RESOLUTION NO. ZA2021-062

A RESOLUTION OF THE ZONING ADMINISTRATOR OF THE CITY OF NEWPORT BEACH, CALIFORNIA, APPROVING LIMITED TERM PERMIT NO. XP2021-032 TO ALLOW TEMPORARY OUTDOOR DINING AREA LOCATED AT 3224 EAST COAST HIGHWAY (PA2021-230)

THE ZONING ADMINISTRATOR OF THE CITY OF NEWPORT BEACH HEREBY FINDS AS FOLLOWS:

SECTION 1. STATEMENT OF FACTS.

1. An application was filed by Lynne Anthony Campbell, owner of The Quiet Woman Restaurant, a property located at 3224 East Coast Highway, and legally described as Lot 4 in Tract 01045, requesting approval of a limited term permit.

2. The applicant proposes approximately 478-square-foot (500-square-foot-maximum) outdoor dining area for up to a one (1)-year term that was previously authorized through Emergency Temporary Use Permit No. UP2020-113 (PA2020-204) for The Quiet Woman Restaurant. The outdoor dining area will be relocated and will only occupy one (1) parking space where previously it occupied seven (7) parking spaces and approximately 2,000 square feet.

3. The subject property is designated CC (Corridor Commercial) by the General Plan Land Use Element and is located within the CC (Commercial Corridor) Zoning District.

4. The subject property is not located within the coastal zone.

5. A public hearing was held on November 10, 2021, online via Zoom. A notice of time, place and purpose of the hearing was given in accordance with the Newport Beach Municipal Code (NBMC). Evidence, both written and oral, was presented to, and considered by, the Zoning Administrator at this hearing.

SECTION 2. CALIFORNIA ENVIRONMENTAL QUALITY ACT DETERMINATION.

1. This project is exempt from the California Environmental Quality Act (CEQA) pursuant to Section 15301 under Class 1 (Existing Facilities) and Section 15303 under Class 3 (New Construction or Conversion of Small Structures) of the CEQA Guidelines, California Code of Regulations, Title 14, Division 6, Chapter 3, because it has no potential to have a significant effect on the environment.

2. The Class 1 exemption includes the operation, repair, maintenance, permitting, leasing, licensing, or minor alteration of existing public or private structures, facilities, mechanical equipment, or topographical features, involving negligible or no expansion of use. The Class 3 exemption includes a store, motel, office, restaurant, or similar structure not involving the use of significant amounts of hazardous substances, not exceeding 2,500 square feet in floor area or 10,000 square feet in floor area in urbanized areas zoned for
such use. The proposed scope of work is a maximum 500-square-foot outdoor dining patio at an existing restaurant for up to a one (1)-year limited term and qualifies under the parameters of the Class 1 and Class 3 exemptions.

3. The exceptions to this categorical exemption under Section 15300.2 are not applicable. The project location does not impact an environmental resource of hazardous or critical concern, does not result in cumulative impacts, does not have a significant effect on the environment due to unusual circumstances, does not damage scenic resources within a state scenic highway, is not a hazardous waste site, and is not identified as a historical resource.

SECTION 3. REQUIRED FINDINGS.

In accordance with Section 20.52.040.G (Limited Term Permits) of the Newport Beach Municipal Code, the following findings and facts in support of such findings are set forth:

Finding:

A. The operation of the limited duration use at the location proposed and within the time period specified would not be detrimental to the harmonious and orderly growth of the City, nor endanger, jeopardize, or otherwise constitute a hazard to the public convenience, health, interest, safety, or general welfare of persons residing or working in the neighborhood of the requested limited duration use;

Facts in Support of Finding:

1. The limited term permit will allow an outdoor dining patio for up to a one (1)-year term while the City reconsiders its parking requirements related to food service uses. The existing food service use is authorized through Use Permit No. UP1097.

2. The outdoor dining area has not posed a hazard to the general welfare of persons residing in the area since it was placed during the COVID-19 pandemic in 2020 through an Emergency Temporary Use Permit No. UP2020-041 (PA2020-115). The revised outdoor dining area will be greatly reduced in size (approximately 2,120 square feet to approximately 478 square feet). The operation of the expanded dining area is limited to up to a one (1)-year term and has been reviewed and conditioned to preclude any detriment to the general welfare of the area.

3. Outdoor dining areas are common along the commercial corridor in Corona del Mar (CdM), have been used at the subject property during similar hours in the past, and the use has not proven detrimental. The existing hours of operation for the interior of the restaurant are limited until 2 a.m., daily. As conditioned, the temporary outdoor dining area will close by 10:30 p.m., daily.

4. The proposed operation is conditioned to be accessible to all persons, including those with disabilities, in accordance with the Americans with Disabilities Act (ADA).
5. The permitted use shall adhere to applicable State of California and Orange County Health Care Agency guidelines for the safe operation of the use. It is the responsibility of the permittee to implement and follow industry-specific guidance of the State of California and the Orange County Health Care Agency guidelines.

6. The permitted use must be operated in compliance with applicable State Department of Alcoholic Beverage Control (ABC) requirements.

7. The overall plan includes appropriate delineation of outdoor use spaces with temporary physical barriers or markers.

Finding:

B. The subject lot is adequate in size and shape to accommodate the limited duration use without material detriment to the use and enjoyment of other properties located adjacent to and in the vicinity of the lot;

Facts in Support of Finding:

1. The subject lot is approximately 0.08 acres in size and is relatively flat. The existing food service use has operated since its original approval in 1965. Based upon the site plan, there is adequate area to accommodate the temporary outdoor dining area without impacting pedestrian circulation and parking. The proposed outdoor area will only use one (1) parking space.

2. The lot frontage is on East Coast Highway and the use is within a shared building with other commercial uses. The existing food service use has existed at this site since 1965. The expanded outdoor dining use will not impede use and enjoyment of the properties in the area and will instead add to the ambiance and character of the Corona del Mar area.

3. The expanded dining area will not impede any parking spaces. No traffic or site circulation issues are anticipated.

Finding:

C. The subject lot is adequately served by streets or highways having sufficient width and improvements to accommodate the kind and quantity of traffic that the limited duration use +would or could reasonably be expected to generate;

Facts in Support of Finding:

1. The subject lot is accessed from the alley and parking is provided adjacent the alley.

2. The temporary outdoor dining will use one (1) parking space. It will have substantial barriers to protect the area from the drive aisles and parking areas and will not encroach into the drive-aisles.
Finding:

D. Adequate temporary parking to accommodate vehicular traffic to be generated by the limited duration use would be available either on-site or at alternate locations acceptable to the Zoning Administrator; and

Fact in Support of Finding:

1. The temporary outdoor dining will use one (1) parking space with appropriate delineation and temporary substantial physical barricades. Sufficient parking remains available to serve all uses on the property.

Finding:

E. The limited duration use is consistent with all applicable provisions of the General Plan, any applicable specific plan, the Municipal Code, and other City regulations.

Facts in Support of Finding:

1. The General Plan land use designation and Zoning designation for this site is CC (Commercial Corridor). The CC designation is intended to provide a range of neighborhood-serving retail and service uses along street frontages that are located and designed to foster pedestrian activity. The temporary outdoor dining use is accessory to the existing food service use with outdoor dining, will be utilized for a limited duration on-site, and will contribute to the neighborhood serving use.

2. The Limited Term Permit for expanded outdoor dining would complement and be consistent with the other commercial uses permitted within the Commercial Corridor in that it provides amenities that support the visitors to the area and provides a social gathering place for those who live and work in the neighborhood, consistent with General Plan Land Use Element Goal LU2, below. Additional benefits from the proposed amendment include providing opportunities for the continuation of local businesses that generate sales tax and provide opportunities for employment, which is consistent with General Plan Land Use Element Policy LU 2.4 (Economic Development), also copied below:

**Goal LU 2** A living, active, and diverse environment that complements all lifestyles and enhances neighborhoods, without compromising the valued resources that make Newport Beach unique. It contains a diversity of uses that support the needs of residents, sustain and enhance the economy, provide job opportunities, serve visitors that enjoy the City’s diverse recreational amenities, and protect its important environmental setting, resources, and quality of life.

**Policy LU 2.4 Economic Development** Accommodate uses that maintain or enhance Newport Beach’s fiscal health and account for market demands, while maintaining and improving the quality of life for current and future residents. (Imp 1.1, 24.1)
3. Council Policy D-9 recognizes the need to balance economic development objectives with protection of the environment and the health and safety of the community. The policy recognizes the need to provide effective and efficient structures for implementing economic programs, utilizing staffing to provide healthy, thriving businesses, and maintain a healthy economy while preserving the unique commercial villages in Newport Beach. The proposed limited term permit would support a local business and economic prosperity while maintaining the unique character of the Corona del Mar.

4. The site is not located within a specific plan area.

SECTION 4. DECISION.

NOW, THEREFORE, BE IT RESOLVED:

1. The Zoning Administrator of the City of Newport Beach hereby finds this project is categorically exempt from the California Environmental Quality Act pursuant to Section 15301 under Class 1 (Existing Facilities) and Section 15303 under Class 3 (New Construction or Conversion of Small Structures) of the CEQA Guidelines, California Code of Regulations, Title 14, Division 6, Chapter 3, because it has no potential to have a significant effect on the environment.

2. The Zoning Administrator of the City of Newport Beach hereby approves Limited Term Permit No. XP2021-032 subject to the conditions set forth in Exhibit A, which is attached hereto and incorporated by reference.

3. This action shall become final and effective 14 days following the date this Resolution was adopted unless within such time an appeal or call for review is filed with the Community Development Director in accordance with the provisions of Title 20 Planning and Zoning, of the Newport Beach Municipal Code.

PASSED, APPROVED, AND ADOPTED THIS 10TH DAY OF NOVEMBER 2021.

Jaime Murillo
