same event is ex-Foothill High star Parky Kennedy (6-6).

Ump's Call Ruins Bucs; GWC Romps

By RAY PLUTKO
Of the Daily Pilot Staff

Mike Bailey of Orange Coast College connected for his third and fourth home runs of the season Tuesday afternoon, but the Bucs left fielder chalked his fourth as just a long strike.

That provided the climax to the Bucs' crucial Eastern Conference baseball outing with visiting Mt. San Antonio as Orange Coast dropped a disputed 2-1 decision.

Bailey's apparent fourth circuit blast came with a man on base in the bottom half of the eighth, but while circling the bases the plate umpire ruled the ball was foul.

Coach Wendell Pickens and all present felt the ball was fair by at least five feet down the left field line.

Golden West was also in the headlines though as the visiting Ruslters upset Fullerton, 5-1.

Dan Loomer, who was batting .400 entering the game, went 3-for-5 in pacing the Rustlers to their win over the Hornets.

Right-hander Art Spencer went the route for the Rustlers, scattering five hits and striking out a like number of Hornets. Spencer also contributed a triple and single on the afternoon.

Mt. SAC grabbed a 2-0 advantage after the initial three innings in its outing with Coast, with Bailey's blow over the 360-foot sign in left narrowing the count in the fourth.

ON YOUR MARK — Bob Dake of Orange Coast College awaits starter's gun for Thursday's opening round of competition in the state JC swimming and diving championships at Santa Ana College, while Sue Burnside of Newport Beach checks time. Dake's specialty will be the 200-yard butterfly, although he'll be entered in three other events as well. OCC entry is tabbed to finish among top 10 teams in three-day meet.

Manix Must Vault

Coaches Vote Down Plea to Aid Injured Star

Sprained ankle or no sprained ankle, Costa Mesa High's Kevin Manix will have to pole vault at the Irvine League track and field finals Friday in order to qualify for the CIF meets.

Mesa coach Brian Springer issued an appeal before Tuesday's league prelims at Valencia High that Manix be seeded into the CIF meets. He needed a unanimous eight affirmative votes, but got five negative ones.

"I guess he'll take one vault at 13-6 Friday and hope that qualifies him," Springer said.

Fountain Valley and Loara figure to battle it out for the varsity track championship at the Friday night finals at Valencia. The Saxons qualified 13 athletes Tuesday and the Barons send 11 to the finals.

Santa Ana Breezes In Sunset Prelims

By GLENN WHITE
Of the Daily Pilot Staff

Heavily favored Santa Ana breezed through Tuesday's Sunset League track prelims at Westminster, picking up 13 qualifiers to 10 for challenger Santa Ana Valley in the varsity division.

Coach Earl Engman's awesome Saints figure to earn their second straight title in a breeze.

One varsity record was tied — the 180 low hurdle mark of 19.2 — as Don Tilley of Santa Ana Valley matched his previous circuit best.

Another mark was established when Clyde Emery of Valley zipped the 220 (curve) in 22.3.

The 220 (curve) in the Bee prelims also established a Sunset standard as Anaheim's Mike Lauderback was clocked in 23.1. A second new Bee event — the 120 high hurdles — goes in the books as 15.3 with Willie Young of Santa Ana the holder.

Leading varsity performer for Orange Coast area schools was Paul Williams of Huntington Beach. Although unimpressive in appearance, Williams eased to victories in heats of the 440 (50.1) and 880 (2:01.0).

Warbington, Meyer Spark Monarchs, 10-4

Bob Warbington and Dan Meyer combined for seven hits and five runs batted in to pace Mater Dei High's Monarchs to a 10-4 conquest of Servite Tuesday night at Anaheim's La Palma Park.

Victory put the Monarchs in a dead heat with St. Paul for first place in the Angelus League title derby, pending outcome of the latter's game with Verbum Dei this afternoon.

Warbington clouted a triple and three singles while Meyer came through with a triple, double and single.

OCC, Rustler Swimmers In State Meet

Orange Coast and Golden West colleges return to the friendly confines of the Santa Ana College pool Thursday for the opening round of competition in the California JC swimming and diving championships.

Qualifying heats are billed for 10 a.m. Thursday through Saturday, with finals each evening at 5.

Although not sporting the overall depth of top-seeded Fullerton and Foothill, Orange Coast and Golden West will be well represented in the three-day affair as evidenced by their efforts in last weekend's SoCal finals.

Coach Jack Fullerton's Pirates qualified 13 swimmers for 17 events, while the Rustlers from coach Tom Hermstad's camp garnered berths in a like 17 events with seven entrants.

Top prospects for the Bucs appear to be sprinter Dee Renfro and one-meter diver Gary Bagley.

Renfro won the SoCal 100-yard freestyle in 49.5, but served notice he's capable of copping state honors with a 48.8 clocking in the qualifying heats.

Bagley finished second among the low board divers, but Fullerton feels his top entrant is just rounding into his top form of the campaign.

Craig Jorgensen, the workhorse for the Rustlers, is one of the top seeds in the 100 and 200 backstroke and he'll be relieved of his duties on two relay teams so as to improve his chances.

Thursday's Events

200 Individual Medley — Kurt Johnston (OC), Bob Dake (OC), Gary Drent (GW).

500 Freestyle — Paul Hughes (OC), Frank Warner (OC), Mike Wilson (OC), Roger Moore (OC), Steve Scheiblauer (GW), Rick Smith (GW).

50 Freestyle — Mike Irwin (OC), Bill Luther (OC), Dee Renfro (OC), Brad Smith (OC), Gary Drent (GW), Mike Haber (GW), Norm Chapman (GW).

800 Freestyle Relay — Orange Coast (Roger Moore, Paul Hughes, Dee Renfro, Frank Warner), Golden West (Rick Smith, Mike Haber, Gart Drent, Steve Scheiblauer).

1 Meter Diving — Gary Bagley (OC), Mark Savage (GW).

Sizzling Costa Mesa Nine Driving for Irvine Title

Estancia provided a boost to Costa Mesa's chances of bagging the Irvine League baseball title Tuesday afternoon as the Eagles upset second place Magnolia, 5-2, and knocked them into a second-place deadlock with the Mustangs who edged Corona del Mar, 3-2, in eight innings.

The Costa Mesans still trail Loara by one game after the Saxons downed Brea, 2-0.

Roger Whistler, who pitched and collected one hit in two official trips to the plate, accounted for the winning run in the first overtime inning as he used neither his arm or the bat to provide the Mustangs with victory, but his head.

After Whistler was moved to second by Dave Barton who drew a walk, teammate Andy Towner pushed a pinch-hit bunt up the mound which was gathered by the Sea King pitcher who whirled and tossed to third to nail Whistler.

The ball beaned the speeding Whistler and skittered out of play, allowing him to stagger home with the winning run.

Estancia bunched two runs in the second and three in the third with Eagles Dick Durante and Chuck Loseth providing the muscle with the bat.

TROPHY WINNERS — Bob Vordale (left) of Newport Beach accepts the winner's trophy from Tom Walker, president of Santa Ana Country Club after scoring a close win in the 18th annual President's Cup tournament at SACC. The Lido Isle linkster defeated Bud Talmage (right) of Orange two up in the finals match in the field of 128 contestants. Vordale, a former club champion, also won the event in 1960.

Larson Wins President's Cup; Vordale Bags SACC Crown

Russ Larson won the coveted President's Cup, Sunday, at Costa Mesa Golf and Country Club, defeating Jack Towle the club champion, for the title.

Other flight winners were Joe Costello, Dick Geer John Hacker, Jack Brown Tom England and Cliff Wesdorf.

Costa Mesa, with over 800 members in the men's club, is considered one of the nation's largest. One member remarked, "We have more flights than United Airlines."

Runnersup in the flight were Dick Riley, Bill Young, Jack Rice, Joe Spalding, Al McCloskey and W. H. Diamond.

The consolation flight winner was Bob Wright.

Bob Steach, with a 79, and Virgil Schnoebelen, with an 83, were low gross in the consolation flight.

Joe Costello fired rounds of 66 and 70 (net) to win the "Golfer of the Month" award for March.

More news from Costa Mesa:

Steach, Jack Valasek and Towle tied for low gross honors over the weekend on the Los Lagos course with 79's.

Low net went to Don Cook's 86-22-64 followed by George Derbach's 81-11-70, Harold Joseph's 89-19-70, Jerry Warde's 87-16-71, Lincoln Shepperton's 81-10-71 and Earl Atkinnon's 90-19-71.

Four tied for blind bogey honors at 79. Those were Loy Johnston, Cecil Davidson, Jack Reid and Gordon Voss.

In a best ball of partners event in women's club action, four teams tied for first place.

Sharing the top spot were Nadine Maze and Marty Schneider, Martha Ciampa and Adrianna Coote, Bea Regan and Catherine Tarpley, and Vi Bailey and Mary Evelyn Imler.

On the Mesa Linda course, Marion Voss and Alice McCredie carded a 62 and Carnelle Kennedy and Rita England scored 64.

In the "Criers Event" on Monday, Imler was the winer in the first flight with a 95-16-79.

Second flight winners were Idamae Steckoll at 106-25-81 (72) and Merrillee Dungan's 106-24-82 (72).

Third flight went to Lenor Wahrenbrock (109 - 35 - 74). Dorothy Swanson was second with a 107-29-78.

On the Mesa Linda course Marge Fitzsimmons won with a net 70 followed by Flo Downey, Rita England Muriel Brammer and Greta Iannelli.

The Costa Mesa Golf and Country Club Member-Guest Tournament is scheduled for May 4 and 5. There will be 100 two-man teams accepted for the field.

The event will be a best-ball of partners over 36 holes. Awards will total $1,000 with PubLinks or SCGA handicap required.

In women's club action April 22, Carnelle Kennedy took honors with a 113-43-70 (22). Nina Danielsen was second with a 118-45-73 (26) followed by Marion Voss' 105-37-68(28), Greta Iannelli's 98-32-66 (28) and Irene Brazda's 98-33-65 (28).

Santa Ana

Bob Vordale reigns as the new President's Cup champion after defeating medalist Bud Talmage two-up on the 18th hole Saturday in the 19th running of the annual event at Santa Ana Country Club.

Vordale, who won the title once before in 1960, rallied from a one-stroke deficit after five holes to gain a two-stroke lead at the turn.

The sixth, seventh and eighth holes proved to be the turning point for Vordale in his march to title.

In the Cypress Point flight, Lloyd Stocker nipped Colman French one-up on the 19th hole.

In a Member-Guest Jack and Jill Tourney, Web and Harriet Hopkins teamed up with Burt and Inez Stansbury of Mesa Verde for the title.

Second place went to Dr. Harold and Hazel Decker along with Red and Mary Whisenant of Virginia Country Club. They finished in a tie with the quartet of John and Phoebe Conley and Elton and Ada Hallett of Irvine Coast. Both teams scored 132.

The Decker quartet took the second spot in a playoff.

Art Nisson sank a hole-in-one with a five-iron last Wednesday on the 175-yard 15th hole. Nisson, of Santa Ana, drove past the pin and the backspin brought the ball into the cup.

With Nisson were Bill Schmid and Barry and Jack Beaumont.

It marked the third time that he had scored a hole-in-one — the second time at Santa Ana.

Irvine Coast

Golf pro Lew Jennings and club member Art Daughterty won first place in the Pro-Member Derby last Wednesday in a field of 15 teams.

Second place in the men's club event went to pro Willie Barber and member Dick Broome while Max Bayha teamed up with Forest Smith for third place.

Laguna Topples Foothill With Shapard's Heroics

Laguna High's baseball nine earned its second win of the season at the expense of Foothill, 6-5, Tuesday afternoon, but the triumph wasn't enough to lift the Artists out of the Crestview League celler.

Artist pitcher Steve Shapard provided the punch for Laguna as he collected three hits in three trips to the plate and drove in four runs while going the distance on the mound.

Lagunan Doug Schmitz also contributed heavily to the cause, rapping out a pair of hits, stealing three bases and scooting across the plate four times.

Start Your Engines

by Deke Houlgate

Athletes are not supposed to be public speakers, but football has its Mike Garrett, baseball its Don Drysdale, track and field its Ralph Boston. Now comes auto racing with a refreshing new voice, David (Swede) Savage.

After you have talked with a few drivers you get the impression there is little more to life than rpm, tire adhesion, gear ratios and getting money out of sponsors. When you talk to Swede you get the strange feeling that there is still fun and enjoyment in the sport.

"The first three times I was on a motorcycle in a race I went on my head. I set fast time sitting up and lying down," he says.

His stock car racing career was similarly amusing, as he related it over the phone the other day:

"I was working for John Holman (Holman & Moody Ford stock car racing operation at Charlotte, N.C.), and he sent me over to Bondy Long's to get Dick Hutcherson's old '66 Ford Galaxie.

"I went over there, and sure enough there was the car. It was sitting under a chicken coop, and I guess you would say it hadn't been washed in awhile. It had a new paint job, courtesy of the chickens."

Turned Pro at 17

Savage, for the record, was born on Aug. 26, 1946, and despite five years of championship motorcycle racing, he is going to have to prove that fact to the American Motorcycle Assn. with a photostatic copy of his birth certificate.

"I've been lying to them about my age so long, they won't believe me any more," Swede candidly admitted. "When I told them truthfully that I was 21 this year, they said, 'Come on, Swede, you have been saying that for years. Just how old are you, really?"

Although he's only 21, Swede already holds a lot of credentials. He has ridden four years in the Daytona motorcycle classic and in '63 was the nation's leading novice rider at the age of something like 16 or 17.

He turned pro at 17.

Engine Blows

After rebuilding the Hutcherson car as a '64 to quality it as a NASCAR sportsman, he drove his first race and was in third place after 285 laps with only 15 to go when the engine blew.

As if his career was on sort of a stepped up timetable, Holman commented, "Well, son, it looks like you don't need any more experience in the sportsman division; now let's see what you can do in the Grand Nationals."

Grand National stock car racing, while it is regional in character with only a few races held outside the Deep South, is possibly the toughest league in racing today.

It is dominated by a handful of mush-mouf drawlin' Dixiecrats — Richard Petty, David Pearson, Jim Paschal, Cale Yarborough and Lee Roy Yarbrough.

Cannon Fodder

A 20-year-old boy is cannon folder to that crafty bunch, if his car is good enough to get near any of them.

Savage ran three races, dropping out while running fourth at the 200-lap mark of the Hickory 250-lapper, finishing sixth at Martinsville and eighth at North Wilkesboro.

It was at North Wilkesboro that he really got a taste of what S'uth'n racin' is like.

Learns From Gurney

"It's uphill to the straightaway and down in the canyon on the turns," he said. "It was more fun than anything I've done yet in racing.

"I'd have done better, but somebody spun me out. I spent time in the pits getting the body straightened. You really learn how to drive down there."

At the end of the '67 season, Swede accepted an offer to learn sports car racing from Dan Gurney out in Santa Ana.

Fortunately for Swede he really is 21, and he holds an F.I.A. international racing license that Sports Car Club of America accepts in lieu of its own competition cards. Why? Because he had never before last week taken one lap in a sports car at any track.

Remember the name, Swede Savage. And the age, 21 years.

In a best ball of foursome Saturday, the team of Wayne Goldie, Russ Larson, Larry Smith and Golden Imler won with a low net of 56.

Second place ended in a four way tie. The quartet of Frank Beckman, Robert Burby, Bud Wright and Bob Mansfield shared honors with Jim Gianulias, Paul Runge, Doug Terry and Ken Cushman along with the foursome of Bob Martin, Bob Brown, Jim DuPuie and Bill Winters.

The fourth team was the threesome of Jim Roy, Jim Hitchman and Bill Osmus. They all tied with the score of 58.

Seven ladies "Beat the Pro" Tuesday afternoon. Gary Douglass' 77 was topped by Betty Gallagher's 102-30-72, Nancy Callahan's 95-23-72, Margaret Egbert's 96-22-74, Pat Lackner's 105-30-75, Eunice Brown's 104-29-75, Dorothy Varian's 88-13-75 and Martha Kennedy's 103-27-76.

In Friday's sweeps, Marion Keeler and Gwen Holle won the low net honors in the A flight. Keeler scored a 98-20-78 and the latter scored a 93-15-78.

B flight honrs were won by Margaret De Bache's 99-21-78. Second place went to Yvonne Haig's 100-21-79 and Helen Wilson shot a 103-22-81 for third place.

Beverly Cornwell won the top spot in the C flight with a 103-26-77. Second was Betty Blakemore's 106-26-80 and Bonnie Atkinson followed with a 107-25-82.

Anna Lee Shetler was the D flight titlist with a 104-31-73 followed by Betty Seiersen's 109-31-78.

E flight went to Cappi Peterson's 121-36-85.

Mike Jones Stimulates Drag Field

By DEKE HOULGATE
Of the Daily Pilot Staff

Drag racing fans, promoters and competitors are turning more and more to a fellow in Irvine for new ideas. Mike Jones at Orange County International Raceway is the best thing to come along in hot rodding since the "funny car."

He opened OCIR late last year and hasn't operated for a full season yet, but Jones has made two points already: (1) a drag strip doesn't have to be unsightly, uncomfortable and inconvenient to reach, and (2) it can draw fans from all age groups.

Last weekend Mike staged a drag race for enthusiasts, instead of the usual pro event, and the top prize was a $1,500 college scholarship.

Together with National Hot Rod Assn., he has created a manufacturer's championship series, team racing, an inter-high school rivalry for the strip instead of the playing field and an elaborate safety setup that is the envy of the sport.

This Saturday night the feature is one of those manufacturers' "funny car" championships. I don't know how it works, but take it from an indifferent observer of the drags, the funny cars put on a flashy show.

Now maybe Mike has come up with the best idea of all — for fans and competitors alike. He has figured out how to eliminate qualifying.

Qualifying consists of single runs on the quarter-mile strip against the clock. It is dull and time-consuming, but it is necessary to eliminate slow drivers so that 8, 16, 32 or 64-car fields can be established for elimination tournaments.

Mike's new system works like this: All drivers compete in first round eliminations, drawing opponents by lots. If there are more than 16 for a 16-car field, the fastest eight advance to the second round, and 9-16 are paid first round loser money.

Drivers from 17 back get no money, but they at least had a chance to race somebody.

Who is Mike Jones, the aspiring Jack Kent Cook of drag racing? Three years ago he was a mechanic in Anaheim who road raced a Corvair with a local SCCA region on weekends.

2 Major Changes For Honor List

Two major changes in the top spots of the Orange Coast area swim honor roll occurred during the running of the Irvine and Sunset League prelims, finals and CIF qualifying meets.

Newport Harbor's Bob Rogers swam a 22.8 in the 50 free to gain a share of first in that event with Costa Mesa's Dave Whitaker.

The other came in the 200 medley relay where Marina blazed to a Sunset League record in 1:46.8.

The mark dropped Corona and its 1:47.0 to second.

Corona del Mar still holds on to five of the top 10 positions with Jeff Wilcox of Newport Harbor, Chris Gammon of Costa Mesa and Don Lippoldt of Marina in the other three places.

Lippoldt has a 59.1 in the 100 back, Wilcox a 1:07.5 in the 100 breast and Gammon a 55.5 in the 100 fly.

Cougars

Cougars have a wider distribution than any other American animal. They're found near sea level, on high mountains, in the rain belt of the forested Northwest, in the deserts and in the dense growth of the tropics.

Trout Top Fish Catch At Irvine

Many of the 7,000 pounds of rainbow trout planted in Irvine Lake last week were bagged by lucky anglers over the weekend.

Irvine Lake director Russ Cleary reported that Harry Kentopein of Anaheim was one of several anglers who limited out on trout.

He also said 90 percent of the trout catchers are coming on cheese bait.

The largest rainbow taken last week was a one-and-a-half pounder taken by Howard Carpenter of Hawthorne.

Cleary said 3,500 pounds of trout are stocked in the lake each week.

Largemouth bass action is picking up. A five-and-three quarter pounder was taken last week with a rubber worm. Catfish action isn't as heavy as in past weeks but some three and four pounders have been boated.

Marina Splashes To 55-40 Win

Marina's varsity swim team defeated La Habra, 55-40, in a non-league dual meet Monday afternoon in the winners' pool.

Earthworms

The earthworm, popular with fishermen, get traction for movement by being covered with small bristles. These bristles press against the walls of the tunnel and allow the worm to gain a "foothold."

HB Driver Vies Sunday

PACOIMA — Former Indianapolis 500 winner Johnnie Parsons, now racing director for Whiteman Airport Stadium in Pacoima, has scheduled a 12-race NASCAR event for Sunday evening, beginning at 7 p.m.

In Sunday's field are Lowell Sachs, 1967 USRC champ from San Diego, and 19-year-old Duane Carter, Jr., of Huntington Beach.

Racing will be held in three classes — 400 cc NASCAR super stock cars, USRC midgets and tyro six-cylinder hobby cars.

Sunday's card is the first of a summer-long Sunday evening program of racing on the third-mile track.

PASSENGER TIRE GUARANTEE
GUARANTEE AGAINST FAILURE
Penneys guarantees every Foremost® tire against all failures in use—this guarantee lasts for the entire guarantee period stated for each tire. If the tire fails during the guarantee period, return it with your guarantee certificate and Penneys will, at its option: (1) repair the tire, (2) replace it with a new tire, or (3) give you an immediate refund. If we replace the tire during the free replacement period, there is no charge; if we replace the tire after the free replacement period, you pay 50% or 25% less than the current selling price of the tire including the Federal Excise Tax (see guarantee against failure chart for details).

GUARANTEE AGAINST TREAD WEAROUT
Penneys guarantees every Foremost® tire (except the 72 series) against tread wearout for the entire guarantee period. You benefit as follows: if your tire wears out during the first half of the guarantee period, return it with your guarantee certificate and Penneys will replace your tire with a new tire (the charge for this will be 50% of the current selling price including Federal Excise Tax); if your tire wears out during the second half, the charge will be 75% of the current selling price including Federal Excise Tax.
These guarantees do not apply to commercial use of tires.

Here's how your guarantee against failure works:

Entire guarantee period	30 months
Free replacement period	1-15 months
50% off period	16-23 months
25% off period	24-30 months

PENETRATION

Nearly everyone reads the DAILY PILOT, hometown newspaper for the Fabulous Orange Coast.

Fleet of Powerboats Makes Ensenada Race Successful

The Newport to Ensenada race is traditionally a sailboat hi-jinx, but the race couldn't be successfully operated without the aid of a growing fleet of powerboats.

The power fleet in this year's race will include 12 private vessels designated as official Newport Ocean Sailing Association escorts, 10 private boats carrying the colors of the U.S. Coast Guard Auxiliary, and two Coast Guard cutters.

These are the boats that ride herd on the vast fleet of windjammers and keep in constant communication with the racing vessels and other escort vessels in the event of accidents.

NOSA escort vessels in this year's race are: Dad-O-Reenie, 65-foot cabin cruiser, Robert LaVerne, Seal Beach YC; Drift-R-Cruz, 40-foot houseboat, Len Lilly, Bahia Corinthian YC; Highlander, 55-foot cruiser, Bruce McNeil, Balb a Bay Club; Jeanne Joie, 65-foot cruiser, Jacob Onstott; Lady Claire, 57-foot trawler, Milton Bren, Lido Isle YC; La Osa, 83-foot cruiser, Louis Viereck, California YC; Navonod III, 36-foot cruiser, Robert Donavan, BYC; Raparee, 47-foot cruiser, E. B. Sporleder, Long Beach YC; Ronjumar II, 45 foot cruiser, Fred Woodward, LBYC; Su-Nan-G, 45-foot cruiser, Glenn Gummess, Catalina Island YC; Tranquilizer, 48-foot cruiser, Hart Miller, Shark Island YC, and Westward, 87-foot motor vessel, Don Gumpertz, California YC.

U.S. Coast Guard Auxiliary vessels are: De Jay I, 39-foot sportfisher, Howard Faye; Florence A, 56-foot trawler, Jay B. Stoddard; Happy Homer, 65-foot Huckins cruiser, Al Hagen; Lady Sable, 42-foot cruiser, Harry Ince; Mistress, 34-foot Fairliner, William Tadlock; Oahu, 30-foot Pacemaker, Charles Nucomb; Port Royal, 43-foot Roamer, John Arnold; Prowler, 65-foot cruiser, Ed Williams; Vicory, 50-foot Stephens, Ed Rothschild, and Who's Who, 45-foot cruiser, Jack McLeby.

Coast Guard cutters patrolling the course will be the 95-foot Cape Hatteras commanded by Lt. H. W. Tiffany, and the 125-foot Morris with Lt. J. L. Patterson in command.

Yachting Merger Proposed

A merger of the Southern California Yachting Association and the Yacht Racing Union of Southern California to form a larger governing body known as the Union of Southern California Yachting Associations has been proposed by Robert M. Allan Jr., present commodore of YRU and staff commodore of Newport Harbor Yacht Club.

The proposal is expected to be threshed out at meetings of the SCYA.

SCYA as currently constituted is the governing body for some 45 yacht clubs in Southern California — including both property owning and "paper" or "letterhead" clubs.

YRU is composed of a dozen property-owning yacht clubs — all of which are also on the roster of SCYA.

Allan's proposal is that the larger organization would be both senior and superior to both SCYA and YRU, taking over most of the functions of the present organizations — with certain exceptions.

Allan explained that both SCYA and YRU would continue to operate as entities and would continue to maintain titles to and the deeds of gift of their various trophies. They would, in effect continue their corporate existence and hold meetings at least once a year.

He further suggested that SCYA and YRU continue to vote at North American Yacht Racing Union meetings and that both of them conduct NAYRU eliminations as they are currently doing. This would prevent confusion in NAYRU, Allan said.

Allan went further to outline a set-up of subsidiary organizations down through the yacht clubs themselves.

Under the new organization would come SCYA and YRU. Subordinate to them would be the various harbor associations which would handle matters such as local yachting calendars, safety regulations and other local matters. Under the harbor associations would come the yacht clubs, and the lowest echelon would be the various class or fleet organizations.

According to Allan, such a corporate set-up would better serve the needs of the growth of yachting as a sport and recreation in this area. It would also reduce confusion and conflicts in scheduling events as well as improving safety factors.

Mosbacher Dragons Winner

HAMILTON, Bermuda (AP) — Bob Mosbacher of Houston, won the first race of the five-race Dragon series Monday as yachtsmen battled with wind conditions.

The winds were so light, barely reaching 10 knots and almost fading at times, that the race committee had no opportunity to get off the second races before curfew.

Mosbacher beat Paul Phelan of the St. Lawrence Yacht Club in Canada. Hartley Watlington of Bermuda was third.

In the Finn class, Ding Schoonmaker of Bermuda, finished seven minutes ahead of Paul Lindenberg, another local yachtsman.

Robert Reeves of Bermuda was first in the international 14-foot dinghy class and Charles Berry, another Bermuda sailor, led in the first race of the 505 series.

2121 East Coast Highway, Corona Del Mar, Newport Beach (1N).
Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance by transfer of an alcoholic beverage license (or licenses) for these premises as follows:
ON SALE GENERAL
(BONA FIDE PUBLIC EATING PLACE)
Anyone desiring to protest the issuance of such license (s) may file a verified protest with any office of the Department of Alcoholic Beverage Control, within 30 days of the date the proposed premises were first posted, stating grounds for denial as provided by law. The premises are now licensed for the sale of alcoholic beverages. The form of verification may be obtained from any office of the Department.

SCRAM-LETS ANSWERS IN CLASSIFICATION 9900

I'm The Kind Of Woman Who Gets What She Wants

. . . Because I'm The Kind Of Woman Who's Smart Enough To Use DAILY PILOT Classified Advertising

Believe me, there's nothing around our home anymore that isn't being used — because the minute I discover something is no longer needed, I sell it, while it still has maximum value, through an inexpensive DAILY PILOT Classified Ad. That way, instead of a clutter of things we don't use, I have the extra cash that lets me have the newer things . . . the "extra" things my whole family enjoys. Here's what I mean.

The cash I got for the good clothes and toys the children had outgrown bought me the decorator lamp I'd been wanting. The musical instrument no one played paid for a big part of our portable stereo unit. The power tools redecorated our daughter's room. And, just for the fun of it, the good chair that just didn't match anything anymore took my husband and me out for a fabulous dinner at the fanciest restaurant in town.

Go through your home. Make a list of all the worthwhile things you find that aren't being used. (You'll be surprised at the number you turn up the first time.) Then, dial 642-5678 any time between 8 a.m. and 5 p.m. and give your list to a friendly, experienced Ad Writer. That's all there is to it. It's inexpensive too! It can cost you as little as PENNIES A DAY!

Well, now that you know my secret — isn't it time you got started toward better, easier, happier living with DAILY PILOT Classified Ads? Start being the kind of woman who gets what she wants today!

Souffle Rises to the Occasion

ADD EXCITEMENT TO DINNER MENU WITH CHOCOLATE SOUFFLE

When a good cook wants to make an impact on dinner guests, she provides them with a really dramatic, spectacular dessert. And a superb cold souffle finishes off the company meal to perfection.

The virtuous souffle is a much maligned dish, for it has a reputation for temperament. Well, that is true of the baked souffle, which depends on the air encased within its batter for the properly fluffy texture.

But refrigerator souffles are an entirely different matter — they require no baking and there is no rising involved. This kind of souffle depends on reliable unflavored gelatine for its airy texture. That means you can make this wonderful dessert with absolutely no risk — and still enhance your reputation as a skillful cook.

There follows a group of special gelatine souffles, each as delicious as the next. Chocolate Souffle is a general favorite, or you may prefer the Lemon Souffle or the Strawberry Souffle. The Grasshopper Souffle is particularly elegant — it derives its bright spirits from creme de menthe and creme de cacao and is a gelled version of the famous Grasshopper drink.

BOON TO HOSTESS

Unflavored gelatine is a real boon to the hostess, for it is the basis of a wide variety of party favorites as well as family favorites. While the product has been on the market for more than 75 years, today's gelatine is a distinct convenience.

Women years ago used to have to boil beef bones to make gelatine, and it was a long and laborious process. When unflavored gelatine first reached the market, it was sold in sheets, and the homemaker had to break up the gelatine and soak it for 20 minutes before using. Today's granules are simple to use — and always reliable.

Next time you have friends in for a convivial dinner, let a delicious souffle prove what a wonderful cook you are. Accept compliments modestly!

GENERAL DIRECTIONS FOR SOUFFLES

To make collar for souffle, fold foil into four thicknesses 3 inches wide and long enough to go around souffle dish with generous overlap. Attach to dish with sealing tape, leaving 1 inch of the foil around dish to make collar 2 inches high.

With average souffle dishes, a souffle volume of 3 or 4 cups in excess of the volume of dish will make souffle above the rim of dish. Volumes are given for all recipes. If desired, use larger souffle dishes than specified in recipes and omit collar.

Souffle mixtures may be turned into molds, serving bowls, or individual serving dishes. Half of a souffle recipe may be used as filling for a 9-inch pastry or crumb shell.

CHOCOLATE SOUFFLE

2 envelopes unflavored gelatine
2 cups milk
1 cup sugar, divided
¼ teaspoon salt
4 eggs, separated
1 12-ounce package or 2 6-ounce packages (2 cups) semi-sweet chocolate pieces
1 teaspoon vanilla
2 cups heavy cream, whipped

Sprinkle gelatine over milk in medium saucepan. Add ½ cup sugar, salt, egg yolks and chocolate pieces; stir until thoroughly mixed. Place over low heat; stir constantly until gelatin is dissolved and chocolate melted. Remove from heat; beat with rotary beater until chocolate is blended. Stir in vanilla. Chill, stirring occasionally, until mixture mounds slightly when dropped from spoon (about 20 minutes in refrigerator).

Beat egg whites until stiff but not dry; gradually add remaining ½ cup sugar and beat until very stiff. Fold into chocolate mixture. Fold in whipped cream.

Turn into souffle dish that measures 1½ or 2 quarts to the rim*, with a 2-inch collar (see general directions for making collar). Chill until firm. Remove collar. If desired, garnish souffle with additional whipped cream and chocolate curls. Yield: 12 servings; approximately 10 cups.

*The souffle will be 2 inches above rim of 1½-quart dish and 1 inch above rim of 2-quart dish.

LEMON SOUFFLE

2 envelopes unflavored gelatine
¾ cup water
¾ cup lemon juice
1 1/3 cups sugar, divided
½ teaspoon salt
8 eggs, separated
1 tablespoon grated lemon rind

Sprinkle gelatine over water and lemon juice in medium saucepan. Add 2/3 cup of the sugar, salt and egg yolks; stir until thoroughly mixed. Place over low heat; stir constantly until gelatine dissolves and mixture thickens slightly, about 5 minutes. Remove from heat; add lemon rind. Chill until mixture mounds slightly when dropped from a spoon.

Beat egg whites in large bowl until stiff, but not dry. Gradually add remaining 2/3 cup sugar and beat until very stiff. Fold in gelatine mixture. Turn into souffle dish that measures 2 quarts to the rim, with a 2-inch collar. Chill until firm. Remove collar. If desired, garnish souffle with whipped cream. Yield: 8 to 10 servings; approximately 11 cups.

GRASSHOPPER SOUFFLE

2 envelopes unflavored gelatine
1 cup cold water
1 cup sugar, divided
¼ teaspoon salt
6 eggs, separated
½ cup green creme de menthe
½ cup white creme de cacao
2 cups heavy cream, whipped

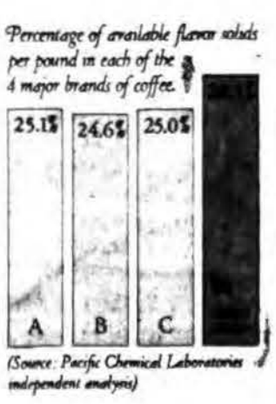
Sprinkle gelatine over water in medium saucepan. Add ½ cup of the sugar, salt and egg yolks; stir until thoroughly mixed. Place over low heat; stir constantly until gelatine dissolves and mixture thickens slightly, about 5 minutes. Remove from heat; stir in creme de menthe and creme de cacao. Chill, stirring occasionally, until mixture mounds slightly when dropped from spoon.

Beat egg whites in large bowl until stiff but not dry. Gradually add remaining ½ cup sugar and beat until very stiff. Fold in gelatine mixture. Fold in whipped cream. Turn into souffle dish that measures 2½-quarts to the rim, with a 2-inch collar. Chill until firm. Remove collar. If desired, garnish souffle with additional whipped cream, and chocolate curls or chopped pistachio nuts. Yield: 12 servings; approximately 13 cups.

Hills Bros Coffee is more than

10% richer than other leading coffees

Percentage of available flavor solids per pound in each of the 4 major brands of coffee.



(Source: Pacific Chemical Laboratories independent analysis)

Coffee is all we make. And we've found a way to make it better. A cup of coffee gets its flavor from what scientists call "available flavor solids." We have developed a new way of blending and roasting that gives our coffee more of these flavor solids than other leading coffees. As the chart shows–13% more, 14% more, even 15% more! You get a cup of coffee that has more flavor, more body, more strength. Even with cream and sugar the richer coffee flavor comes through. Enjoy some soon.

HE-MAN APPEAL FOR MAN-SIZED APPETITES

No Peanut Butter Sandwiches, Please

Meaty Ways to Please

When husbands invite teammates, club members, or neighborhood pals in for an evening of good fellowship and good eating, give them a meal with real he-man appeal. Choose hearty dishes with robust flavor, and serve them in quantity ample enough to satisfy the hungriest.

This man-pleasing menu stars Brawny Beef Turnovers — tender, juicy half-circles of seasoned beef, filled with bacon, onion and celery. Spooned over them is a rich, tasty chock-full-of-mushrooms sauce that echoes the bacon-y good filling mixture.

Brawny Beef Turnovers are so simple to prepare that your weekend chef could whip up this treat himself if he wished. The secret of their wonderful flavor? Condensed golden mushroom soup — rich with mushrooms, fresh country butter and fine sauterne wine, makes the luscious sauce, and part of the seasoning in the beef mixture. So good for cooking purposes and as a ready-to-use with gourmet flair, condensed golden mushroom soup is a real standout served as a soup too.

Round out the menu with a heaping bowl of cabbage slaw, hard crusty rolls, apple pie and plenty of good hot coffee.

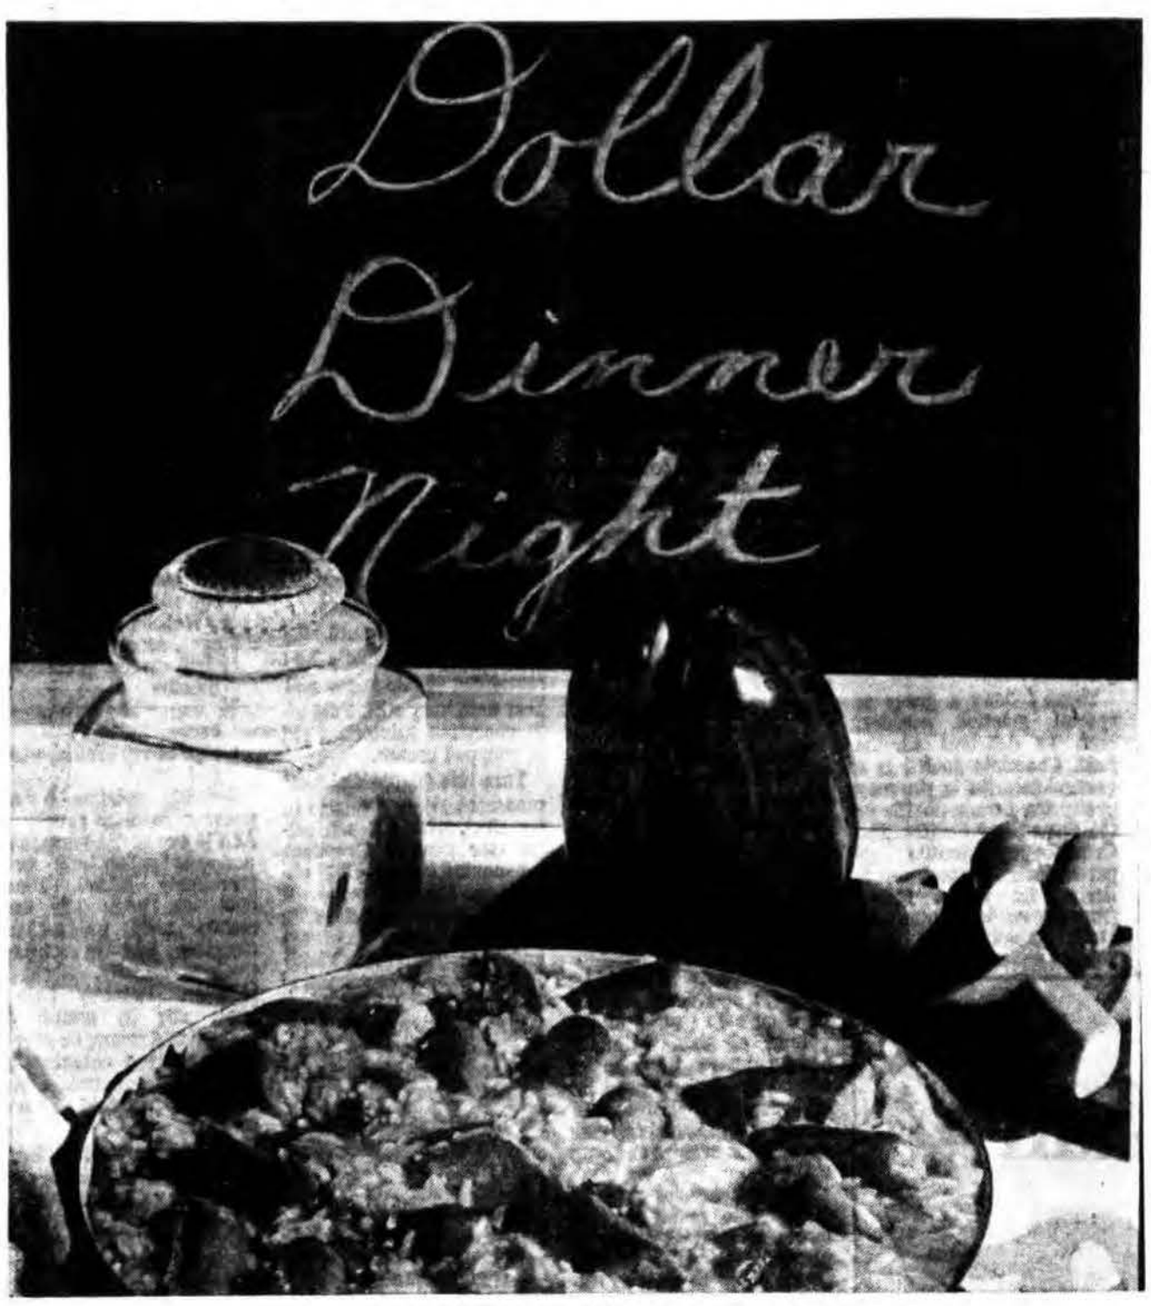
BRAWNY BEEF TURNOVERS

8 slices bacon
1 cup chopped onion
1 cup chopped celery
¼ teaspoon thyme, crushed
3 pounds ground beef
2 cans (10½ ounces each) condensed golden mushroom soup
½ cup dry bread crumbs
½ cup chopped parsley
½ cup water

In skillet, cook bacon until crisp; remove and crumble. In ¼ cup drippings, cook onion and celery with thyme until tender. Thoroughly mix beef, ½ cup soup, crumbs and ¼ cup parsley. On 18-inch wide aluminum foil, divide meat mixture in half; pat out into two 12 inch circles (½ inch thick). Spread half of each circle with onion mixture (save ¼ cup for sauce) and bacon.

With aid of foil, fold meat in half, press edges together; place on cookie sheet. Turn up edges of foil to catch fat. Bake at 400 degrees F. for 25 minutes. In skillet, mix water with remaining soup, parsley, and onion mixture. Heat; stir now and then. Serve with turnovers. Makes 12 servings.

Grocery Budgets Need Not Be Taxed



THINK SAVINGS, THINK CONDENSED SOUP

"Dollar Dinner Night . . ." Particularly during this budget conscious month, those words can be music to the homemaker's ear.

Turning the dollar dinner from a pipe dream to reality is easily possible. Wise buying and the use of economical convenience foods as ingredients can result in easy-on-the-purse meals that are flavorsome, nutritious and appealing.

Mexican Rice Skillet is an example of a good dinner dish whose total ingredient cost amounts to around one dollar for four servings. Too, its zesty flavor makes it a dependable choice even apart from reasons of economy.

Frankfurter pieces and strips of green pepper blend with tender cooked rice and chopped onion in a savory tomato sauce. And this dish has the further virtue of being a "quick-fix," thanks to canned condensed tomato soup as the sauce.

With a supply of handy canned condensed soups on your shelf, your family can enjoy a variety of budget saving meals from hearty soup suppers, to deliciously saucedmain dishes. Next time you think "savings," think "condensed soup."

MEXICAN RICE SKILLET

8 frankfurters diagonally sliced in thirds
½ cup green pepper strips
1-3 cup chopped onion
2 tablespoons butter or margarine
1 can (10¾ ounces) condensed tomato soup
1-3 cup water
3 cups cooked rice
1 tablespoon pickle relish

In skillet, brown frankfurters and cook green pepper and onion in butter until tender. Stir in remaining ingredients. Heat; stir now and then Makes 4 servings.

Clothes Way of Expressing Personality

By DOROTHY WENCK
Orange County Home Advisor

The way you look in the clothes you wear tells people a lot about what kind of a person you are.

The sloppy dresser, for example, gives people an impression of a careless, disorganized person. The hippies choose a mode of dress which sets them off as being "different."

For many people, women in particular, clothes are status symbols. These people usually choose "high style" garments to impress others with their position in the world.

Some look upon clothing as an artistic expression. To them, they are painting a picture with themselves and what they have on. They want their clothes to make them as beautiful as possible.

To others clothing is merely functional. It serves the purpose of preserving modesty (at least minimally!), protecting the body against cold, sun or heat, providing pockets for carrying belongings, etc.

The practical person may want to achieve several of these purposes when he selects clothing. He or she may want the psychological satisfaction of feeling well groomed and "in style" along with comfort, durability, attractiveness and becomingness.

To dress becomingly is an art. It involves some knowledge of the elements of design — space, form, line, color, texture — and how these are combined in a garment to give pleasing effects.

Dressing becomingly also involves self-knowledge. A person must understand his own personal color scheme of skin tone, hair and eye color in order to choose colors which harmonize or enhance these colors.

One must also recognize characteristics of one's own shape — tall or short, thick or thin, long waisted or short waisted, wide hips or narrow hips, broad shoulders or narrow shoulders, small waist or wide waist, and so on.

Only a handful of women have perfect figures. The rest of us have to learn how to make the best of what we've got by creating optical illusions through the use of line and design and by hiding figure faults.

Need some help in this?

Help is at hand in the form of a UC Extension television course titled, "Dressing by Design." This series of five half-hour programs will be shown on educational television station KCET, Channel 28 beginning the first week of May.

The programs will be shown at 4:30 p.m. on Wednesdays, May 1 through 29, and also at 12:30 p.m. on Fridays, May 3 through 31.

To make the course more meaningful, UC Extension clothing specialist Frances Quinn has prepared supplementary reference material for home study. You can receive this material simply by enrolling in the course.

There is no charge to enroll. Just send your name, address and ZIP code number to "Dressing by Design," UC Agricultural Extension Service, 1000 S. Harbor Blvd., Anaheim, 92805. Materials will be mailed to you.

QUESTIONS WE ARE ASKED

Q. My husband and I often argue over the kind of clothing we buy for our school age youngsters. He says we should buy cheap things because they grow out of them before they're worn out. But I think we are better off buying good quality clothing because it is made better and lasts longer. What do you advise?

A. You both have valid reasons for your choice of children's clothing. If the child is going through a stage of rapid growth it may not pay to buy him top quality clothing because, as your husband says, he will grow out of the clothes before they're worn out.

However, it usually does not pay to buy the cheapest clothing available, even for fast growing youngsters. Cheap clothing is frequently made of flimsy materials and is poorly sewn so that it comes apart after a few washings and wearings. Cheap clothing is seldom worth the money spent on it.

My choice would be the moderately priced, middle of the line type clothing. Careful inspection of seams and other points of construction to see that the garment is well made will assure you of greater durability.

Q. Is it possible to freeze strawberries without sugar?

A. Yes, you can freeze strawberries whole without added sugar. However unsweetened berries do not retain their texture as well when frozen and tend to become mushy. It would be best to use these within three months.

A good way to freeze whole berries is to spread them out (after thorough washing and hulling) on shallow trays or pans. Place in freezer until frozen solid. Then pack in plastic bags or freezer containers. These will make a "loose pack" and you can pour out just the quantity needed. Use while still partially frozen to avoid mushiness.

Q. Do you lose much food value when you pour the liquid off of canned vegetables?

A. It depends on the vegetable, but generally speaking you lose about one-third of the vitamin and mineral content when vegetable liquid is discarded.

With a French Touch

'Sweet Charlotee' Earns Praise

The French have made a flair of desserts using milk and eggs because these ingredients are generally plentiful in all sections of the country.

Pastries with cream fillings, charlottes, Bavarians and mousses are extremely popular and are often beautifully molded and garnished.

The charlotte with its milk and cream base is rich and elegant. The only cooking required is the dissolving of unflavored gelatine and sugar in milk. When the mixture has been chilled slightly, whipped cream is added, and the fluffy dessert turned into its circle of ladyfingers. Then it goes into the refrigerator for at least three hours of chilling. For ease of serving, a spring-form pan is suggested; the sides of the pan are easily released and the dessert is complete.

To add the French touch of elegance, garnish with additional whipped cream and shaved chocolate.

IDEA FOR SPECIAL DESSERT JELLS

CHARLOTTE RUSSE

12 ladyfingers
2 envelopes unflavored gelatine
2-3 cup sugar
¼ teaspoon salt
3 cups milk
3 tablespoons brandy, optional, or 1 tablespoon brandy flavoring or rum flavoring
2 cups heavy cream, whipped

Split ladyfingers; cut off one end to stand upright and place around sides of an 8-inch spring-form pan. Mix together gelatine, sugar and salt in saucepan. Stir in milk. Place over medium heat,stirring constantly, until gelatine and sugar are dissolved, about 5 minutes. Remove from heat; stir in brandy.

Chill until mixture mounds slightly when dropped from a spoon. Fold in whipped cream. Turn into prepared pan; chill until firm. To unmold, release spring and remove sides of mold carefully. Garnish with additional whipped cream forced through cake decorator, add shaved chocolate. Yield: 12 servings.

'JUST ONE MEATBALL' WOULD TASTE DELICIOUS

Beef up Family Budget By Cooking as Romans

The American homemaker has long known the food value, economy and just plain good taste of including ground beef frequently in menu planning.

This recipe for Beef and Peppers Roma makes a quick skillet dish that's deliciously seasoned and easy to prepare. It's wonderfully satisfying, so what more could anyone ask of supper?

Italians make liberal use of hot peppers in their cooking, especially in pungent, aromatic tomato sauces. The effect is easily duplicated in American kitchens (and in Italian kitchens, too!) through the use of Tabasco, a liquid pepper seasoning made from tiny, hot red peppers grown only in Avery Island, Louisiana. Try a little Tabasco the next time you serve tomato juice to give it zip, and to pep up bottled French dressing, too.

BEEF AND PEPPERS ROMA

1 teaspoon Tabasco, divided
1 pound ground beef
1 teaspoon salt
¼ cup grated Parmesan cheese
2 tablespoons minced parsley
½ cup packaged dried bread crumbs
1 egg beaten
1 medium onion, chopped
1 can (1 pound) tomatoes
1 can (6 ounces) tomato paste
1 can (3 ounces) mushrooms
4 green peppers, cut into lengthwise pieces
½ teaspoon Italian seasoning
½ teaspoon sugar
1 bay leaf
1 clove garlic

Prepare meat by sprinkling ½ teaspoon tabasco over ground beef. Add salt, cheese, parsley, bread crumbs and egg; mix well. Shape into 12 small balls. Brown meatballs in hot oil in large skillet. Remove and set aside.

Saute onion until tender; add tomatoes, tomato paste, mushroom liquid and remaining ½ teaspoon Tabasco and seasoning. Bring to a boil; add green peppers and mushrooms; cover and simmer 10 minutes, stirring occasionally. Remove bay leaf and garlic clove; add meatballs and simmer 10 minutes longer. Serve with noodles. Yield: 4 generous servings.

Meaty Month of May Features Lots of Beef

May is the month when the nation is all a-bloom with tulip and rose festivals, garden days and apple blossom celebrations.

It's also a month when budding outdoor chefs try their hand at creating meat treats to rival the flowers for nose-pleasing aroma. What more appropriate time could there be for a plentiful supply of beef!

Estimates are that beef supplies will be as liberal as last year's. And more good news — even an amateur cook can win bouquets for his culinary performance because most of this month's beef will be the high quality, corn fed beef that is ideal for outdoor cooking.

Flowers for Mother's Day, May 12, are a long-standing tradition, but in some households mother's little helpers take care of the day's cooking chores. Choose a rolled pork loin roast for meat that's easy to prepare and carve. Salt and pepper and a meat thermometer marked for 170 degrees F., the new lower internal temperature for cooked pork loins, are all you need, and the meal is sure to succeed. Pork supplies will be seasonally lower than winter's high levels but should be slightly more than a year ago.

On May Day, today, the celebration of the season of returning light, a tender spring lamb roast seems called for. This month's supplies should be about the same as a year ago.

As picnic baskets bloom along the countryside, sausage kitchens busily make cold cuts and franks to guarantee a plentiful supply for warm weather fun times.

NEW SEASONING, TOPPING FOR AN OLD STAND-BY

Loaf Wakes Up Via New Twist

Give the old family meat loaf a new twist.

Cranberry Glazed Meat Loaf Ring uses a meat loaf mix . . . the mix with a flavorful blend of tomato flakes, crumbs and spices. Just add meat, eggs and water for tasty meat loaves every time.

Prepare, then pack the meat mixture into a ring mold. Unmold, bake, glaze and garnish and you have a main dish that's great served with fluffy mashed potatoes, a crisp green salad and steaming coffee or frosty-cold milk.

CRANBERRY GLAZED MEAT LOAF RING

1 package meat loaf mix
2 pounds ground chuck
2 eggs
2/3 cup cranberry juice
2/3 cup (8¾-ounce can) pineapple tidbits
1 cup jellied cranberry sauce
1 can (8½ ounces) drained, sliced pineapple

Mix meat loaf mix, chuck, eggs and cranberry juice lightly but thoroughly. Pack into a 5½ cup ring mold. Unmold onto shallow baking pan. Bake in moderate oven (375 degrees F.) 1 hour. Remove from oven.

Drain pineapple tidbits. Save ¼ cup pineapple juice. Combine juice with cranberry sauce. Heat until sauce melts. Spoon over meat loaf ring. Arrange drained tidbits on top of meat loaf ring. Bake 10 minutes longer until top is glazed. Place meat loaf ring on hot serving platter.

Arrange drained, halved pineapple slices around base. Fill center with fluffy, hot mashed potatoes, if desired. Yields 6 servings.

TELEVISION VIEWS
Changes Dues On Networks

By RICK DU BROW

HOLLYWOOD (UPI) — With the television season virtually over, it seems a decent time to stop complaining for a few moments and, instead, recall some network highlights of the past year.

In the news-documentary field since last May, for instance, one thinks of CBS-TV's four-parter on "The Warren Report," and of the same network's "Eric Hoffer: The Passionate State of Mind" and "The Anderson Platoon."

ABC-TV had the four-hour broadcast "Africa," and also "How Life Begins," about the process of birth. NBC-TV had "Khrushchev in Exile — His Opinions and Revelations," and "The JFK Conspiracy: the Case of Jim Garrison," and "Same Mud, Same Blood," and "American Profile: the Forgotten Peninsula," about Baja California.

THERE WAS "The Undersea World of Jacques Cousteau" series on ABC-TV, and National Educational Television offered "Our World," a two-hour live global broadcast. ABC-TV had the three-part "The Rise and Fall of the Third Reich."

NBC-TV was a solid source of good work in its Friday night documentary and "Telephone Hour" excursions. And CBS-TV presented "Hanoi: A Report by Charles Collingwood" and "How Israel Won the War" and "The Weapons of Gordon Parks" and "JFK — The Childhood Years: a Memoir for Television by His Mother."

Among entertainment shows, there were the NBC-TV specials of Frank and Nancy Sinatra, Fred Astaire and Alan King — and two by Jack Paar: "A Funny Thing Happened on the Way to Hollywood" and "A Funny Thing Happened Everywhere." NBC-TV also had "Rowan and Martin's Laugh-In" and the Dean Martin series, and the play "The Hamster of Happiness" on the network's "Experiment in Television" workshop.

CBS-TV, meanwhile, offered "Do Not Go Gentle Into That Good Night" and "Ivanov," and ABC-TV presented "The Diary of Anne Frank," "Of Mice and Men," "A Case of Libel," "Among the Paths to Eden" and "Present Laughter."

Of the individual acting performances, one recalls Nicol Williamson, George Segal and Will Geer —all in "Of Mice and Men"—and Van Heflin and Jose Ferrer in "A Case of Libel," Genevieve Bujold in NBC-TV's "Saint Joan," Peter O'Toole in "Present Laughter" and Melvyn Douglas in "Do Not Go Gentle into That Good Night."

There were Maureen Stapleton and Martin Balsam in "Among the Paths to Eden" and Sir John Gielgud an dRoland Culver in "Ivanov" and Mildred Runnock and Susan Tyrell in "The Hamster of Happiness," and there was Robert Shaw in ABC-TV's "Luther" and Debbie Reynolds in her special on the same network.

OF THE WRITERS, one thinks of Charles Eastman for "The Hamster of Happiness," and Truman Capote and Eleanor Perry for "Among the Paths to Eden," for they remind us that when television is good, no other medium can match its intimacy with an audience.

NBC-TV will present a one-hour prime time program next Tuesday about the Indiana presidential primary elections, pre-empting the Jerry Lewis Show . . .
